Economic: Special Events bolster the cultural identity of Oakland, fortifying the City as a destination, and creating positive publicity resulting in varying levels of economic return. Their activities generate local sales taxes and revenues for city and local businesses. Many Oakland grantee organizations have received international notoriety and draw large crowds for their performances or art work at the events

Environmental: There are no environmental opportunities or benefits resulting from any action outlined in this report.

Social Equity: Special Events occur in all seven Council Districts. The audiences at these events reflect Oakland's diverse community and rich cultural heritages. They create a sense of belonging and civic pride.
