RE:

A Monthly Informational Report From the Oakland Police Department Detailing Overtime Usage for the Prior 30 Day Period, Organized by Bureau and Inclusive of a Brief Description of Activities Overtime Was Used to Fund

### **SUMMARY**

The information contained in this report reflects the Department's FY 2009-10 overtime spending for the period ending September 30, 2009, and is follow-up to the report heard by the Public Safety Committee on October 13, 2009. All future monthly reports will be presented in an abbreviated format, detailing the previous month's expenditures in comparison to overtime expenditures of the previous year (to date).

#### FISCAL IMPACT

Since this report is informational only, no fiscal impacts are included.

#### **BACKGROUND**

Historically, the Oakland Police Department (OPD) has exceeded its overtime budget, creating a substantial impact on the City's budget. As a result of budgetary considerations, the Department has recently made significant reductions in its overtime expenditures, and is actively seeking additional opportunities to further reduce overtime spending.

The information contained in Table 1 illustrates comparison data of budgeted overtime spending between FY 2009-10 and FY 2008-09. In the first three months of the FY 2009-10, the Department spent \$4.0 million on overtime compared to \$5.7 million in the same period FY 2008-09. It should be noted that the City does not budget by categories such as backfill, callback, etc. This comparison shows General Fund overtime by budgeted category.

OPD manages its overtime budget by organization (i.e., Patrol Area 1, Criminal Investigations Division, Animal Services, etc.) Each organization (typically a division or unit within the Department) has a manager who is responsible for monitoring budget expenditures, including overtime. The information contained in Table 2 is a comparison FY 2008-09 and FY 2009-10 weekly overtime expenditures by element, along with the increase or (decrease) in average weekly spending for each category. There is not budgetary information available for these categories, as these line items are part of the payroll system but **are not** established line items in the budget.

#### **KEY ISSUES AND IMPACTS**

A significant portion of overtime that is reimbursed by third parties is recorded in the general fund. Of the \$4.0 million spent in the first quarter of FY 2009-10, approximately \$1.4 million was reimbursable; of *that* \$1.4 million, \$1 million was reimbursements received for security services provided at special events, and \$0.4 million was covered by external funding sources (i.e., Alcohol Beverage Action Team [ABAT] and regional task forces.)

In addition to reimbursable events, OPD incurs overtime expenses to respond to major incidents or events. In the first quarter of this fiscal year, the Department spent approximately \$80,000 in

overtime to provide security for events related to 4<sup>th</sup> of July activities, and \$180,000 for activities related to missing person case of Hassani Campbell.

## DISABILITY AND SENIOR CITIZEN ACCESS

There are no disability or senior citizen access issues in this report.

## SUSTAINABLE OPPORTUNITIES

*Economic:* The Department's efforts to decrease its overtime expenditures will make a positive impact on the City's overall budget, thereby contributing to the economic health of the local economy.

Environmental: There are no environmental opportunities associated with this report.

Social Equity: Contributing to the overall fiscal health of the City will help stimulate the economy, attract new businesses and create jobs, which could potentially help decrease crime in the City of Oakland, making the community safer.

## RECOMMENDATION
