# AGENDA REPORT

**TO:** Sabrina B. Landreth  
City Administrator

**FROM:** Ryan Russo  
Director, DOT

**SUBJECT:** Major Encroachment Permit at  
1431 Jefferson Street

**DATE:** June 10, 2019

City Administrator Approval

Date:

## RECOMMENDATION

**Staff Recommends That The City Council Approve A Resolution Authorizing The City Administrator or Designee to Grant A Conditional And Revocable Major Encroachment Permit To Jefferson Street Hotel, LLC, A Delaware Limited Liability Company, To Allow Portions of The New Building Above Grade At 1431 Jefferson Street To Encroach Into The Public Right-Of-Way On 15<sup>th</sup> Street and Jefferson Street, Major Encroachment Permit ENMJ19055.**

## EXECUTIVE SUMMARY

Approval of this resolution will authorize the City Administrator or designee to issue a conditional and revocable Major Encroachment Permit to document and regulate new encroachments in the public right-of-way at 1431 Jefferson Street. The development consists of a new eighteen-story hotel building with 276 rooms.

Approximately 834 square feet of living space encroachments above ground is created into the public right-of-way. The encroachment permit requires the property owners to comply with the conditions of approval issued by the City of Oakland Planning and Building Department.

## BACKGROUND / LEGISLATIVE HISTORY

Oakland Municipal Code (OMC) Chapter 12.08 requires a major encroachment permit for building elements into the public right-of-way as stated in the OMC Section 15.04.3.2285 for revisions to the California Building Code (CBC) Section 3202 and for encroachments that will exceed those limits.

The Planning Department had approved the development (permit number PLN17033) to construct an eighteen-story hotel building with 276 rooms. The proposed conditional and revocable Major Encroachment Permit (Permit number ENMJ19055) to be issued to Jefferson Street Hotel, LLC, a Delaware limited liability Company, allows for bay windows of the new building to encroach into the public right-of-way facing 15<sup>th</sup> Street and Jefferson Street by approximately three feet, beyond the limits allowed in the OMC Section 15.04.3.

Item: \_\_\_\_\_  
City Council

## **ANALYSIS AND POLICY ALTERNATIVES**

**Exhibit B** to the Resolution is the Indenture Agreement to be executed between the City and Permittee, which sets out the conditions and obligations of the revocable Major Encroachment Permit. This Permit and the Indenture Agreement will hold the property owners liable and responsible for private improvements constructed in the public right-of-way and allows for construction and maintenance of encroachments.

Encroachments in this permit are for the building elements extending into the public right-of-way beyond the limits shown in the Oakland Building Code (section 15.04.3.2285). Building elements include covered living space extending approximately three feet into the public right-of-way along 15<sup>th</sup> Street and Jefferson Street.

Encroachments were approved by the Planning Department. Encroachments do not currently impact the use of the sidewalk fronting the property nor do they obstruct the path of travel for pedestrians or persons with disabilities. The encroachments meet City standards and are described in more detail in **Exhibit A** to the Resolution.

The Major Encroachment Permit includes an agreement allowing the City to revoke the Permit if in the City's best interest and require the property owners to remove the encroachments and restore the public right-of-way. Because the Permit authorizes habitable space within the right-of-way, which in the future may need to be removed, the Indenture Agreement requires the property owners to record a Notice to Prospective Purchasers of the enclosed habitable space. In addition, City Council may direct staff to include other conditions as the location and nature of the proposed encroachments may require for the public health, safety and appearance.

Approximately 834 square feet of living space encroachments above ground is created into the right-of-way.

The proposed encroachments are not currently expected to interfere with public use of the right-of-way or buried utilities and will not endanger the public welfare and convenience.

## **FISCAL IMPACT**

There is no fiscal impact to the City associated with this Major Encroachment permit. Staff costs for processing the proposed encroachment permit are covered by fees set by the Master Fee Schedule and have been paid by the Applicant.

## **PUBLIC OUTREACH / INTEREST**

This item did not require special public outreach other than the required posting on City's website.
