• Other	155	106	-32%	157	-32%
Motor Vehicle Theft	5,227	3,300	-37%	5,560	-41%
Larceny	4,253	3,493	-18%	4,258	-18%
Arson	63	59	-6%	63	-6%
Total Part 1 Crimes	17,384	12,649	-27%	19,428	-35%

This report is hierarchy based. Crime totals reflect one offense (the most severe) per incident.

These statistics are drawn from the Oakland Police Dept. database. They are unaudited and not used to figure the crime numbers reported to the FBI's Uniform Crime Reporting (UCR) program. This report is run by the date the crimes occurred. Statistics can be affected by late reporting, the geocoding process, or the reclassification or unfounding of crimes. Because crime reporting and data entry can run behind, all crimes may not be recorded.

PNC = Percentage not calculated — [Percentage cannot be calculated.](#)

* Justified, accidental, foetal, or manslaughter by negligence. Traffic collision fatalities are not included in this report.

Homicides sourced from the Crime Analysis Section homicide log. All other data sourced via Coplink Analytics.

Area 1 Homicides – All Investigated Incidents

01 April to 30 September, 2025

Area 1- Captain Steve Toribio

Crime Trends

- Rates for homicide (-31%), robbery (-38%), burglary (-31%), and auto theft (-35%) have all decreased when compared to the year-to-date stats in 2024. Aggravated assaults with firearms showed a slight increase (11%), though the rate is still lower than the three-year average (-3%). Current rates for the other above-mentioned crimes are also lower than the three-year average.

Community Partnerships

- We continued to build close relationships with our various neighborhood/business districts to further abate crime and the fear of crime through both enforcement and non-enforcement efforts.
- Through collaboration with the Uptown Downtown Oakland Community Benefit Districts, we have leveraged Uptown Downtown technology to expedite the acquisition and processing of video evidence, leading to suspect identification and subsequent criminal arrests.
- We have worked with a property manager to establish third-party support for directed enforcement in the Acorn neighborhood, specifically the Acorn Town Center.
- We have worked with the California Highway Patrol, who provided resources in area hot-spots.

Interdepartmental Collaboration

- We work closely with our Real Time Operations Center for Area-specific follow-up and allocation of resources for specialized enforcement.

Area 2 — Capt. Aaron Smith

Area 2 Homicides – All Investigated Incidents

01 April to 30 September, 2025

Area 2- Captain Aaron Smith

Public Safety Update and Strategic Collaborative Efforts

Crime Trends Overview

- **Homicide:** There has been a 17% decrease in our homicides as compared to this time in 2024. All loss of human life is tragic and unacceptable. As the Area 2 Captain, I have work closely with the Homicide Section, Ceasefire, the Crime Gun Intelligence Center and the Real Time Crime Operations Center on each homicide. This regular coordination and communication with key OPD stakeholders lead to positive outcomes and reductions in the loss of lie in our area and our city.
- **Residential Burglaries:** Area 2 has experienced a 20% increase in residential burglaries in our Santa Fe, Golden Gate, Rockridge, Temescal and North Hills neighborhoods. In response by using crime data, I dedicated OPD Patrol resources to being highly visible in the neighborhoods most impacted. I also worked closely with the OPD Real Time Crime Operations Center and the OPD Criminal Investigations Division to identify and arrest those responsible for these crimes. Another strategy I deployed involved using OPD Media to push out safety tips and reminders to our community about alarm systems, lighting, locking doors and being even more observant. These safety tips were also shared at Neighborhood Crime Prevention Council Meetings throughout the area. I believe these strategies will yield decreases in residential burglaries.

Area 2- Captain Aaron Smith

Public Safety Update and Strategic Collaborative Efforts

Crime Trends Overview (Cont'd)

- **Commercial Burglaries:** Commercial burglaries have decreased 61%, from 156 this time last year incidents to 61 during the same period in 2024. This is as a direct result of strategically redeploying our resources based on crime data, making effective use of technology (FLOCK, Real Time Crime Operations Center), working closely with our business improvement districts, and educating our retail partners on effective crime prevention.
- **Auto Burglaries:** Auto burglaries are down 11% from this same time last year. This decrease is a reflection of collaboration with our business improvement districts to spread the word, being responsive to crime data by deploying our Patrol resources accordingly and educating our visitors on safeguarding their belongings.
- **Robberies:** We've achieved a 60% decrease in robberies. I believe this reduction reflects the effective deployment of resources using crime data, effectively deploying the use of technology like FLOCK cameras through the OPD Real Time Crime Operations Center and the Criminal Investigations Division (Robbery) to rapidly apprehend those responsible for these robberies.

Area 3 — Capt. Alan Yu

Part 1 Crimes <i>All totals include attempts except homicides</i>	04-01-2024 through 09-30-2024	04-01-2025 through 09-30-2025	% Change 2024 vs. 2025	3-Year Average	2025 vs. 3-Year Average

Area 3 Homicides – All Investigated Incidents

01 April to 30 September, 2025

Area 3- Captain Alan Yu

Public Safety Update and Strategic Collaborative Efforts

- We remain committed to a comprehensive and collaborative approach to reducing gun-related violence, robberies, and human trafficking in our community. Through close partnerships with the Department of Violence Prevention, Department of Transportation, Vice Unit, U.S. Marshals, FBI Task Force, and community stakeholders, we continue to implement intelligence-led policing strategies focused on enhancing public safety.
- **Crime Trends Overview:**
 - **Homicides:** During the reporting period, homicides decreased by 33%, from 12 incidents to 8, reflecting progress in our violence reduction efforts.
 - **Robberies:** Robberies experienced a significant 43% decrease over the same six-month period, indicating the effectiveness of targeted enforcement and community-based strategies below.
- **Focused Enforcement Initiatives:** The Special Resources Section West remains actively engaged in combating human trafficking and street-level prostitution—both of which are closely linked to incidents of robbery and gun violence. These efforts are essential in addressing root causes and enhancing overall neighborhood safety.
- **Addressing Gambling-Related Violence:** Illicit gambling establishments continue to contribute to violent crime in the area. CROs have executed search warrants at multiple locations, leading to the recovery of over 15 firearms and recovering evidence.
- **E12th Encampment Closure/Cleanup:** In May 2025, OPD, PW and EMT collaborated one of the largest encampment cleanups of the E12th Encampment.

Area 4 Homicides – All Investigated Incidents

01 April to 30 September, 2025

Area 4 — Captain Francisco Rojas

Public Safety Update and Strategic Collaborative Efforts

- Overall, Part 1 crimes are down 31% year-to-date, reflecting the effectiveness of our ongoing initiatives. (See slide above)
- Continue to enforce thorough preliminary investigations (Patrol Officers) while working with our Criminal Investigations Division on follow-up request.
- Worked closely with SRS East and Ceasefire which will continue to focus on individuals driving the violence in robberies and assaults.
- Prioritized Ceasefire strategies and referrals with requests for outreach and prevention.
- Strengthen collaboration with our city leaders and law enforcement partners, including the California Highway Patrol (CHP), Alameda County Sheriff's Office (ACSO), and BART Police (BPD).

Area 4 — Captain Francisco Rojas

Public Safety Update and Strategic Collaborative Efforts

- Reviewed ShotSpotter activity while gathering intelligence and deploying available resources to those areas.
- Engage merchants to identify recent crime trends.
- Partner with Project Dignity and Public Works to reduce blight and increase community quality of life.
- When possible, have tac units engage in robbery and Violence Suppression to focus on identified locations with increased robberies and aggravated assaults.
- Ensure continuous community engagement with our CRO's and Foot Patrol officers to identify the concerns and needs of the community in a timely manner.
- Leverage modern technology to assist in the identification of suspects involved in criminal activities.

Area 5 — A/Capt. William Febel

Area 5 Homicides – All Investigated Incidents

01 April to 30 September, 2025

Area 5 – A/Captain William Febel

Public Safety Update and Strategic Collaborative Efforts

- Area 5's main focus is preventing violent crime, primarily Murders, Shootings, and Robberies.
- Currently Area 5 is down 33% in murders, from 9 last year at this time to 6 this year.
- Area 5 is currently down 17% in Aggravated Assault and down 7% in Robberies.
- In response, Area 5 staff deployed the **following measures** to continue to reduce the increase in Shootings and Robberies:
 - Continued intelligence briefings to identify possible groups or gangs escalating violence.
 - Continued Patrol briefings to ensure all stakeholders have timely and relevant information of the conflicts driving the violence in Area 5.

Area 5 – A/Captain William Febel

Public Safety Update and Strategic Collaborative Efforts

- Reviewed ShotSpotter activity while gathering intelligence and deploying available resources to those areas.
- Proactive collaboration with DVP (Department of Violence Prevention) who assists with reaching out to involved parties to prevent further violence.
- Prioritized Ceasefire strategies and referrals with requests for outreach and prevention.
- Ensure quality preliminary investigations and canvasses are being completed in the field and in partnership with CID (Criminal Investigations Division).
- Request assistance from CHP to monitor our high injury network areas and locations of robberies.
- During this reporting period we requested assistance from OPD Motors to address traffic concerns in designated areas.

Area 6 — Capt. Gordon Dorham

Total Part 1 Crimes	2,312	1,450	-37%	2,901	-50%

This report is hierarchy based. Crime totals reflect one offense (the most severe) per incident.

These statistics are drawn from the Oakland Police Dept. database. They are unaudited and not used to figure the crime numbers reported to the FBI's Uniform Crime Reporting (UCR) program. This report is run by the date the crimes occurred. Statistics can be affected by late reporting, the geocoding process, or the reclassification or unfounding of crimes. Because crime reporting and data entry can run behind, all crimes may not be recorded.

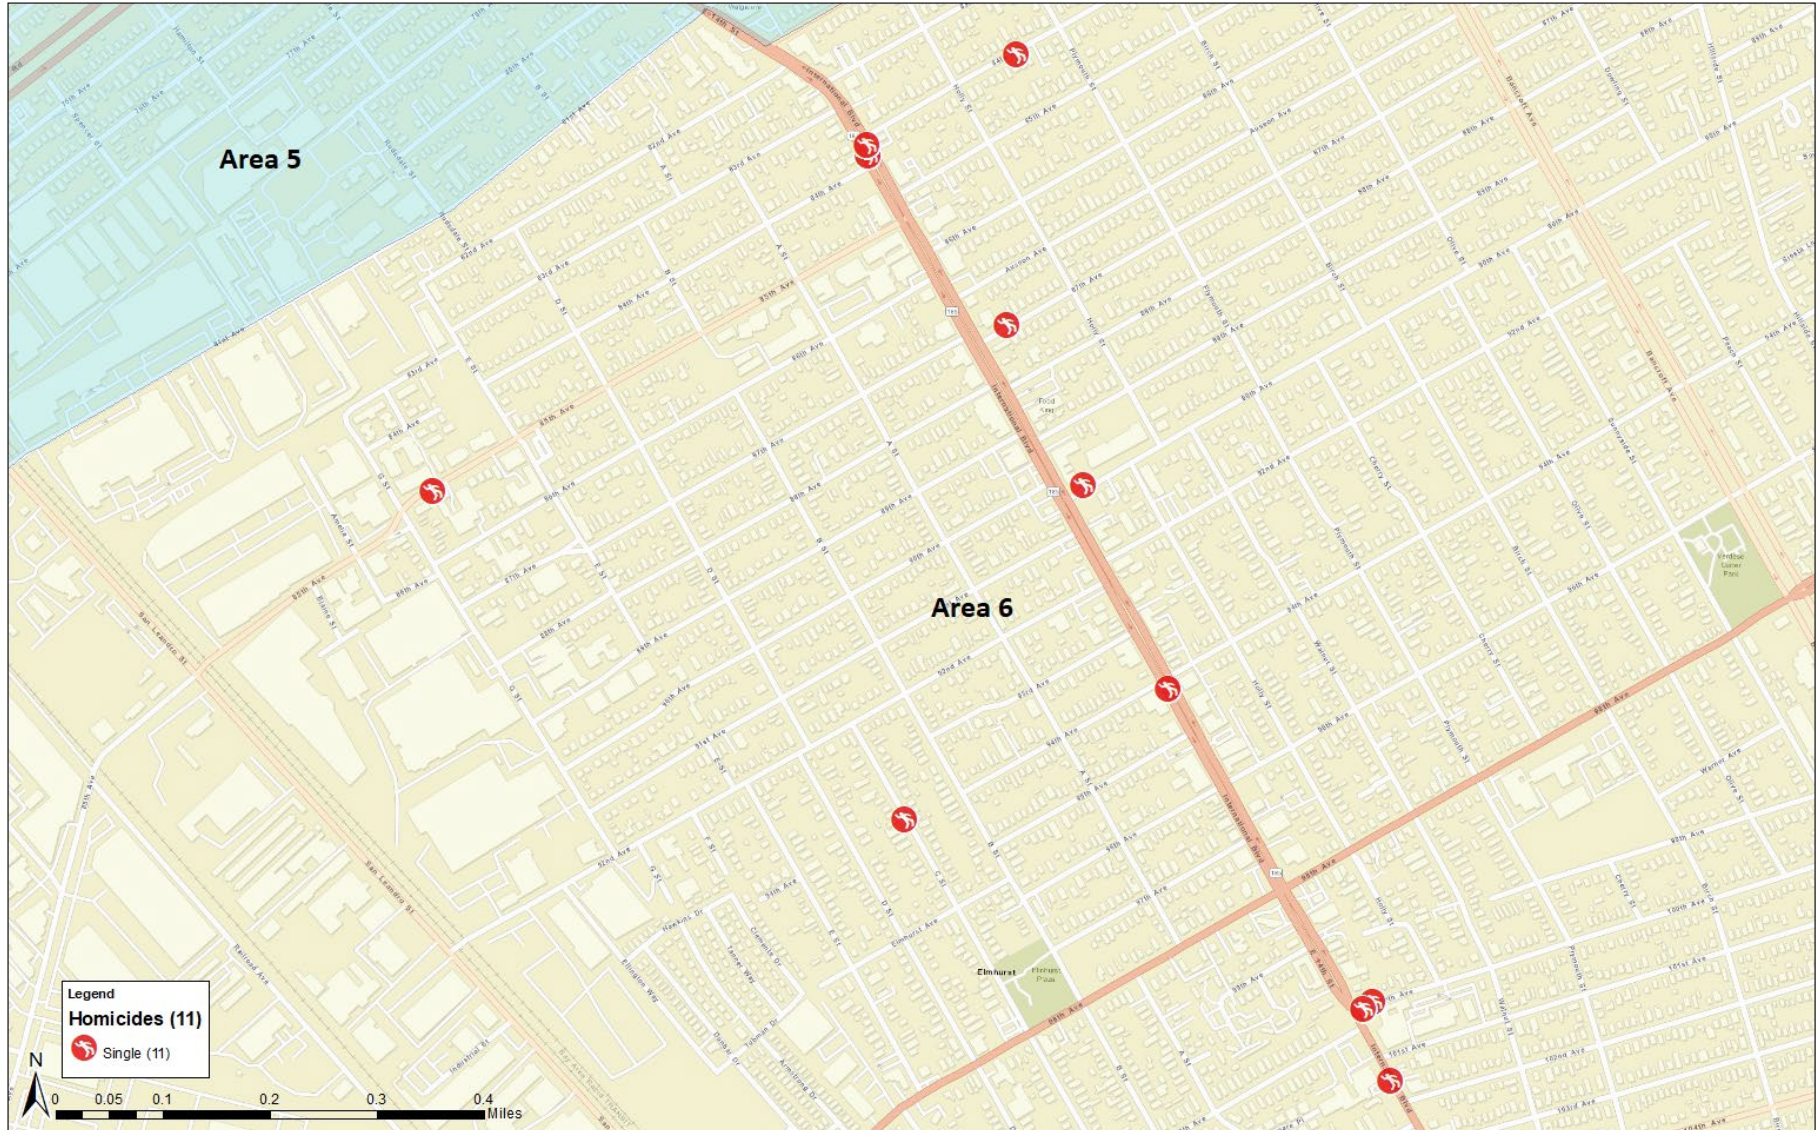

PNC = Percentage not calculated — [Percentage cannot be calculated.](#)

* Justified, accidental, foetal, or manslaughter by negligence. Traffic collision fatalities are not included in this report.

Homicides sourced from the Crime Analysis Section homicide log. All other data sourced via Coplink Analytics.

Area 6 Homicides – All Investigated Incidents

01 April to 30 September, 2025

Area 6 – Captain Gordon Dorham

- **Public Safety Update and Strategic Collaborative Efforts**
- Area 6's primary focus is preventing violent crime and supporting local merchants with focused resource deployments.
- Area 6 is experiencing an overall decrease of 47% in Part 1 Crimes.
- Auto Burglaries are down by 60% compared to 2024.
- Robberies are down 27% compared to 2024.
- Aggravated assaults with a firearm are down 35% compared to 2024.
- Homicides are down by 47% compared to 2024.
- In response, Area 6 staff deployed the following measures to continue to reduce violent and Part 1 Crimes:
- Continued Data intelligence to identify possible groups or gangs escalating violence.
- Worked closely with the SRS East Teams and Ceasefire, which will continue to focus on individuals driving the violence.

Area 6 – Captain Gordon Dorham

- **Public Safety Update and Strategic Collaborative Efforts**
- Prioritized Ceasefire strategies and referrals with requests for outreach and prevention.
- Increased partnership with DVP (Department of Violence Prevention), who will assist with reaching out to involved parties to prevent further violence.
- Conducted weekly meetings with all stakeholders, law enforcement partners, and city leaders.
- Work with local merchants and stakeholders to conduct CPTED evaluations for long-term burglary mitigation solutions.
- Reviewed ShotSpotter activity while gathering intelligence and deploying available resources to those areas.
- Continue to enforce thorough preliminary investigations (Patrol Officers) while working with our Criminal Investigations Division on follow-up requests.
- Worked with Oakland Department of Public Works and the Encampment Management Policy to clean and clear unhoused encampments in accordance with City policies and the law.
