KEY ISSUES AND IMPACTS

All 18 City Agencies have completed the Language Access Compliance Plan for FY2009-10 and submitted it to the City Administrator's Office. The Equal Access Office Director has contacted all Agency Directors, key Agency staff and the Agency's Language Access Compliance Coordinator for the purpose of, 1) discussing Agency compliance in detail, 2) reviewing every budgeted position in the Agency for PCP and bilingual status, and 3) updating the list of translated materials and multilingual phone lines.

1. Number and Languages of the Limited English Speaking Group

The Equal Access to Services Ordinance states, by "utilizing sufficient Bilingual Employees in Public Contact Positions, Departments shall provide information and services to the public in, each language spoken by the Substantial Number of Limited English Speaking Persons

Group(s).” “Substantial Number of Limited English Speaking Persons Group” is defined in the Ordinance as “at least 10,000 limited English speaking City residents who speak a shared language other than English.” According to the 2000 U.S. Census and 2006-2008 American Community Survey 3-Year Estimates, more than 10,000 limited English speaking Oakland residents speak Spanish and Chinese (Cantonese and/or Mandarin).

Based on the above surveys, the citywide Spanish LEP population was 12% and the Chinese LEP population was 4.6%.¹

For offices providing neighborhood based services to one or more neighborhoods in the City, the City determined the limited English speaking percentage in the neighborhood by using 2000 U.S. Census and 2006 American Community Survey data and quantitative analysis of language population areas.

2. Number of Public Contact Positions in Each Department Covered by this Ordinance, Listed by Job Title

The Ordinance defines a PCP as “a position, whether of a clerical, service, professional or sworn nature, that emphasizes greeting, meeting, contact, or provision of information and/or services to the public in the performance of the duties of that position.” In each of the meetings with the City Agency Directors and the language access staff, every funded position in the Agency was discussed in detail to determine whether or not it should be considered a PCP. This process will be repeated annually.

The tables presented below list every position budgeted in FY2009-10 that is a Public Contact Position (PCP). A function column explains how each position interacts with the general public. Currently the City has 2343FTE in Public Contact Positions.

7. Narrative assessment of the procedures used to facilitate communication with members of the Substantial Number of Limited English Speaking Persons Group(s), which shall include an assessment of the adequacy of the procedures

Most departments have identified key bilingual PCP staff to provide language assistance. For example, in the City Administrator's Office, the City Clerk's Office and the City Council Office, key bilingual staff facilitate communication with members of the Substantial Number of Limited English Speaking Persons Group(s). In the event that no PCP bilingual staff is available, these offices assign this task to the non-PCP employees who speak Cantonese, Mandarin or Spanish. When no PCP or non-PCP bilingual employees are available, the department contacts the Equal Access office, which locates employees who speak the needed languages. Departments also have the option to use over-the-phone interpretation services to communicate with limited English speaking persons.

Bilingual City employees are encouraged to take the language certification test required to receive bilingual pay as an incentive to providing this important service to the public.

In some cases, when field work must be performed, such as when the Department of Contracting and Purchasing monitors compliance with prevailing wage requirements, the staff will contact an interpreter to accompany him or her to the assignment.

The Finance and Management Agency's Revenue and Parking Divisions have Chinese and Spanish-speaking bilingual employees who assist limited English speaking citizens.

The Oakland Police Department's Chinatown Resource Center's bilingual officers help the Cantonese and Mandarin speaking LEP groups, and the OPD's Fruitvale Resource Center's Spanish-speaking officers assist the Spanish-speaking LEP group.

The Fire Department and the Police Department are part of a statewide emergency consortium that has access to an emergency translation service used by dispatch. These language assistance services are provided by Language Line Services.

Description of the written policies on providing services to members of the Substantial Number of Limited English Speaking Persons Group(s)

The Equal Access to Services Ordinance is the only written document that explains how to provide services to members of the Substantial Number of Limited English Speaking Persons Group(s), other than a Training Bulletin issued by the Oakland Police Department. However, the City has participated in the drafting of an Administrative Instruction (AI) that, when approved, will provide detailed guidance to Agencies on the implementation of the Ordinance.

14. Report regarding the adequacy of service to members of the Limited English Speaking Persons Group(s)

In order to provide services to the Limited English Speaking Persons population that is equivalent to services provided for their English counterparts, the City will need to hire additional bilingual employees in positions that currently have an insufficient number. However, All City Agencies are committed to providing information and services to the LEP groups and ensuring that non-PCP staff members are available to assist, in the event that a bilingual PCP is not available. In addition, Agencies have access to over-the-phone interpretation services provided by Language Line Services.

15. Any other information requested by City Council necessary for the implementation of this Article [the Equal Access Ordinance].

A. Language Access Compliance Coordination With Departments

Each Department's Language Access Compliance Coordinator has been assigned the responsibility of providing information to the Equal Access Office on the implementation of the language access plan and changes in the position control report and ensuring posted information is available in languages spoken by the substantial number of limited English speaking persons groups SEC.2.30.020 (d). They also ensure that Department staff have access to over-the-phone interpretation services if no bilingual PCP or non-PCP staff is available, and they further ensure that each Department's vital documents are translated, and Department mainline's voicemail messages are available in the necessary languages.

The table below lists the Agency Director and the appointed Language Access Compliance Coordinator, their job titles, and contact information for each Agency.

C. The New Equal Access Website

The Equal Access Office has launched a new website. Its "At a Glance" format was designed to increase language access user-friendliness. The *Translated Documents* section has uploaded vital City documents that have been translated. The *Other Resources* section includes links to many Federal, State, City, private and non-profit resources for limited English speakers.

D. Police Communication Dispatch FY 09-10 Recruitment

The Oakland Police Department (OPD) recruited a total number of 11 new Police Communication Dispatcher in March 2010. Four out of 11 were bilingual PCPs; 2 are Cantonese speaking, and 2 are Spanish speaking. However, one week after the recruitment, 1 Spanish speaking Dispatcher resigned. OPD Dispatch needed additional bilingual PCPs. In particular, prior to hiring, there were no Cantonese speaking Dispatchers.

E. Police Department Issued Training Bulletin on Language Access

The Oakland Police Department issued a first-ever Language Access policy. It was issued in a Training Bulletin (Index Number: VIII-R) on 2/18/2010. The Training Bulletin sets out Department policy and procedures on how to serve Limited English speakers. Further modification of the Bulletin is currently being discussed.

The Language Access Training Bulletin defines instances in which OPD should provide language assistance when it encounters an individual who is a limited English speaker. The policy also describes the use of the new Language Identification Card (TF-3331) which helps officers and staff identify quickly the language the LEP reads and understands.

F. Coordination Between Human Resources Management and Equal Access for PCP Recruitment with Selective Certification

The Department of Human Resources Management (DHRM) now collaborates with the Equal Access Office in the hiring process. The new Personnel Requisition for New Hires & Promotions form will include a PCP evaluation section which must be signed off by the Equal Access Office. This procedure will allow the Equal Access Office to make an initial evaluation of whether the position is a PCP, and whether the number of bilingual employees in the PCP position is sufficient or whether selective certification must be used to fill it.

EQUAL ACCESS TO SERVICES ORDINANCE

**AGENCY COMPLIANCE PLAN
For
FY 09-10**

AGENCY/DEPARTMENT NAME: OFFICE OF THE CITY ADMINISTRATOR

The Agency Compliance plan must be completed by all organizations.

1. The number and languages of the Limited English Speaking Group.

The Equal Access to Services Ordinance states that by “utilizing sufficient Bilingual Employees in Public Contact Positions, Departments shall provide information and services to the public in each language spoken by the Substantial Number of Limited English Speaking Persons Group(s).” “Substantial Number of Limited English Speaking Persons Group” is defined in the Ordinance as “at least 10,000 limited English speaking City residents who speak a shared language other than English.” According to the 2000 U.S. Census and 2006-2008 American Community Survey 3-Year Estimates, more than 10,000 limited English speaking Oakland residents spoke Spanish and Chinese (Cantonese and Mandarin), so the Equal Access to Services Ordinance shall be enforced for these languages.

For the current fiscal year, the Equal Access Office based on 2000 U.S. Census and 2006-2008 American Community Survey 3-Year Estimates data, deems the citywide Spanish LEP population to be 12.0% and the Chinese LEP population to be 4.6%. These figures reflect the target percentages of bilingual PCPs in offices providing citywide services.

2. The number of Public Contact Positions in the Department covered by the Equal Access to Services Ordinance, listed by job title.

The tables below show every position budgeted in FY 2009-10 in our Agency/Department that is a Public Contact Position (PCP) as described by the Ordinance, listed by job title. A narrative function is also included to provide additional detail on how each position (or set of positions) interacts with the general public.

Program Analyst III	1	NSD City-County Neighborhood Initiative

Total PCP: 22

3. The number of Bilingual Employees in Public Contact Positions, their titles, office locations, and the language(s) other than English that the persons speak.

Our Agency/Department has 7 bilingual employees in public contact positions. There are 3 FTE speak Spanish and 4 FTE speak Chinese.

<u>Job Title</u> <u>(Classification)</u>	<u>FTE</u>	<u>Function</u>	<u>Location</u>	<u># Bilingual/ Language</u>

Management Intern	1	Equal Access Language Assistance	City Hall 9 th floor	1/Spanish
Mayor's PSE 14	2	Oaklanders Assistance Center	City Hall 1 st floor	1/Cantonese & Mandarin 1/Spanish

Total Bilingual PCP: 7

4. A numerical assessment of the additional Bilingual Employees in Public Contact Positions needed to meet the requirements of Section 2.30.030 of this Article.

The following percentages are for numerical purposes and do not constitute the actual need to hire full or fractions of positions. These figures contained in the charts below are for reference purposes for departments to access their language needs.

EQUAL ACCESS TO SERVICES ORDINANCE

Critical areas for selective language certification to fill vacancies as they arise:

City Administrator Units	Total FTE	Total PCP	SP PCP	SP Goal	SP PCP Needs	CH PCP	CH Goal	CH PCP Needs
Citizens Police Review Board Unit	6	5	0	12%	0.6	1	4.6%	
ADA Programs	2.75	1	0	12%	0.12	0	4.6%	0.05

5. If assessments indicate a need for additional Bilingual Employees in Public Contact positions to meet the requirements of Section 2.30.030 of the Equal Access to Services Ordinance, a description of the Department's plan for filling the positions, including the number of estimated vacancies in Public Contact Positions, and a brief narrative describing the methods or means employed to ensure a pool of qualified bilingual applicants, and a brief narrative describing the method of processing each qualified applicant, including the methods used to assess language skills.

At this time, due to budgetary constraints and lay-offs, no vacant PCPs exist. However, when they become available, the City Administrator's Office will fill the positions using a selective language certification process for each position. Currently CPRB has two anticipated vacant positions that are in process to be filled.

6. In order to provide service to the Limited English speaking Persons population that is equal to the service provided for English persons, additional bilingual employees need to be hired in critical areas of the City Administrator's Office, as outlined above. The City Administrator's Office is committed to providing information and services to this population and ensure that non-PCP staff members are available to help constituents when PCP positions are not filled with a bilingual staff person speaking the language in need. In addition, we have the opportunity to use the over-the-phone interpretation services.

EQUAL ACCESS TO SERVICES ORDINANCE

CPRB acknowledges its limitations to provide bilingual services to the public and has made hiring future bilingual staff a priority. However during the current fiscal year, the CPRB has provided outreach to members of the limited-English speaking populations of Oakland's Chinatown and Fruitvale-San Antonio districts. These events were held at the Lincoln Square Recreation Center and Fruitvale-San Antonio Senior Center. Each event was interpreted in the audiences' native language through a community volunteer, a bilingual PCP of the Oakland Police Department and a contracted interpreter. Also, translated materials about the complaint process were distributed.

In addition, CPRB has made efforts to diversify their Board by recruiting members with bilingual skills and members of the Spanish and Chinese speaking communities of Oakland. Through the outreach efforts, CPRB has current applicants to the Board who speak both Spanish and Chinese. CPRB hopes to complete interviews and eventual appointments of applicants possessing these bilingual skills.

Although no new positions were filled during the current fiscal year, CPRB has recruited and employs a student intern who is bilingual in Spanish. CPRB student intern only comes to the office once a week, but is available for basic translation services to the public. Equal Access Office also recruited four volunteering bilingual interns who come to the office on Friday only. Among the four Equal Access interns, one speaks Cantonese and Vietnamese, two speak Cantonese and Mandarin, and one speaks Spanish. They have been assigned for two-hour shifts helping out at the Parking Citation Center by provide language assistance to limited speaking constituents, as well as proofing translated materials confirming accuracy.

CPRB plans to continue to actively recruit bilingual Board applicants and outreach to the limited-English speaking population through community outreach events. These efforts will continue in addition to the CPRB's current efforts to hire qualified bilingual staff.

AGENCY COMPLIANCE PLAN

For
FY 09-10

AGENCY/DEPARTMENT NAME: OFFICE OF THE CITY COUNCIL

The Agency Compliance plan must be completed by all organizations.

1. The number and languages of the Limited English Speaking Group.

The Equal Access to Services Ordinance states that by “utilizing sufficient Bilingual Employees in Public Contact Positions, Departments shall provide information and services to the public in each language spoken by the Substantial Number of Limited English Speaking Persons Group(s).” “Substantial Number of Limited English Speaking Persons Group” is defined in the Ordinance as “at least 10,000 limited English speaking City residents who speak a shared language other than English.” According to the 2000 U.S. Census and 2006-2008 American Community Survey 3-Year Estimates, more than 10,000 limited English speaking Oakland residents spoke Spanish and Chinese (Cantonese and Mandarin), so the Equal Access to Services Ordinance shall be enforced for these languages.

For the current fiscal year, the Equal Access Office based on 2000 U.S. Census and 2006-2008 American Community Survey 3-Year Estimates data, deems the citywide Spanish LEP population to be 12.0% and the Chinese LEP population to be 4.6%. These figures reflect the target percentages of bilingual PCPs in offices providing citywide services.

2. The number of Public Contact Positions in the Department covered by the Equal Access to Services Ordinance, listed by job title.

The tables below show every position budgeted in FY 2009-10 in our Agency/Department that is a Public Contact Position (PCP) as described by the Ordinance, listed by job title. A narrative function is also included to provide additional detail on how each position (or set of positions) interacts with the general public.

Here's the plan and projected timeline to complete recording all the multilingual lines listed above:

The Community and Economic Development Agency is considering the best method of completing this project. During business hours, some of the phone lines listed above are answered by an employee. If the caller needs assistance in a language other than English, the employee transfers the call to an employee able to serve the customer. Other phone lines go directly to voice mail. When calls to the lines listed above with an "In Progress" status go to voice mail, the caller receives a message only in English. These lines do not have mailboxes for English, Spanish, Cantonese and Mandarin. The Agency will evaluate the initial and ongoing cost of adding mailboxes for English, Spanish, Cantonese and Mandarin. The option of giving 4

brief messages (English, Spanish, Cantonese, and Mandarin) in lieu of having separate mailboxes may not be suitable for providing sufficient information and instruction to callers. Depending on the initial and ongoing cost of installing the separate mailboxes on each line and due to the current budget constraints, the Agency may not have the means to complete this project in the near future.

- B Please provide a narrative assessment and analysis of the Department's compliance with the Equal Access to Services Ordinance, deficiencies in compliance and measures or changes necessary to achieve full compliance.

The Community and Economic Development Agency is committed to achieving full compliance with the Equal Access to Services Ordinance. Overall, the Agency exceeds the standard for bilingual employees in public contact positions and has provided public documents in English, Spanish, Chinese and other languages. As public contact positions become vacant and are approved for staffing, we will continue to recruit using a selective language certification process for each position.

AGENCY COMPLIANCE PLAN For FY 09-10

AGENCY/DEPARTMENT NAME: CONTRACTING AND PURCHASING

The Agency Compliance plan must be completed by all organizations.

1. The number and languages of the Limited English Speaking Group.

The Equal Access to Services Ordinance states that by “utilizing sufficient Bilingual Employees in Public Contact Positions, Departments shall provide information and services to the public in each language spoken by the Substantial Number of Limited English Speaking Persons Group(s).” “Substantial Number of Limited English Speaking Persons Group” is defined in the Ordinance as “at least 10,000 limited English speaking City residents who speak a shared language other than English.” According to the 2000 U.S. Census and 2006-2008 American Community Survey 3-Year Estimates, more than 10,000 limited English speaking Oakland residents spoke Spanish and Chinese (Cantonese and Mandarin), so the Equal Access to Services Ordinance shall be enforced for these languages.

For the current fiscal year, the Equal Access Office based on 2000 U.S. Census and 2006-2008 American Community Survey 3-Year Estimates data, deems the citywide Spanish LEP population to be 12.0% and the Chinese LEP population to be 4.6%. These figures reflect the target percentages of bilingual PCPs in offices providing citywide services.

2. The number of Public Contact Positions in the Department covered by the Equal Access to Services Ordinance, listed by job title.

The tables below show every position budgeted in FY 2009-10 in our Agency/Department that is a Public Contact Position (PCP) as described by the Ordinance, listed by job title. A narrative function is also included to provide additional detail on how each position (or set of positions) interacts with the general public.

Office Assistant II, PPT	0.5	Works with contractors to complete transactions at Contract Administration front desk

Total PCP: 8.5

3. The number of Bilingual Employees in Public Contact Positions, their titles, office locations, and the language(s) other than English that the persons speak.

Our Agency/Department has 0 bilingual employees in public contact positions.

<u>Job Title</u> <u>(Classification)</u>	<u>FTE</u>	<u>Function</u>	<u>Location</u>	<u># Bilingual/</u> <u>Language</u>

Total Bilingual PCP: 0

Currently there is no Bilingual Employees in Public Contact Positions available speaking Spanish or Chinese, but there is 1 employee in Public Contact Positions (Contract Compliance Office Assistant) has language capability in Cambodian and 1 employee in Public Contact Positions (Administrative Assistant II) has language capability in Tagalog.

4. A numerical assessment of the additional Bilingual Employees in Public Contact Positions needed to meet the requirements of Section 2.30.030 of this Article.

The following percentages are for numerical purposes and do not constitute the actual need to hire full or fractions of positions. These figures contained in the charts below are for reference purposes for departments to access their language needs.

Critical areas for selective language certification to fill vacancies as they arise:

DCP Units	Total FTE	Total PCP	SP PCP	SP Goal	SP PCP Needs	CH PCP	CH Goal	CH PCP Needs
Contract Compliance & Employment Services	9.5	5	0	12%	0.6	0	4.6%	0.23

Contract Administration	4	0.5	0	12%	0.06	0	4.6%	0.02

5. If assessments indicate a need for additional Bilingual Employees in Public Contact positions to meet the requirements of Section 2.30.030 of the Equal Access to Services Ordinance, a description of the Department's plan for filling the positions, including the number of estimated vacancies in Public Contact Positions, and a brief narrative describing the methods or means employed to ensure a pool of qualified bilingual applicants, and a brief narrative describing the method of processing each qualified applicant, including the methods used to assess language skills.

At this time, due to budgetary constraints and lay-offs, no vacant PCPs exist. However, when they become available, the department will fill the position(s) using a selective language certification process for each position. In order to ensure hiring of persons from LEP groups, should our financial/personnel situation change in the future, we will commit to:

- Advertisement of vacancies in newspapers and other media widely circulated in the communities where the languages required are spoken.
- Make recruitment of certain language speaking persons a priority when drafting job announcements
- Solicit assistance in identifying potential candidates from organizations in the communities where the language sought is spoken (e.g. Chambers of Commerce, Community Business Organizations, Professional Associations, etc)

In order to assess the language skills of the applicant, we would include in the examination portion of the selection process an opportunity to translate a portion of a document regularly used in the transaction of departmental business. The results would then be incorporated into the applicant's overall score.

6. A list of all Public Contact Positions filled during the current fiscal year, a list of those Public Contact Positions filled with Bilingual Employees, and a copy of each of the qualified applicants pool lists for each position filled, identifying whether each applicant had bilingual capabilities. 7. A narrative assessment of the procedures used to facilitate communication with members of the Substantial Number of Limited English Speaking Persons Group(s), which shall include an assessment of the adequacy of the procedures.

The Department of Contracting and Purchasing uses interpreters when necessary to facilitate communication with clients who are members of SNLESP groups. We work closely with the City's Equal Access Office to engage interpreters for outreach activities and events the Department holds in the community. When clients who are members of SNLESP groups come into the Department to transact business, we engage one of our staff members who speak the language to either assist the client directly or if needed, interpret for an English speaking staff person. In emergency situations, where an interpreter is needed right away, we will engage staff from nearby offices to facilitate interpretation. In those cases where possible, we contact Equal Access to provide interpretation services. These methods have proven successful in the past, given that most of the clients who come into the office for assistance speak English.

For staff members doing field work, an interpreter is used to communicate with workers who are members of SNLESP groups.

8. The name, address, telephone number, and contact person of each recruitment firm used to search for qualified applicants for City employment positions.

The Department of Personnel Resources Management was used to handle these searches.

9. For each firm, the total number of City employees hired from the firm in the current year, including the employee's title and Department of employment, and the number of Bilingual Employees hired from the firm to fill Public Contact Positions, including their title and Department of employment.

Not applicable

10. A narrative assessing the adequacy of each firm to recruit applicants for Public Contact Position in each of the Concentrated Number of Limited English Speaking Persons Group(s).

The Department of Contracting and Purchasing accepts complaints through their main telephone lines, via regular mail and main reception counters. If a complaint was received, it would be forwarded to the Equal Access Office for resolution with a copy to the City Administrator.

14. A description of the written policies on providing services to members of the Substantial Number of Limited English Speaking Persons Group(s).

The Equal Access to Services Ordinance is the only written document that exists detailing how to provide services to members of the Substantial Number of Limited English Speaking Persons Group(s). However, the City Attorney's Office and the Equal Access Office have agreed to jointly write a new Administrative Instruction to provide more guidance to Agencies on the implementation of the Ordinance.

15. A report regarding the adequacy of service to members of the Limited English speaking persons Group(s).

EQUAL ACCESS TO SERVICES ORDINANCE

In order to provide service to the Limited English speaking Persons population that is equal to the service provided for English persons, additional bilingual employees need to be hired in critical areas of the Department of Contracting and Purchasing, as outlined above. The Department of Contracting and Purchasing is committed to providing information and services to this population and ensure that non-PCP staff members are available to help constituents when PCP positions are not filled with a bilingual staff person speaking the language in need. In addition, we have the opportunity to use the over-the-phone interpretation services.

16. Any other information requested by the City Council necessary for the implementation of the Equal Access to Services Ordinance.

A. Because it has not been included in any of the required sections of this compliance plan, but it is important to note, we have included in the tables below the status of every recorded multilingual telephonic message needed to meet the requirements of *Section 2.30.080 Recorded Telephonic Messages*. All the telephonic messages listed below has been or will be recorded in English, Spanish, Cantonese and Mandarin.

<u>Function</u>	<u>Multilingual Lines</u>	<u>Status</u>
Contracting and Purchasing - General	x3970	Complete

Department of Contracting and Purchasing and Equal Access Office have worked together to complete recording the multilingual lines listed above during FY 09-10.

B. Please provide a narrative assessment and analysis of the Department's compliance with the Equal Access to Services Ordinance, deficiencies in compliance and measures or changes necessary to achieve full compliance.

In order to provide service to the Limited English speaking Persons population that is equal to the service provided for English persons, additional bilingual employees need to be hired in critical areas of the Department of Contracting and Purchasing, as outlined above. The Department of Contracting and Purchasing strives to provide quality, comprehensive and consistent services to all of our clients regardless of race, creed or nationality. To that end, we attempt to employ whatever resources are available to use to ensure that those who do not communicate in English come away with a clear understanding of the City's policies and answers to their questions and concerns.

Full compliance with the Equal Access to Services Ordinance has been hindered by budgetary impacts, however, every attempt is made to fulfill the needs of LEP individuals to the extent possible, through coordination with other departments and our community partners.

Challenges have been encountered in the translation of documents, due to the complex nature of the contents and the ability to find appropriate translations of industry terminology. Also,

EQUAL ACCESS TO SERVICES ORDINANCE

incorporating staffing changes in the telephone answering messages has been problematic. We will try to maintain a current list of staff members in the requisite languages for use by the LEP public.

FMA's method to ensure a pool of bilingual applicants includes working closely with DHRM to facilitate broad distribution of job announcements, including advertisements targeted to the specific language populations; and inclusion of clear language in PCP job announcements that states the desirability of bilingual applicants. - If assessments indicate a need for additional Bilingual Employees in Public Contact positions to meet the requirements of Section 2.30.030 of the Equal Access to Services Ordinance, a description of the Department's plan for filling the positions, including the number of estimated vacancies in Public Contact Positions, and a brief narrative describing the methods or means employed to ensure a pool of qualified bilingual applicants, and a brief narrative describing the method of processing each qualified applicant, including the methods used to assess language skills.

The Fire Department currently has approximately 43 estimated vacancies. Hiring methods and processes are those used by the City of Oakland's Office of Personnel Resource Management (OPRM). If the Department has need of additional bilingual employees in public contact

positions we would seek assistance from OPRM to utilize the language skills process the City of Oakland has in place for hiring employees. Promotional hiring, with advancement in position staff is already in place and no language skills selective process would be requested.

At this time, due to budgetary constraints and lay-offs, no vacant PCPs exist. However, when they become available, the Fire Department will fill the positions using a selective language certification process for each position.

The Oakland Fire Department has identified key bilingual staff to facilitate communication with members of the Substantial Number of Limited English Speaking Persons Group(s). If these positions are not PCPs, we add this task to the job duties of the individual to ensure that City information and services are provided in Cantonese, Mandarin and Spanish upon demand.

The Oakland Fire Department utilizes the bilingual skills of our suppression staff when there are language barriers in the community, in the event that we are unable to communicate with a person that we provided service to we, seek the assistance from the following, 911 dispatch center, OPD or AMR.

The Equal Access to Services Ordinance is the only written document that exists detailing how to provide services to members of the Substantial Number of Limited English Speaking Persons Group(s). However, the City Attorney's Office and the Equal Access Office have agreed to jointly write a new Administrative Instruction to provide more guidance to Agencies on the implementation of the Ordinance. In order to provide service to the Limited English speaking Persons population that is equal to the service provided for English persons, additional bilingual employees need to be hired in critical areas of Oakland Fire Department, as outlined above. The Oakland Fire Department is committed to providing information and services to this population and ensure that non-PCP staff members are available to help constituents when PCP positions are not filled with a bilingual staff person speaking the language in need. In addition, we have the opportunity to use the over-the-phone interpretation services.

- A. Please provide a narrative assessment and analysis of the Department's compliance with the Equal Access to Services Ordinance, deficiencies in compliance and measures or changes necessary to achieve full compliance.

Overall, the Fire Department has made substantial progress toward full compliance with the Equal Access to Services Ordinance since its adoption. Deficiencies are the result of substantial budget reductions, which limit our ability to hire additional personnel, drastically reduced existing staffing and does not allow for the costs associated with the necessary technology. This remains a priority and as opportunity presents itself we will make changes. In the interim existing staff has been encouraged to pursue second languages and to be knowledgeable of the process and policies regarding providing information to non-English or English as a second language customers.

AGENCY COMPLIANCE PLAN For FY 09-10

AGENCY/DEPARTMENT NAME: DEPARTMENT OF HUMAN RESOURCES MANAGEMENT

The Agency Compliance plan must be completed by all organizations.

1. The number and languages of the Limited English Speaking Group.

The Equal Access to Services Ordinance states that by “utilizing sufficient Bilingual Employees in Public Contact Positions, Departments shall provide information and services to the public in each language spoken by the Substantial Number of Limited English Speaking Persons Group(s).” “Substantial Number of Limited English Speaking Persons Group” is defined in the Ordinance as “at least 10,000 limited English speaking City residents who speak a shared language other than English.” According to the 2000 U.S. Census and 2006-2008 American Community Survey 3-Year Estimates, more than 10,000 limited English speaking Oakland residents spoke Spanish and Chinese (Cantonese and Mandarin), so the Equal Access to Services Ordinance shall be enforced for these languages.

For the current fiscal year, the Equal Access Office based on 2000 U.S. Census and 2006-2008 American Community Survey 3-Year Estimates data, deems the citywide Spanish LEP population to be 12.0% and the Chinese LEP population to be 4.6%. These figures reflect the target percentages of bilingual PCPs in offices providing citywide services.

2. The number of Public Contact Positions in the Department covered by the Equal Access to Services Ordinance, listed by job title.

The tables below show every position budgeted in FY 2009-10 in our Agency/Department that is a Public Contact Position (PCP) as described by the Ordinance, listed by job title. A narrative function is also included to provide additional detail on how each position (or set of positions) interacts with the general public.

1. The number and languages of the Limited English Speaking Group.

The Equal Access to Services Ordinance states that by “utilizing sufficient Bilingual Employees in Public Contact Positions, Departments shall provide information and services to the public in each language spoken by the Substantial Number of Limited English Speaking Persons Group(s).” “Substantial Number of Limited English Speaking Persons Group” is defined in the Ordinance as “at least 10,000 limited English speaking City residents who speak a shared language other than English.” According to the 2000 U.S. Census and 2006-2008 American Community Survey 3-Year Estimates, more than 10,000 limited English speaking Oakland residents spoke Spanish and Chinese (Cantonese and Mandarin), so the Equal Access to Services Ordinance shall be enforced for these languages.

For the current fiscal year, the Equal Access Office based on 2000 U.S. Census and 2006-2008 American Community Survey 3-Year Estimates data, deems the citywide Spanish LEP population to be 12.0% and the Chinese LEP population to be 4.6%. These figures reflect the target percentages of bilingual PCPs in offices providing citywide services.

It should be noted that there has been a hiring freeze throughout a portion of the FY09-10 year and the Library has just recently begun to recruit for many of the vacancies which presently

exist. We are also in the process of hiring several PCP bilingual candidates as a result of a number of vacancies that have been exempted from the present hiring freeze and which are underway in the hiring process with the Department of Human Resource Management.

Within the Main Library there are sufficient or near-sufficient PCP in the various languages, and where deficient, we will continue seeking the most qualified applicants/candidates who may also be able to provide bilingual services in the needed languages. In addition, the Main Library also has several non PCP bilingual staff who are accessible and could be used to provide bilingual services to our patrons as needed. Finally, in instances where PCP or non-PCP bilingual staff is not available, we are also able to utilize the over-the-phone interpreter service through Language Line Services for assistance.

In instances where bilingual staff is not available to provide services in the needed language, we are also able to utilize the over-the-phone interpreter service through Language Line Services for assistance.

Many of these system-wide divisions are also located in the Main Library and would be able to access the current bilingual staff within the Main Library as needed. In instances where bilingual staff is not available, we are also able to utilize the over-the-phone interpreter service through Language Line Services for assistance.

5. If assessments indicate a need for additional Bilingual Employees in Public Contact positions to meet the requirements of Section 2.30.030 of the Equal Access to Services Ordinance, a description of the Department's plan for filling the positions, including the number of estimated vacancies in Public Contact Positions, and a brief narrative describing the methods or means employed to ensure a pool of qualified bilingual applicants, and a brief narrative describing the method of processing each qualified applicant, including the methods used to assess language skills.

At this time, due to budgetary constraints, the existing hiring freeze, and recent lay-offs, few vacant PCP's within the Library have been filled. The Library has approximately 40 FTE in vacancies, which include Golden Handshake positions as well as positions which are presently being underfilled or backfilled in order to provide minimal staffing levels during the hiring freeze.

The Library has had a number of recruitments recently opened within the City and have worked closely with the Equal Access Division to determine the need for selective certification for each of the classifications. As we are approved to fill existing permanent vacancies with current or for temporary part-time positions, we will continue to recruit for the most qualified candidates, with bilingual skills, and will comply with the Bilingual Certification testing process to assess the skills of viable candidates.

Additionally, with the budgetary constraints within the Library, adding additional PCPs has financial consequences for which the Library has not budgeted and will need to review for the FY11-13 budget cycle.

If these positions are not PCPs, we add this task to the job duties of the individual to ensure that City information and services are provided in Cantonese, Mandarin and Spanish upon demand.

8. The name, address, telephone number, and contact person of each recruitment firm used to search for qualified applicants for City employment positions.

No recruitment firms were used to search for qualified applicants for PCPs because it is cost-prohibitive. The Office of Personnel Resource Management was used to handle these searches.

13. A description of each Department's procedures for accepting and resolving complaints of an alleged violation of this Article.

The Oakland Public Library accepts complaints through their main telephone lines and main reception counters. If they were to receive a complaint, they would forward it to the Equal Access Office for resolution.

14. A description of the written policies on providing services to members of the Substantial Number of Limited English Speaking Persons Group(s).

The Equal Access to Services Ordinance is the only written document that exists detailing how to provide services to members of the Substantial Number of Limited English Speaking Persons Group(s). However, the City Attorney's Office and the Equal Access Office have agreed to jointly write a new Administrative Instruction to provide more guidance to Agencies on the implementation of the Ordinance.

15. A report regarding the adequacy of service to members of the Limited English speaking persons Group(s).

In order to provide service to the Limited English speaking Persons population that is equal to the service provided for English persons, additional bilingual employees need to be hired in critical areas of Oakland Public Library, as outlined above. The Oakland Public Library is committed to providing information and services to this population and ensure that non-PCP staff members are available to help constituents when PCP positions are not filled with a bilingual staff person speaking the language in need. In addition, we have the opportunity to use the over-the-phone interpretation services provided through Language Line Services.

B. Please provide a narrative assessment and analysis of the Department's compliance with the Equal Access to Services Ordinance, deficiencies in compliance and measures or changes necessary to achieve full compliance.

The Library strives to continually comply with the Equal Access to Services Ordinance and meets the overall guidelines as established by the Ordinance. For decades the Library Department has implemented equal access through services designed to serve the Limited and non-English speaker. These services are institutionalized in the Library's strategic plan, Mission Statement, and materials, programs, and other public services offered everyday in libraries throughout the city. We are continually committed to providing a multitude of services to our Limited and non-English speaking library patrons, and will further our attempts with targeted recruitments for qualified bilingual staff, written translation of vital documents, and on-going interpretation services.

The primary challenge that the Library faces is the fiscal impact of complying with the Equal Access to Services Ordinance. An example of this, funding for the bilingual premiums and for the cost of translations and printing public service materials in 3 languages, remains a challenge. Additionally, while the Library has taken additional steps to meet the requirements for multilingual telephonic messages, the financial obligations for ensuring compliance present an organizational challenge which needs to be resolved before implementation of this task can occur.

1. The number and languages of the Limited English Speaking Group.

The Equal Access to Services Ordinance states that by “utilizing sufficient Bilingual Employees in Public Contact Positions, Departments shall provide information and services to the public in each language spoken by the Substantial Number of Limited English Speaking Persons Group(s).” “Substantial Number of Limited English Speaking Persons Group” is defined in the Ordinance as “at least 10,000 limited English speaking City residents who speak a shared language other than English.” According to the 2000 U.S. Census and 2006-2008 American Community Survey 3-Year Estimates, more than 10,000 limited English speaking Oakland residents spoke Spanish and Chinese (Cantonese and Mandarin), so the Equal Access to Services Ordinance shall be enforced for these languages.

For the current fiscal year, the Equal Access Office based on 2000 U.S. Census and 2006-2008 American Community Survey 3-Year Estimates data, deems the citywide Spanish LEP population to be 12.0% and the Chinese LEP population to be 4.6%. These figures reflect the target percentages of bilingual PCPs in offices providing citywide services.

The tables below show every position budgeted in FY 2009-10 in our Agency/Department that is a Public Contact Position (PCP) as described by the Ordinance, listed by job title. AGENCY COMPLIANCE PLAN For FY 09-10

AGENCY/DEPARTMENT NAME: OAKLAND MUSEUM OF CALIFORNIA

The Agency Compliance plan must be completed by all organizations.

1. The number and languages of the Limited English Speaking Group.

The Equal Access to Services Ordinance states that by “utilizing sufficient Bilingual Employees in Public Contact Positions, Departments shall provide information and services to the public in each language spoken by the Substantial Number of Limited English Speaking Persons Group(s).” “Substantial Number of Limited English Speaking Persons Group” is defined in the Ordinance as “at least 10,000 limited English speaking City residents who speak a shared language other than English.” According to the 2000 U.S. Census and 2006-2008 American Community Survey 3-Year Estimates, more than 10,000 limited English speaking Oakland residents spoke Spanish and Chinese (Cantonese and Mandarin), so the Equal Access to Services Ordinance shall be enforced for these languages.

For the current fiscal year, the Equal Access Office based on 2000 U.S. Census and 2006-2008 American Community Survey 3-Year Estimates data, deems the citywide Spanish LEP population to be 12.0% and the Chinese LEP population to be 4.6%. These figures reflect the target percentages of bilingual PCPs in offices providing citywide services.

2. The number of Public Contact Positions in the Department covered by the Equal Access to Services Ordinance, listed by job title.

The tables below show every position budgeted in FY 2009-10 in our Agency/Department that is a Public Contact Position (PCP) as described by the Ordinance, listed by job title. A narrative function is also included to provide additional detail on how each position (or set of positions) interacts with the general public.

The following percentages are for numerical purposes and do not constitute the actual need to hire full or fractions of positions. These figures contained in the charts below are for reference purposes for departments to access their language needs.

brief narrative describing the method of processing each qualified applicant, including the methods used to assess language skills.

With the renovation of the Museum and reinstallation of the galleries, we now have directional and wayfinding signage for the building and interpretive signage and materials in the galleries with three languages including Chinese, Spanish and English. This new signage will significantly assist our visitors in navigating and understanding the museum, as demonstrated at our opening weekend on May 1 and 2.

In addition, the OMCA Foundation has recruited a volunteer "ambassador" team of approximately 50 volunteers, several of whom are bi-lingual.

At this time, due to budgetary constraints and lay-offs, no vacant PCPs exist. However, when they become available, the long term plan is that we will fill the positions using a selective language certification process for each position.

- If assessments indicate a need for additional Bilingual Employees in Public Contact positions to meet the requirements of Section 2.30.030 of the Equal Access to Services Ordinance, a description of the Department's plan for filling the positions, including the number of estimated vacancies in Public Contact Positions, and a brief narrative describing the methods or means employed to ensure a pool of qualified bilingual applicants, and a brief narrative describing the method of processing each qualified applicant, including the methods used to assess language skills.

In collaboration with Department of Human Resource Management (DHRM) and Equal Access, OPR greatly expanded bilingual recruitment efforts during the 2009 and 2010 spring hiring process and to fill the current vacancies within the Office of Parks and Recreation. For OPR's spring hiring event announcement materials were translated into Spanish and Chinese and were

EQUAL ACCESS TO SERVICES ORDINANCE

widely distributed to over 150 community base organizations, to include: faith based, targeted bilingual cultural and civic organizations. Recruitment efforts took place at Recreation Centers, High Schools, Peralta College System, and CSU Eastbay with special outreach to targeted ESL Centers. OPR employees conducted significant outreach in Chinatown and Fruitvale communities to recruit potential candidates. Hiring announcements appeared in local newspapers including Oakland Tribune, Sing Tao Daily, El Mundo, Post and ANG Groups. Public Service Announcements were posted on KTOP, OaknetNews and the City website. As OPR moves forward it will use many of these recruitment efforts to fill our PCP and non-PCP positions.

The department's intent is to use the aforementioned recruitment process and potential hires to fill the public contact position vacancies. The Department efforts to recruit, select and place the most qualified candidates to meet the community program and language requirements will continue to evolve as the ordinance is defined, the collaboration with DHRM grows and as the Equal Access Office matures. In addition, OPR bilingual staff has spoken at local Colleges and University systems targeting Spanish and Chinese speaking clubs and organizations as well as students majoring in Recreation, Sociology or Horticultural. The purpose of the visit was to share with the students the benefits of working for the City of Oakland, and to encourage more minorities into the recreation profession. OPR has also teamed up with the California Parks & Recreation Minority Association to ensure collectively as a state that we enhance the recruitment of bilingual professionals in the field of Parks, Recreation and Conservation.

8. The name, address, telephone number, and contact person of each recruitment firm used to search for qualified applicants for City employment positions.

Most positions within OPR are part-time or entry level positions. OPR does not hire firms for the recruitment process. The department depends on the expertise and knowledge of DHRM to search and locate the most highly qualified bilingual candidates for all PCP and non-PCP positions. However, the OPR works closely with OPRM to use professional organizations such as the California Parks & Recreation Society, National Parks & Recreation Association, and National Aquatic Association to be a resource for recruitment searches.

9. For each firm, the total number of City employees hired from the firm in the current year, including the employee's title and Department of employment, and the number of Bilingual Employees hired from the firm to fill Public Contact Positions, including their title and Department of employment.

Not applicable.

10. A narrative assessing the adequacy of each firm to recruit applicants for Public Contact Position in each of the Concentrated Number of Limited English Speaking Persons Group(s).

Not applicable.

11. If the firm has been inadequate in recruiting applicants to fill Public Contact Positions in each of the Substantial Number of Limited English Speaking Persons Group(s), a description of the actions to be taken to improve performance.

Not applicable.

12. A list of each Department's written materials required to be translated under the Equal Access to Services Ordinance, the languages into which they have been translated, and the persons who have reviewed the translated material for review of accuracy and appropriateness.

AGENCY COMPLIANCE PLAN For FY 09-10

AGENCY/DEPARTMENT NAME: OAKLAND POLICE DEPARTMENT

The Agency Compliance plan must be completed by all organizations.

1. The number and languages of the Limited English Speaking Group.

The Equal Access to Services Ordinance states that by “utilizing sufficient Bilingual Employees in Public Contact Positions, Departments shall provide information and services to the public in each language spoken by the Substantial Number of Limited English Speaking Persons Group(s).” “Substantial Number of Limited English Speaking Persons Group” is defined in the Ordinance as “at least 10,000 limited English speaking City residents who speak a shared language other than English.” According to the 2000 U.S. Census and 2006-2008 American Community Survey 3-Year Estimates, more than 10,000 limited English speaking Oakland residents spoke Spanish and Chinese (Cantonese and Mandarin), so the Equal Access to Services Ordinance shall be enforced for these languages.

For the current fiscal year, the Equal Access Office based on 2000 U.S. Census and 2006-2008 American Community Survey 3-Year Estimates data, deems the citywide Spanish LEP population to be 12.0% and the Chinese LEP population to be 4.6%. These figures reflect the target percentages of bilingual PCPs in offices providing citywide services.

5. If assessments indicate a need for additional Bilingual Employees in Public Contact positions to meet the requirements of Section 2.30.030 of the Equal Access to Services Ordinance, a description of the Department's plan for filling the positions, including the number of estimated vacancies in Public Contact Positions, and a brief narrative describing the methods or means employed to ensure a pool of qualified bilingual applicants, and a

EQUAL ACCESS TO SERVICES ORDINANCE

brief narrative describing the method of processing each qualified applicant, including the methods used to assess language skills.

The Oakland Police Department is only able to conduct recruitment of selective classifications at this time because of severe budget shortages and a city-wide hiring freeze. The Oakland Police Department currently has approximately 45 vacant Public Contact Positions to fill. To ensure a pool of qualified bilingual applicants, the Police Department works with the Department of Human Resources Management to expand recruitment by placing advertisements with major Spanish and Chinese publications such as El Mundo and Sing Tao. Applications are processed, scored and placed on an eligibility list. Applicants on the eligibility list are required to pass the City's bilingual test (and a background clearance) prior to appointment.

The Oakland Police Department will continue to evaluate the need for sworn and civilian staff to possess specific language capabilities due to their PCP position. However, the Department faces many challenges which inhibit the movement of individuals into specific positions, such as seniority rules based on various Memorandums of Understanding with the respective bargaining units, internal police transfer policies, promotions, prior discipline, and long term recuperation from work related injuries.

6. A list of all Public Contact Positions filled during the current fiscal year, a list of those Public Contact Positions filled with Bilingual Employees, and a copy of each of the qualified applicants pool lists for each position filled, identifying whether each applicant had bilingual capabilities.

7. A narrative assessment of the procedures used to facilitate communication with members of the Substantial Number of Limited English Speaking Persons Group(s), which shall include an assessment of the adequacy of the procedures.

The Oakland Police Department has identified key bilingual staff to facilitate communication with members of the Substantial Number of Limited English Speaking Persons Group(s). Examples include a Cantonese speaking officer assigned to the Chinatown Resource Center as well as one Lieutenant, two Sergeant and at least five Police Officers who speak a mix of Cantonese and Mandarin assigned to Patrol Area One. Patrol Area One consists of the Chinatown area of Oakland.

The Fruitvale area has a Spanish speaking officer assigned to the Fruitvale Resource Center and Spanish speaking officers assigned to foot patrol in the Fruitvale area. There are at least 10 Spanish speaking Police Officers and one Sergeant assigned to Patrol Area Two. Patrol Area Two consists of the Fruitvale area of Oakland.

The Patrol Area Commanders with the Bureau of Field Operations continue to utilize their discretion in placing officers in specific assignments due to their contact with the public and their applicable language capabilities.

8. The name, address, telephone number, and contact person of each recruitment firm used to search for qualified applicants for City employment positions.

No recruitment firms were used to search for qualified applicants for PCPs because it is cost-prohibitive. The Department of Human Resources Management handles these searches. (The Police Department used Strategic Policy Partnership to recruit for the Chief of Police vacancy during this fiscal year)

9. For each firm, the total number of City employees hired from the firm in the current year, including the employee's title and Department of employment, and the number of Bilingual Employees hired from the firm to fill Public Contact Positions, including their title and Department of employment.

Not applicable.

12. A list of each Department's written materials required to be translated under the Equal Access to Services Ordinance, the languages into which they have been translated, and the persons who have reviewed the translated material for review of accuracy and appropriateness.

The Oakland Police Department coordinates with the Equal Access Office for all the necessary updated materials translation and provides general summaries of our services in all required language formats.

13. A description of each Department's procedures for accepting and resolving complaints of an alleged violation of this Article.

The Internal Affairs Division of the Police Department accepts and investigates all Police Department complaints, to include alleged violation of this Article complaint. The Internal Affairs Division staff is comprised of at least two Cantonese speaking and two Spanish speaking employees. Additionally, all PCP work units have the Filing Complaint pamphlets available in four languages, English, Spanish, Chinese and Vietnamese.

14. A description of the written policies on providing services to members of the Substantial Number of Limited English Speaking Persons Group(s).

The Police Department published Training Bulletin VIII-R, Language Access, in February 2010 that outlines the Department's policy and procedure to handle situations when encountering Limited English Speaking Persons. Training Bulletin VIII-R is a required training for all Police employees. Additionally, the City Attorney's Office and the Equal Access Office have agreed to jointly write a new Administrative Instruction to provide more guidance to Agencies on the implementation of the Ordinance.

15. A report regarding the adequacy of service to members of the Limited English speaking persons Group(s).

In order to provide service to the Limited English speaking Persons population that is equal to the service provided for English persons, additional bilingual employees need to be hired in

critical areas of the Oakland Police Department, as outlined above. The Oakland Police Department is committed to providing information and services to this population and ensure that civilian and sworn staff who speak certain languages are made available to other OPD personnel who require their assistance for translation. In addition, OPD actively uses over-the-phone interpretation services when other translation capabilities are not available.

16. Any other information requested by the City Council necessary for the implementation of the Equal Access to Services Ordinance.

A. Because it has not been included in any of the required sections of this compliance plan, but it is important to note, we have included in the tables below the status of every recorded multilingual telephonic message needed to meet the requirements of *Section 2.30.080 Recorded Telephonic Messages*. All the telephonic messages listed below has been or will be recorded in English, Spanish, Cantonese and Mandarin.

Here's the plan and projected timeline to complete recording all the multilingual lines listed above:

The Oakland Police Department has accessed the technology issues that need to be resolved to the complete the project. The Department is also looking for the one time installation fee and the monthly maintenance fees associated with this project. OPD will work with the Equal Access Office to have all the multilingual lines listed above recorded with messages in English, Spanish,

EQUAL ACCESS TO SERVICES ORDINANCE

Cantonese and Mandarin. The anticipated timeline to complete the work is three (3) to (6) months.

- B. Please provide a narrative assessment and analysis of the Department's compliance with the Equal Access to Services Ordinance, deficiencies in compliance and measures or changes necessary to achieve full compliance.

There are two areas that remain deficient. The total number of bilingual phone lines, and the completion of printed bilingual information resources. One officer has been placed in charge of getting the phone lines established. He will make bi-weekly reports to the EAO Compliance Coordinator until it is completed. The balance of the written material that needs to be completed rests at the animal service center. The EAO Compliance Coordinator will contact the respective commander to ensure that this is completed in the next three (3) to six (6) months.

The Oakland Police Department has made significant progress to comply with the Equal Access to Services Ordinance during the fiscal year, this is demonstrated by the publication of Training Bulletin VIII-R, Language Access, to train all Police employees on how to handle situations when encountered with Limited English Speaking persons. The Department is also working with the Department of Human Resources Management team to expand our recruitment efforts by placing advertisements with major Spanish and Chinese publications such as El Mundo and Sing Tao to gain a larger pool of qualified bilingual applicants for PCP vacancies. While the Police Department may not be in full compliance with the Equal Access to Services Ordinance, we are fully committed and will work continuously toward full compliance. A timeline of three to six months has been set to have all the multilingual lines completed. The EAO Compliance Coordinator will meet with respective commanders to monitor progress.

Public Works Agency operations are such that there are four function areas where the multi-language access is most likely needed, including the PWA Call Center, Volunteer Coordination, Litter Enforcement Officer Program and the Recycling Hotline.

In 2008-09, PWA identified a critical need to retain current bilingual employees is in the PWA Call Center. However, FY 2009-10 budget reductions resulted in an impact to the current staffing, and count of bilingual employees in the PWA Call Center.

- If assessments indicate a need for additional Bilingual Employees in Public Contact positions to meet the requirements of Section 2.30.030 of the Equal Access to Services Ordinance, a description of the Department's plan for filling the positions, including the number of estimated vacancies in Public Contact Positions, and a brief narrative describing the methods or means employed to ensure a pool of qualified bilingual applicants, and a brief narrative describing the method of processing each qualified applicant, including the methods used to assess language skills.

In 2009-10, PWA successfully changed one of the positions in the PWA Call Center to be Selectively Certified for Chinese, thus helping to comply with the Equal Access Ordinance. The position is still vacant but the hiring process is underway. Per the City's hiring policies, PWA will depend on a list of eligible candidates that is provided by the Office of Personnel, in order to select a new hire.

- A list of all Public Contact Positions filled during the current fiscal year, a list of those Public Contact Positions filled with Bilingual Employees, and a copy of each of the qualified applicants pool lists for each position filled, identifying whether each applicant had bilingual capabilities.

These translated written materials are located through the PWA website (www.oaklandpw.com).

In order to provide service to the Limited English speaking Persons population that is equal to the service provided for English persons, additional bilingual employees need to be hired in critical areas of Public Works Agency, as outlined above. The Public Works Agency is committed to providing information and services to this population and ensure that non-PCP staff members are available to help constituents when PCP positions are not filled with a bilingual staff person speaking the language in need. In addition, we have the opportunity to use the over-the-phone interpretation services.

16. Any other information requested by the City Council necessary for the implementation of the Equal Access to Services Ordinance.

- A. Because it has not been included in any of the required sections of this compliance plan, but it is important to note, we have included in the tables below the status of every recorded multilingual telephonic message needed to meet the requirements of *Section 2.30.080 Recorded Telephonic Messages*. All the telephonic messages listed below has been or will be recorded in English, Spanish, Cantonese and Mandarin.

Public Works engaged in a process with the Equal Access Office to translate all recorded telephone greetings into Spanish, Cantonese and Mandarin. However, the greetings have not yet been applied to the identified phone lines. PWA understands that the Department of Information Technology is working on the implementation. Below are the phone lines that would have the recordings in multiple languages.
