bonds are retired and/or as the tax base grows, though the property tax rate may vary due to other factors; now, therefore be it

RESOLVED: That the Oakland City Council does hereby submit to the voters, at the November 5, 2024 General Municipal Election, the Ordinance, which reads as follows:

The people of the City of Oakland do ordain as follows:

SECTION 1. TITLE AND PURPOSE.

- A. TITLE. This Ordinance may be cited as the “2024 Cultural Facility Infrastructure Bond.”
- B. PURPOSE. The object and purpose of the authorized indebtedness will be to acquire and improve real property including, but not limited to the acquisition, improvement, rehabilitation, preservation, construction, and repair of City facilities for access improvements under the Americans with Disabilities Act (“ADA Accessibility Improvement”), historic preservation, safety and security, visitor amenities, educational facilities, environmental sustainability, and exhibits and collections storage.

SECTION 2. California Environmental Quality Act (“CEQA” Findings.

This action is not a project under the California Environmental Quality Act (“CEQA”) because the establishment of a government financing mechanism that does not involve any commitment to specific projects to be constructed with bond funds does not meet the definition of a project under CEQA and the CEQA Guidelines. The use of bond proceeds to finance any specific project or portion of any specific project will be subject to approval of the applicable decision-making body at that time, upon completion of planning and any further required environmental review under CEQA. Even if this action was to be deemed a project, it would be exempt from CEQA in accordance with CEQA Guidelines Section 15061, subdivision (b)(3), because it can be seen with certainty that there is no possibility that the action authorized herein may have a significant effect on the environment.

SECTION 3. IMPROVEMENT PROJECT PLAN

- A. The acquisition or improvement of real property approved by this measure to be funded by the issuance and sale of not to exceed \$182 million in bonds includes but is not limited to the acquisition, improvement, rehabilitation, preservation, construction, and repair of City facilities for ADA Accessibility Improvements, historic preservation, safety and security improvements, exhibit and collection storage improvements, visitor amenities, educational facilities, and environmental

sustainability enhancements for the facilities and in the amounts stated in this Section 3.A. All dollar amounts included are estimates at the time of adoption of this Ordinance and are not commitments or guarantee that specific amounts will be spent on particular projects.

1. Approximately \$98 million at the Oakland Museum of California;
 2. Approximately \$55 million at Chabot Space and Science Center;
 3. Approximately \$22 million at Children’s Fairyland;
 4. Approximately \$9 million at Peralta Hacienda Historical Park
- B. The final cost of each project will be determined as plans are finalized, construction bids are awarded, and projects are completed. Proceeds of the bonds may be used to pay or reimburse the City for the costs of City staff when they are performing work on or necessary and incidental to such projects.
- C. The order in which the projects appear in Section 3.A above is not an indication of priority for funding or completion or a guarantee that any such projects will be completed. Projects will be completed as needed according to City priorities. Completion of some projects may be subject to additional environmental or other government approvals by state or local officials.
- D. Contractors, City departments, and/or the operators of the facilities listed in Section 3.A shall comply with all applicable City laws when awarding contracts or performing work funded with the proceeds of Bonds authorized by this measure, including but not limited to compliance with the City of Oakland's Local and Small Local Business Enterprise (L/SLBE) Program Ordinance.

SECTION 4. Tax and Indebtedness.

To provide financing for the purposes and projects identified in Section 1 of this Ordinance, the City shall be authorized to issue and sell bonds in one or more series in an amount up to \$182 million in aggregate principal amount subject to the accountability safeguards specified in Section 5, 6, and 7 of this Ordinance. The maximum rate of interest on the bonds shall be 12% per annum, though the City expects to issue the bonds at market rates prevailing at the time of issuance. Said interest shall be payable semiannually, except that interest for the first year after the date of the bonds may be made payable at the end of said year.

The City's current goal is to keep the ad valorem property tax rate levied by the City to service its voter-approved indebtedness during each year bonds authorized by this Ordinance are outstanding at or below the estimated fiscal year 2022-2023 tax rate, as projected by the City as

of the date each series of bonds are issued under this Ordinance, by issuing new bonds under this Ordinance as older indebtedness are retired and/or as the tax base grows, though the actual property tax rate levied in each fiscal year may vary based on other factors. The City's current goal shall not be construed as impairing or limiting the obligation of the City to levy taxes as necessary to pay principal and interest on the bonds authorized and issued under this Ordinance and applicable law. In accordance with this goal, the City's Debt Management Policy includes a General Obligation Bond Policy to maintain the ad valorem property tax rates levied by the City to service its voter-approved indebtedness at or below the fiscal year 2022-2023 rate with respect to future City general obligation bond issuances.

The City's best estimate of the ad valorem tax rate required to be levied on all taxable property in the City to pay debt service on the total amount of the proposed bonds (\$182 Million) is projected to average \$[REDACTED] per year per \$100,000 of assessed property valuation while bonds are outstanding. Such estimation shall not be construed to limit the power and duty of the City Council to cause to be levied and collected a tax sufficient to pay debt service on the bonds in any fiscal year, which are secured by an unlimited ad valorem tax on all eligible property in the City.

SECTION 5. Deposit of Bond Proceeds

The net proceeds of the bonds shall be deposited into a special trust account with or established by the Treasury of the City of Oakland and shall be allocated and expended at the direction of the City Council for purposes set forth in Section 1 of this Ordinance.

SECTION 6. Financial Audits and Citizen Oversight

As long as any authorized bond proceeds have not been spent, an annual independent audit shall be performed by an external entity to ensure accountability and proper disbursement of the bond proceeds in accordance with the objectives stated herein.

The City Council shall assign to the Affordable Housing & Infrastructure Bonds Oversight Committee the responsibility for citizen oversight of this measure. This Board or Commission shall review relevant financial and operational reports related to the expenditure of bond proceeds and provide reports to the City Council when necessary. In addition, the Board or Commission should evaluate the impacts and outcomes of bond expenditures on the bond measure's stated goals.

SECTION 7. Debt Service Fund

For the purpose of paying the principal and interest on the bonds, the City shall, annually levy and collect a tax sufficient to pay the annual interest on such bonds as it becomes due and

such part of the principal that will become due before the proceeds of the next general tax levy is available for the payment of such principal. The City shall establish and separately maintain such collected tax revenues in a debt service fund until the bonds and the interest thereon are fully paid, or until a sum is set apart to pay all amounts that will be due to cover the principal and interest on the bonds in the Treasury of the City of Oakland or held on behalf of the City.

SECTION 8. Savings Clause.

If any provision, sentence, clause, section or part of this Ordinance is found to be unconstitutional, illegal or invalid, such unconstitutionality, illegality, or invalidity shall not affect or impair any of the remaining provisions, sentences, clauses, sections or parts of this ordinance. It is hereby declared that the voters would have adopted this Ordinance if such unconstitutional, illegal or invalid provision, sentence, clause section or part thereof not been included herein.

SECTION 9. Effective Date.

This Ordinance shall be effective only if it is approved by two-thirds of the voters voting thereon and shall go into effect ten (10) days after the vote is declared by the City Council.

SECTION 10. Duties of the Director of Finance.

It shall be the duty of the Director of Finance to collect and receive all taxes imposed by this Ordinance. The Director of Finance is charged with the enforcement of this Ordinance and may adopt rules and regulations relating to such enforcement.

SECTION 12. Term of Tax Imposition.

The ad valorem taxes enacted by this Ordinance shall be imposed and levied until the authorized indebtedness is fully paid. The City shall place delinquencies on subsequent tax bills.

SECTION 13. Compliance.

Under Section 53410 of the California Government Code, the bonds shall be for the specific purposes authorized in this Ordinance and the proceeds of such bonds will be applied only for such specific purposes. The City will comply with the requirements of Sections 53410(c) and 53410(d) of the California Government Code.

SECTION 14. Changes in Law.

All provisions of this Ordinance and bond measure shall be subject to the applicable laws in effect as of the date of issuance of any bonds issued under the measure.

; and be it

FURTHER RESOLVED: That the City proposes to issue and sell general obligation bonds of the City of Oakland, in one or more series, in the maximum amount and for the objects and purposes set forth herein and to coordinate with the operators of the Chabot Space and Science Center, Children’s Fairyland, Oakland Museum of California, and Peralta Hacienda Historical Park regarding the management of the Projects; and be it
