ANALYSIS AND POLICY ALTERNATIVES

Adoption of this resolution will allow the City Administrator or designee to execute a construction contract with Andes Construction, Inc., for The Rehabilitation Of Sanitary Sewers In The Area Bounded By Campus Drive, Mountain Boulevard, Knoll Avenue and Rusting Avenue (Project No. C329147). Under the proposed contract with Andes Construction, Inc., the Local Business Enterprise/Small Local Business Enterprise (LBE/SLBE) participation will be 96.07%, which exceeds the City's 50% LBE/SLBE requirement. Trucking participation is 100% and exceeds the 50% requirement. The contractor is required to have 50% of the work hours performed by Oakland residents, and 50% of all new hires are to be Oakland residents. The LBE/SLBE information has been verified by the Social Equity Division of the Department of Contracting and Purchasing and is shown in **Attachment C**.

Construction is scheduled to begin in November 2016 and should be completed by July 2017. The contract specifies \$1,000.00 in liquidated damages per calendar day if the contract is not completed within 110 working days. The project schedule is shown in **Attachment B**.

The Engineer's estimate for the work is \$2,149,920.00. Staff has reviewed the submitted bids for the work and has determined that the bids are reasonable for the current construction market conditions and three bid amounts are relative close.

The Environmental Protection Agency (EPA) mandates the reduction of sanitary sewer flows during storm events. This project is part of the City's annual Sanitary Sewer Rehabilitation program intended to improve the pipe conditions and reduce wet weather peak flows in sanitary sewer system, and is required under 2014 Sewer Consent Decree.

FISCAL IMPACT

Funding for this project is available in the Fiscal Year (FY) 2016-17 Budget in Fund 3100 Sewer Service Fund, Organization 92244 Sanitary Sewer Design Organization, Account 57417 Sewers, Project C329147. Funding for operations and maintenance is also budgeted and available in the Sewer Fund 3100. The project goal is to improve pipe conditions, reduce maintenance cost, reduce wet weather peak flows in sanitary sewer system, and is required under 2014 Sewer Consent Decree.

PAST PERFORMANCE, EVALUATION AND FOLLOW-UP

The Contractor Performance Evaluation for Andes Construction, Inc. from a previously completed project is satisfactory and is included as **Attachment D**.

PUBLIC OUTREACH / INTEREST

The residents in the area have been notified in writing about this project. Prior to starting work, residents who are affected by the work will be notified individually of the work schedule, planned activities, and contact information of the Contractor and Resident Engineer/Inspector in charge.

COORDINATION

The work to be done under this contract was coordinated with Oakland Public Works (OPW) Bureau of Infrastructure and Operations, Contracts and Compliance Division, and Bureau of Facilities and Environment. In addition, the Office of City Attorney and the Controller's Bureau have reviewed this report and resolution.

SUSTAINABLE OPPORTUNITIES

Economic: The contractors are all verified for Local Business Enterprise and Small Local Business Enterprise (LBE/SLBE) participation by the Social Equity Division of the Department of Contracting and Purchasing. The contractors are required to have 50% of the work hours performed by Oakland residents, and 50% of all new hires are to be Oakland residents, which will result in dollars being spent locally.

Environmental: Replacing sanitary sewers will minimize sewer leakage and overflows, thus preventing potential harm to property, groundwater resources and the bay. The contractor will be required to make every effort to reuse clean fill materials and use recyclable concrete and asphalt products. Best Management Practices for the protection of storm water runoff during construction will be required.

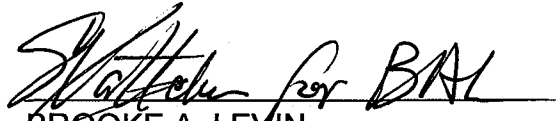

Social Equity: This project is part of the citywide program to eliminate wastewater discharges and overflows, thereby, benefiting all Oakland residents with decreased sewer overflows and improved infrastructure.

An Interim Evaluation is required prior to issuance of a Final Evaluation Rating of Unsatisfactory. The Final Evaluation upon Final Completion of the project will supersede interim ratings.

The following list provides a basic set of evaluation criteria that will be applicable to all construction projects awarded by the City of Oakland that are greater than \$50,000. Narrative responses are required to support any evaluation criteria that are rated as Marginal or Unsatisfactory, and must be attached to this evaluation. If a narrative response is required, indicate before each narrative the number of the question for which the response is being provided. Any available supporting documentation to justify any Marginal or Unsatisfactory ratings must also be attached.

If a criterion is rated Marginal or Unsatisfactory and the rating is caused by the performance of a subcontractor, the narrative will note this. The narrative will also note the General Contractor's effort to improve the subcontractor's performance.

ASSESSMENT GUIDELINES:

Outstanding (3 points)	Performance among the best level of achievement the City has experienced.
Satisfactory (2 points)	Performance met contractual requirements.
Marginal (1 point)	Performance barely met the lower range of the contractual requirements or performance only met contractual requirements after extensive corrective action was taken.
Unsatisfactory (0 points)	Performance did not meet contractual requirements. The contractual performance being assessed reflected serious problems for which corrective actions were ineffective.

PROCEDURE:

The Resident Engineer will prepare the Contractor Performance Evaluation and submit it to the Supervising Civil Engineer. The Supervising Civil Engineer will review the Contractor Performance Evaluation to ensure adequate documentation is included, the Resident Engineer has followed the process correctly, the Contractor Performance Evaluation has been prepared in a fair and unbiased manner, and the ratings assigned by the Resident Engineer are consistent with all other Resident Engineers using consistent performance expectations and similar rating scales.

The Resident Engineer will transmit a copy of the Contractor Performance Evaluation to the Contractor. Overall Ratings of Outstanding or Satisfactory are final and cannot be protested or appealed. If the Overall Rating is Marginal or Unsatisfactory, the Contractor will have 10 calendar days in which they may file a protest of the rating. The Public Works Agency Assistant Director, Design & Construction Services Department, will consider a Contractor's protest and render his/her determination of the validity of the Contractor's protest. If the Overall Rating is Marginal, the Assistant Director's determination will be final and not subject to further appeal. If the Overall Rating is Unsatisfactory and the protest is denied (in whole or in part) by the Assistant Director, the Contractor may appeal the Evaluation to the City Administrator, or his/her designee. The appeal must be filed within 14 calendar days of the Assistant Director's ruling on the protest. The City Administrator, or his/her designee, will hold a hearing with the Contractor within 21 calendar days of the filing of the appeal. The decision of the City Administrator regarding the appeal will be final.

Contractors who receive an Unsatisfactory Overall Rating (i.e., Total Score less than 1.0) will be allowed the option of voluntarily refraining from bidding on any City of Oakland projects within one year from the date of the Unsatisfactory Overall Rating, or of being categorized as non-responsible for any projects the Contractor bids on for a period of one year from the date of the Unsatisfactory Overall Rating. Two Unsatisfactory Overall Ratings within any five year period will result in the Contractor being categorized by the City Administrator as non-

responsible for any bids they submit for future City of Oakland projects within three years of the date of the last Unsatisfactory overall rating.

Any Contractor that receives an Unsatisfactory Overall Rating is required to attend a meeting with the City Administrator, or his/her designee, prior to returning to bidding on City projects. The Contractor is required to demonstrate improvements made in areas deemed Unsatisfactory in prior City of Oakland contracts.

The Public Works Agency Contract Administration Section will retain the final evaluation and any response from the Contractor for a period of five years. The City shall treat the evaluation as confidential, to the extent permitted by law.
