**CITY OF OAKLAND  
COUNCIL AGENDA REPORT**

**TO:** Office of the City Manager  
**ATTN:** Deborah Edgerly  
**FROM:** Community and Economic Development Agency  
**DATE:** November 4, 2003  
**RE:** RESOLUTION APPROVING AND CONFIRMING THE ANNUAL REPORT OF THE LAKESHORE/LAKE PARK BUSINESS IMPROVEMENT MANAGEMENT DISTRICT ADVISORY BOARD AND THE CONTINUING ANNUAL ASSESSMENT FOR THE LAKESHORE/LAKE PARK BUSINESS IMPROVEMENT MANAGEMENT DISTRICT FOR FISCAL YEARS 2003/04

---

**SUMMARY**

Pursuant to the City of Oakland's Business Improvement Management District Ordinance (Ordinance# 12190 C.M.S., 1999) and the Neighborhood Business Improvement District Program (Resolution# 75323 C.M.S., 1999) a resolution approving and confirming the annual report of the Lakeshore/Lake Park Business Improvement Management District advisory board and the continuing annual assessment for the Lakeshore/Lake Park Business Improvement Management District for fiscal year 2003/04 has been prepared.

The City Council must adopt the above resolution to approve on-going services within the district.

**FISCAL IMPACTS**

No new fiscal impact is anticipated.

Amounts associated with assessment collections and disbursements will be paid for by the proposed assessment district. All other costs related to administration of the BID Program by City staff are already included in the Community and Economic Development Agency's current approved budget.

**BACKGROUND**

The Lakeshore/Lake Park BIMD was established on July, 16, 2002, (Resolution #77280 C.M.S) for a period of ten years.

Item *10-2500*  
City Council  
November 4, 2003

The district encompasses approximately 47 parcels along 5 blocks of Lakeshore and Lake Park Avenues as well as portions of nearby Rand Avenue and Wesley Way. Collections for the district are projected at approximately \$139,600 per year subject to a discretionary 5% per year maximum increase over the ten-year period of the BIMD.

Assessments are collected by the County of Alameda as a line item to the annual property tax bill of each owner, and are remitted to the City minus the County's collection fee (approximately 1.7% of total assessment). An agreement between the City and the Lakeshore Avenue Business Improvement District, the non-profit Lakeshore/Lake Park BIMD management corporation, allows for the disbursement of funds less any City costs of processing the disbursement.

The BIMD model for economic development has been successfully used in other commercial neighborhoods throughout the country and throughout Oakland, including in the Fruitvale district (established 2001), the Montclair district (established 2001), and the Rockridge district (established 2000).

Revenues generated by BIMDs are applied to a variety of local improvements and services beyond those already provided by existing municipal services. Examples include enhanced maintenance services, security, marketing and promotions, special events, parking and transportation services, economic development activities, capital improvements, and human services.

#### **KEY ISSUES AND IMPACTS**

There is no anticipated adverse impact associated with the approval of the proposed resolution.

In terms of positive impacts, adoption of the resolution will enable the Lakeshore/Lake Park BIMD to continue providing enhanced district services which lead to increased property, sales and business tax revenues as well as increased job opportunities and the improved economic development of commercial neighborhoods.

#### **PROGRAM DESCRIPTION**

Planned services for FY 2003/04 are outlined in the annual report filed by the Lakeshore/Lake Park BIMD advisory board and include a security program to reduce street disorder and prevent crime and a street maintenance program including trash removal, landscaping, and sidewalk cleaning. Also planned is promotion of special events and new district banners. These program activities build on the efforts and successes of the previous Lakeshore BIMD which worked to revitalize the area from 1997-2002.

## **SUSTAINABLE OPPORTUNITIES**

**Economic:** The proposed levy will fund activities which are intended to support the eventual increase of property, sales, and business tax revenues as well as increased job opportunities and economic development of the Lakeshore/Lake Park commercial district.

**Environmental:** The proposed levy will enable the Lakeshore/Lake Park BIMD to continue its efforts to strengthen and beautify the physical image of the existing neighborhood commercial area through the use of enhanced sidewalk and street cleaning and maintenance. Attractive new banners, directional signage and holiday decorations will also uplift and unify the district's appearance.

**Social Equity:** BIMDs incorporate all members of a business community into a productive and proactive entity representing the interests of that community. Administration of the cash flow generated by the district itself contributes to local merchant self-empowerment and provides enhanced services for the overall physical and economic betterment of the district.

## **DISABILITY AND SENIOR ACCESS**

Passage of the proposed resolution has no direct implications for disability and senior access. However, the BIMD's efforts toward revitalization may encourage businesses to continue to abide by applicable state, federal and local codes and legislation regarding disability and senior access. Improved public safety and security provided by the BIMD could also serve to make the area safer and more accessible to all visitors, including senior citizens and disabled persons.

## **RECOMMENDATION(S) AND RATIONALE**

Adoption of the attached resolution will support the continuance of the Lakeshore/Lake Park BIMD and its planned activities.

Such business improvement districts represent a proactive effort on the part of neighborhood business owners to improve the conditions and image of their area and to assist in the economic revitalization and physical maintenance of their respective commercial corridors.

Additionally, because BIMDs are self-initiated, self-funded, and self-administered entities, there are no anticipated fiscal impacts for the City associated with continuance of the Lakeshore/Lake Park BIMD, other than those already provided for in previous legislation. Consequently, the Lakeshore/Lake Park BIMD should be viewed as a positive self-help model for other neighborhood commercial areas. Accordingly, staff recommends that the City Council adopt the resolution confirming the annual report of the Lakeshore/Lake Park

EXHIBIT A

(to resolution approving and confirming the Lakeshore/Lake Park BIMD annual report and continuing assessment for FY 03/04)

Annual Report to City Council  
Fiscal Year 2002-03

1. Proposed Changes in the Boundaries of the BIMD.

None.

2. Improvements and Activities Provided During Fiscal Year 2002-2003

The sidewalk and the gutters are swept/picked up seven days a week on both sides of Lakeshore Avenue. Once a month the sidewalks are steam cleaned. The daily sweeping and monthly steamcleaning have made a big improvement on Lakeshore. Private security is provided seven hours a day, seven days a week. Lakeshore has numerous gardens in the treewells, which were planted and maintained in most of the larger treewells. They have grown into small jungles. The gardeners also plant fresh flowers about three times a year before any major event.

The BID also maintains the Necklace of Lights along Lakeshore. Lightbulbs are purchased and changed once or twice a year by professional electricians. This is extremely expensive project due to the cost of renting a truck with a cherry picker. As a result, it is necessary to wait until a sufficient number of bulbs are out before contracting out for the job.

The BID also provides promtional funds to the Lakeshore Business Association in the following amounts: \$5000 a year for a fine art festival and \$1000 four times a year for discounted adverstising spread among the various newspapers during holiday periods. Last year we purchased a new banner for the Christmas holiday shopping period. In the coming year we expect to purchase new banners for the light poles on Lakeshore and Lake Park to replace very weathered banners. The BID director works with the merchant director to produce a monthly merchant newsletter and attends the monthly merchant meetings in order to keep abreast of merchat concerns. The BID director also attends local community meetings and recruits community members to the board. The BID Board and Director regularly meet with the City Council Member and city staff, taking part in the Oakland Merchant Leadership Forum and Shop Oakland.

3. Improvements to be Provided During Fiscal Year 2003-2004

All of the above activities will continue plus:

The property owners voted to create a renewed district which added properties along Lake Park Avenue from Lakeshore Avenue to the corner of Walker last year. Services similar to those performed on Lakeshore were instituted starting in January of 2003. Only one side of Lake Park Avenue is in the expanded BID, that is, the side with shops on it. There is noticeable improvement from

the daily sidewalk cleaning, gutter cleaning, and monthly steam cleaning on Lake Park but due to the fast food establishments, the adjacent freeway, and bus stop; it is turning out to be more difficult and expensive than first estimated by the board. A private security patrol is provided on both avenues for 7 days a week, seven hours a day.

When Lake Park Avenue properties were incorporated into the new Lakeshore/Lake Park BIMD, The Grand Lake Neighborhood Crime Prevention Council volunteered to plant the treewells on Lake Park and to install the decorative, concrete planters that adorn the front window spaces of the stores. The NCPC also obtained donated plants. The BID funded the purchase and the Director helped with the planting. The merchants were provided with watering cans and the BID Director, whose office is on Lake Park, waters the treewells and monitors the planters.

#### 4. Estimate of the Cost of Providing the Improvements and Activities for 2003-04

Please see attached budget.

#### 5. Method and Basis of Levying the Assessment

The assessments will be collected by Alameda County through property tax collection and turned over to the City Treasury office which forwards them to the Lakeshore/Lake Park Advisory Board. The basis for assessment will remain as in the previous PBID, using frontage costs of \$21.86 per linear foot per year and using lot size per square foot of \$.25 per year per year factored together.

#### 6. Surplus or Deficit for Fiscal Year 2003-04

The budget planned for at the beginning of this year totaled \$141,000 with a \$4500 reserve. The actual funds received have totaled \$139,000 (possible missing parcel when the new BID was formed). Accordingly, there will only be a reserve of \$2500.

#### 7. Contributions from Other Sources

None.
