

APPROVED AS TO FORM AND LEGALITY

Paul A. Hirsch (PAB-11, 2020 14/01/21/ST)
CITY ATTORNEY'S OFFICE

OAKLAND CITY COUNCIL

RESOLUTION NO. 91074 C.M.S.

RESOLUTION AUTHORIZING THE CITY ADMINISTRATOR TO ENTER INTO A PROFESSIONAL SERVICES AGREEMENT WITH BIGGS CARDOSA ASSOCIATES, INC. TO PROVIDE SPECIAL INSPECTION AND MATERIAL TESTING SERVICES FOR THE ADELINE BRIDGE SEISMIC RETROFIT PROJECT (PROJECT NO. 1000967) FOR AN AMOUNT NOT TO EXCEED TWO HUNDRED THOUSAND DOLLARS (\$200,000); AND ADOPTING APPROPRIATE CALIFORNIA ENVIRONMENTAL QUALITY ACT FINDINGS

WHEREAS, the City of Oakland (City) completed the construction documents for the Adeline Street Bridge Seismic Retrofit Project (Project No. 1000967) and requested authorization from the California Department of Transportation (Caltrans) to proceed with construction; and

WHEREAS, the City secured preliminary approval from Caltrans for \$3,385,166 in Federal Highway Administration Highway Bridge Program funds, allocated to Department of Transportation Fund (2116), Engineer Design: Project Management Organization (92270), Adeline Bridge Retrofit Grant Project (1000967) for the construction phase of the Adeline Street Bridge Seismic Retrofit Project; and

WHEREAS, the proposals received for the project were analyzed by the Department of Workplace and Employment Standards for Equal Benefits Ordinance compliance, as required by the federal grant; and

WHEREAS, in October 2025, the U.S. Department of Transportation suspended all Disadvantaged Business Enterprise (DBE) contract goal setting, counting, and compliance monitoring under its DBE program, and consistent with Caltrans Office Bulletin #25-07, DBE goals and good-faith efforts were not applied in the award determination for this project; and

WHEREAS, the cost of the inspection services, in the amount of \$200,000, will be reimbursed by the federal grant funding and local matching funds; and

WHEREAS, Biggs Cardosa Associates, Inc. (BCA), was selected through a competitive request for proposals process to provide inspection services for the Adeline Street Bridge Seismic Retrofit Project; and

WHEREAS, funds for these inspection services, in the amount of \$200,000, will be available in the following funds: Department of Transportation Fund (2116) and Measure KK Fund (5337); Project 1000967; and

WHEREAS, the City lacks the equipment and qualified personnel to perform the necessary work, and the City Council finds that contracting for these services is in the public interest due to economy and efficiency; and

WHEREAS, the City Council has determined that this contract is professional, scientific or technical, is temporary, and will not result in the loss of employment or salary by any person having permanent status in the competitive service; now, therefore, be it

RESOLVED: That the City Administrator is authorized to enter into a professional services agreement with BCA to provide special inspection and material testing services in an amount not-to-exceed \$200,000 contingent upon the availability of funding; and be it

FURTHER RESOLVED: Because BCA also served as the Engineer of Record for the project design, the City Council finds that the City's interests will be protected through contract provisions requiring disclosure and management of any actual or potential conflicts of interest, maintaining the City's final authority over acceptance of work and interpretation of contract requirements, and ensuring that inspection and testing services are performed consistent with federal and state requirements; and

FURTHER RESOLVED: That the City Administrator is authorized to approve any subsequent amendments or extensions of the agreement, except those that increase the total contract amount, provided such amendments or extensions are filed with the City Clerk's Office; and be it

FURTHER RESOLVED: That this project is exempt from the California Environmental Quality Act (CEQA) pursuant to applicable provisions of the CEQA Guidelines, including Sections 15301 (Existing Facilities) and 15302 (Replacement or Reconstruction), and Section 15061(b)(3) (Common Sense Exemption), as the work involves seismic retrofit and preventive maintenance of an existing bridge facility and will not result in a significant effect on the environment; and be it

FURTHER RESOLVED: That the City Administrator shall file a Notice of Determination/Exemption with the Clerk of the County of Alameda for the project described in this resolution; and be it

FURTHER RESOLVED: That the contract shall be reviewed and approved by the City Attorney for form and legality and placed on file with the Office of the City Clerk.
