RE: **Supplemental Information Requested By Committee Members At The February 13, 2007 Meeting Of The Community and Economic Development Committee Regarding The City's Funding Priorities For Projects Eligible For California Cultural And Historical Endowment Grants**

---

### **SUMMARY**

At the February 13, 2007 meeting of the Community and Economic Development Committee, members requested information on potential projects besides, the Fox Theater, that are eligible under the third round of funding by the California Cultural and Historical Endowment (CCHE).

The purpose of the CCHE Program is to preserve, document and interpret 20<sup>th</sup> Century history that demonstrates the evolution of cultural, social, and economic changes. In particular, CCHE is interested in projects that provide discovery and appreciation of California's rich, diverse and changing cultures, especially of those periods and locations of history that have been traditionally under-represented or absent. CCHE is also interested in funding public facility and private cultural institution projects that interpret recent history which have not been well represented.

Many potential projects are park-related, because the CCHE grant focuses particular attention on the preservation of the cultural, social, and economic evolution of 20<sup>th</sup> century history *through existing historical parks, monuments, museums and other facilities*. The Peralta Hacienda Historical Park is in this category and is seeking funding in the third round. The Council received a list of other possible park projects that might be eligible for funding in a January 23, 2007 supplemental report from the Public Works Agency (see attachments).

Staff reviewed the 2005-2010 Adopted City of Oakland Capital Improvement Program and identified the following City and or Agency projects that are not park related and that would seem to meet the CCHE requirements; (1) the Fox Theater renovation, (2) the Paramount Theater, (3) the 16<sup>th</sup> Street Train Station, (4) the Kaiser Convention Center, (5) the Molonga Casquelourd Center for the Arts, (6) the Martin Luther King Jr. Library renovation, and (7) the Cameron-Stanford House preservation and restoration. Each of

these have historic and cultural roots to the greater Oakland community and are in need of some degree of improvement.

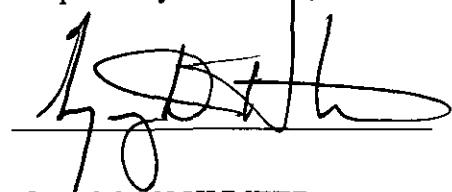

## KEY ISSUES

The CCHE will fund only projects that are currently ready to build and not simply in the concept planning stage. The CCHE application asks for task specific line items that have budget numbers attached. This means that sound cost estimates and bids are needed in order to adequately complete the application. The Fox Theater Renovation Project met all of these requirements. In addition it can meet the March 1, 2007 application deadline. CEDA staff will work with the CCHE, other City departments and all appropriate entities to identify and assist future projects that might qualify for future funding rounds.

## ACTION REQUESTED OF THE AGENCY

Staff recommends that the City Council and Redevelopment Agency accept this informational report.

Respectfully submitted,

GREGORY HUNTER

Interim Director, Redevelopment

Prepared by:

Jeffrey Chew, Project Manager  
CEDA Redevelopment

APPROVED FOR FORWARDING  
TO THE CITY COUNCIL:

Deborah Edgerly
