Oakland's Community Jobs Oversight Commission

To Mayor Jean Quan,

My name is Mark Henderson and I am writing this letter to be considered as a Commission Member for the Community Jobs Oversight Commission. I have long had an interest in as well much of my experience has been in workforce policies as well as employment & training sector and being raised in Oakland and attending many of schools in currently working for the City of Oakland I always wanted to utilize my talents and find a way to give back to this city.

I have nearly twenty years of experience in policy, program administration, youth leadership development, contract compliance and workforce development, this experience would be valuable when it comes to program/measure oversight. Currently I am the Interim Manager for Oakland Unite Violence Prevention Programs in the City of Oakland's Department of Human Services. Oakland Unite programs are funded by local Measure Y dollars along with leveraged federal and state grants. As you know these funded programs provide an array of intensive services to youth and young adults most likely to be involved in violence, building on positive assets and resilience in individuals, families and communities. My prior job experience includes key roles in youth reentry, employment and education for the City of Oakland, Youth Employment Partnership Inc., Oakland Private Industry Council, and Southern Nevada Community Colleges. Lastly I hold a Masters in Organizational Management and a Bachelor of Arts in Radio TV and Film. From my above mentioned experience I feel I would be a perfect fit in helping to provide governance to this measure.

As I understand it, The Community Jobs Oversight Commission will oversee all faucets of employment opportunities that will exist during the redevelopment of the Oakland Army base and is a board I thought might be most in lined with my experience and interest. Apart of my inquiry is to see if there currently any vacant appointments available. If so I wanted to find out the best way to inquire about possible vacant seats on this board. Thank you for taking the time to read my letter of interest.

MARK HENDERSON

Re: Letter of Interest - Oakland Army Base Community Jobs Oversight Commission

Dear Mayor Quan,

Pursuant to the recent creation of the Oakland Army Base Community Jobs Oversight Commission, I would like to express my interest in serving as a member. I have been involved in the OAB project for the past 4 years, during which I have witnessed the tenacity required to secure funding, execute the body of agreements, and engineer plans to allow the vision of the OAB to advance into construction. With the commencement of the construction phase and the promise of thousands of jobs, the years ahead will require a continued open dialogue between all stakeholders to ensure the project meets its goals and objectives. I stand ready to offer my continued participation towards the implementation of the project agreements, and to maintain the momentum that will allow the Oakland Global project and related benefits to be fully realized.

Transparency, accuracy and dissemination of hiring and employment information will be vital to accomplishing performance goals for this project. In order to encourage those tenets, one of my recent undertakings as a Project Manager at California Capital & Investment Group involved working with the Design-Build Contractor, West Oakland Job Resource Center and Contract Compliance Department to create a proprietary, real-time reporting system that displays employment and hiring percentages on a publicly accessible website. As a member of the Committee, I would endeavor to share factual information in order to facilitate informed discussions and ensure compliance with the jobs policies. My resume, which is enclosed, contains additional information on my experience and roles on the OAB project. Please contact me if you have any questions or require further information on my candidacy.

Thank you for your time and consideration.

Respectfully,

To whom it may concern,

This letter serves as an official request to consider the appointment of Andreas Cluver to the City Of Oakland's Oakland Army Base Oversight Commission. Mr. Cluver is the Secretary Treasurer of the Building and Construction Trades Council of Alameda County (BCTCAC), which represent 28 unions in the construction sector that encompasses a membership of over 40,000 men and women living and working in Alameda County. The BCTCAC has been one of the key stakeholder groups in the process and would represent a Labor seat on the Commission.

Mr. Cluver and the BCTCAC have been involved in the stakeholder process around the community and jobs benefits for the Army base since the formal process was initiated in 2010. Mr. Cluver has attended almost every meeting relating to this process and has been a strong advocate for a process that would ensure that Oakland's disadvantaged residents have access to the Union Apprenticeship programs through the work on this project. Given that the affiliates of the BCTCAC will be representing all the construction workers on the Oakland Army Base project, the participation of the BCTCAC on the Oversight Commission would be essential to the success of the Commission's mission.

Mr. Cluver, whose resume is attached, also has over 20 years working in the field of construction employment having worked as a community advocate, City of Oakland Compliance Officer, Labor-Management Compliance Officer, and Union Representative in this field. His career has been dedicated to ensuring not only that the workers have a voice on the construction site, but also to ensure that the worker and the unions that represent them are reflective of the communities in which the work is being performed.

We sincerely hope that you will consider Mr. Cluver's name will be considered and he would be available at any time to answer any question or address any concerns that you may have.

Sincerely,

Mayor Jean Quan
City of Oakland
1 Frank Ogawa Plaza
Oakland, CA 94612

Dear Honorable Mayor Quan.

Please accept my letter of intent and resumé for consideration for one of the Revive Oakland seats on the Community Jobs Oversight Commission.

As a fifty year West Oakland homeowner, I have seen so many changes in our neighborhood and in our city. Today, I'm ready for changes that will help put our folks to work and again open our small businesses. That's why I have been involved with the redevelopment of the Army Base for the last seven years.

We have too many people in our town that are out of work. The redevelopment of the old base is a great opportunity to create good jobs, both for young people and for middle aged people looking for work. When people have good jobs, our community is stronger, crime is lower and kids want to stay in school because they have something to look forward to.

When I worked on the Army Base, on and off for seven years, I saw what a thriving center of opportunity and community the Base could be. When the Base closed and all those jobs went with it, Oakland was hit hard. As a former worker at the Army Base, I know how jobs at the Base can feed our community. I believe we can bring that opportunity back to Oakland – and that we are on the right track to making it happen.

Today, as a mother of two, a grandmother of five and a great grandmother of two, I am deeply committed to seeing this vision through and creating a better quality of life for our children. My hope is that the Oversight Commission will be one piece of making sure that this project creates the meaningful opportunities for Oakland residents that we have all envisioned.

Thank you for your consideration.

Dear Honorable Mayor Quan,

I am pleased to submit my letter of intent and résumé for one of the Revive Oakland seats on the Community Jobs Oversight Commission.

The Oakland Army Base is a critical opportunity to connect local workers with meaningful employment. We are all too familiar with Oaklanders' need for good jobs that will help families stay in their homes, bring peace to our neighborhoods, and revive our town.

For the last six years, I have been deeply involved with ensuring the redevelopment of the old Oakland Army Base delivers on the promise of good jobs for local residents. From advocating for port-related uses to building broad community consensus to developing policy proposals to negotiating the final agreements, I have been intimately involved with the Community Jobs Policies and Cooperation Agreement adopted by the City in 2012. I continue to participate in the implementation of these agreements, particularly in the establishment of the West Oakland Job Resource Center and the creation of the Implementation Plan for Compliance and Enforcement.

The landmark agreements we achieved have put Oakland on the map as a leader in a new model of economic development that ensures viable job creation rooted in opportunities for local residents. We achieved these agreements through a collaborative process, and continuing that collaboration through the Oversight Commission and the Job Center is essential to realizing our shared vision of good jobs for Oakland. I am eager to continue this work with all of the stakeholders.

Thank you for your consideration.

Sincerely,

Kate O'Hara
