## **REASON FOR SUPPLEMENTAL**

This report is a supplemental report to the [March 12, 2024 Agenda Report](#). This report describes changes to the proposed resolution.

On March 12, 2024, the resolution was updated to include additional Whereas clauses to explain that a scope of services budget will be developed for each task order executed under the on-call hydrology and stormwater engineering services contract and Council-approved, budgeted funds will be identified prior to task order execution. In addition, a Further Resolved clause was added that will authorize the City Administrator to execute additional professional

services Tier 1 agreements for on-call hydrology and stormwater engineering services to small and very small local firms qualified through an annual prequalification process that will be implemented within the four-year term. Additional Further Resolved clauses were added to clarify that no minimum amount of work is implied or guaranteed, and no appropriation is made as a result of resolution adoption. Additionally, two one-word edits to the last two Further Resolved clauses were made to clarify that multiple on-call contracts are being executed. A redlined version of the resolution is attached.
