RE: SUPPLEMENTAL REPORT AND RESOLUTION AUTHORIZING THE BUDGETARY APPROPRIATION OF MONIES FROM THE SELF-INSURANCE GENERAL LIABILITY FUND (FUND 1100) TO DEPARTMENTS FOR FY 2005-06 AND 2006-07 ALLOCATION OF GENERAL LIABILITY COSTS BASED ON IMPLEMENTATION OF THE "PHOENIX MODEL" OF RISK MANAGEMENT COST ALLOCATION

SUMMARY

This supplemental report and resolution is submitted in conjunction with the original agenda report dated January 25, 2005 under the same title. The allocation amounts in the prior report assumed a loss cap of \$50,000 per occurrence would be applied, as is a common industry practice. The Phoenix Model is based on a "no loss cap" assumption. As a result, the allocation amounts for each department have been modified to reflect a "no loss cap", while the City-wide projected loss amount remains the same. The findings in the attached tables should be used by the Budget Office in establishing the fund amounts within each department.

FISCAL IMPACTS

The total General Liability payout is projected to be \$10,612,110 for Fiscal Year 2005-06 and \$11,287,215 for Fiscal Year 2006-07. The projected loss amounts reported below reflect a "no loss cap" applied to each loss. This will make each department fully responsible for payment of general liability losses, instead of limiting their losses to \$50,000 per occurrence, as is consistent with the Phoenix Model of general liability cost allocation. The following amounts should be allocated to each department:

Department	Allocated Percent of Projected Loss	2005-06 Projected Loss / Proposed Budget	2006-07 Projected Loss / Proposed Budget
Fire Department	7.49%	\$794,868	\$845,435
Parks and Recreation	2.25%	\$238,710	\$253,896
Police Services Agency	35.14%	\$3,728,837	\$3,966,053
Public Works Agency	39.99%	\$4,243,989	\$4,513,977
Other Departments	15.13%	\$1,605,705	\$1,707,854
Total	100.00%	\$10,612,110	\$11,287,215

Note that the figures reported for FY 2006-07 will be modified based on next year's report findings. As such, mid-cycle adjustments may be necessary.

BACKGROUND

The original agenda report scheduled for January 25, 2005 assumed a loss cap of \$50,000 was to be applied to each paid loss at the department level. It was determined that the actual method utilized by the City of Phoenix did not assume this loss cap. This supplemental report reflects a "no loss cap" assumption in the projection of losses to be incurred by each department. The total City-wide projected loss does not change based on this assumption, only the allocation of funds between departments is impacted.

RECOMMENDATION(S) AND RATIONALE

Staff recommends that the City Council approve and adopt the attached resolution authorizing the budgetary appropriation of monies from the Self Insurance General Liability Fund (FUND 1100) to departments for the FY 2005-06 and FY 2006-07 allocation of general liability costs based on the implementation of the "PHOENIX MODEL" of Risk Management Cost Allocation. This information is also reflected in Exhibits LI-27 and LI-28 following this report as amended to reflect the "no loss cap" formulation.
