A resolution has been prepared authorizing the City Administrator, on behalf of the City of Oakland, to accept and appropriate grant funds in the amount of \$65,021.48 from the University of California at Berkeley, Traffic Safety Center, serving as fiscal agent for the State of California, Office of Traffic Safety. The funds will be used to offset overtime and reporting costs for the Department's continued participation in the Sobriety Checkpoint Program. A total of four sobriety checkpoint operations shall be conducted throughout the program term of October 1, 2008 through September 30, 2009.

FISCAL IMPACT

Approval of this resolution will authorize the City Administrator to accept and appropriate \$65,021.48 in grant funds from The State of California, Office of Traffic Safety to the Oakland Police Department for use in conducting sobriety checkpoint operations throughout the program period of October 1, 2008 through September 30, 2009. Revenues and appropriations for overtime will be allocated in the State of California Grant Fund (2999), Traffic Enforcement Division-Organization (107510), Traffic Enforcement Program (PS14), in a Project to be determined. The program will be managed by the Traffic Operations Section Commander. BACKGROUND

Although California has made positive strides in the fight against Driving Under the Influence (DUI), alcohol-involved fatalities remain prevalent both nationally and in California. Studies conducted in California and other states have shown that cities that conduct sobriety checkpoints see substantial reductions in alcohol-involved crashes. Additionally, organizations such as Mothers Against Drunk Driving, the National Highway Traffic Safety Administration, and the National Transportation Safety Board call sobriety checkpoints one of the most important DUI counter-measures available to law enforcement.

KEY ISSUES AND IMPACTS

The Police Department's Traffic Section is consolidated under a unified command and has taken steps to improve traffic safety through law enforcement, inclusive of enactment of sobriety checkpoint operations. Traffic officers and supervisors receive ongoing training in the establishment and operation of checkpoints and the Traffic Section has computerized its reporting and record-keeping procedures as they relate to DUI, blood-alcohol test results, and collision information.

PROJECT DESCRIPTION

Local Law Enforcement agencies employ the Sobriety Checkpoint Program to reduce the number of people injured and killed in alcohol involved crashes. Over the course of the

The specific project dates are December 12, 2008 - January 3, 2009, and August 21, 2009 - September 7, 2009. The Police Department will conduct additional checkpoints outside of the major mobilization periods.

SUSTAINABLE OPPORTUNITIES

Economic: The indirect economic benefits associated with removing/keeping alcohol-impaired drivers off City streets are significant in terms of life and property protection.

Environmental: No environmental issues have been identified.

Social Equity: The services provided by the Police Department's participation in the Sobriety Checkpoint Program will assist the community through improved police services and enhanced police-community relations.

DISABILITY AND SENIOR CITIZEN ACCESS
