Because of the City of Oakland's "Seismic Retrofit: Leimert Blvd. Bridge over Sausal Creek, Bridge No. 33C0215" (also referred to as "Sausal Creek Bridge at Leimert Boulevard Retrofit"), the City of Oakland proposes to seismically retrofit the Leimert Boulevard Bridge (#33C0215). Project work includes wrapping carbon fiber reinforced polymer (CFRP) around concrete members; applying a mortared finish over the CFRP wrap; application of localized shotcrete; removal and replacement of existing AC overlay with a polyester concrete overlay; removal of graffiti paint; patching of spalled concrete; and repair or replacement of the existing chain link fence. In the City of Oakland, county of Alameda, this affects your facilities: 16" gas line as shown on the attached Owner's Installation plan (PM #35147842) pages 1-2, dated 3/9/2020, also called out on Agency's U-1 and U-2 sheets, dated 8/21/2020.

You are hereby ordered to: install new 16" gas line once Project Contractor completes bridge construction. As mutually agreed, Owner will be allowed to perform work using the Project Contractor's scaffolding.

Your work schedule shall be from: after construction April 29, 2022 to May 26, 2022.

PG&E shall receive 30-day advance notification confirming the date crews can access the site.

Notify the Project Engineer, Mustafa Humran at telephone 510-238-2954, 72 hours prior to initial start of work, and an additional 24 hours notification for subsequent starts when the work schedule is interrupted.

Liability is 100% Owner pursuant to City franchise.
