RECOMMENDATION

Staff Recommends the City Council Receive A Report On The Status Of The Public Bank Feasibility Study.

BACKGROUND

At the November 29, 2016 City Council meeting, the City Council (Council) adopted a resolution directing the City Administrator to prepare an informational report in 90 days with the cost estimates of commissioning a study analyzing the feasibility and economic impact of establishing a public bank for or including the City of Oakland, and providing funding options for the feasibility study (Attachment A). This informational report provides a status of these efforts to date.

ANALYSIS

Since the Council's direction, staff met with representatives of the Friends of the Public Bank of Oakland to solicit their input and information regarding public banking, and discussed next steps regarding a feasibility study. As a result, the Treasury Bureau issued a Request for Qualifications (RFQ) on Friday, February 3, 2017 seeking qualified individuals or firms to conduct a Feasibility Study of Public Banking for the City of Oakland (Attachment B).

The RFQ scope of services focuses on a preliminary comparison of the City's current financial model (including the benefits and risks of current banking/financing practices) with other financial models, particularly public banking in the United States. The RFQ states that any analysis should take into account the financial and population demographics of the City. This preliminary comparison must also include measurable factors of City banking, which include, but are not limited to the following: debt serving costs, profits returned to the City, municipal and other tax revenue, and other key areas of economic concern. If this preliminary analysis demonstrates a well-founded need for further studies into Public Banking, a full feasibility study will be considered. Respondents are also required to answer a set of questions focused on the feasibility of implementing a public bank in Oakland as well as providing banking services to the cannabis industry. Item C in Attachment B lists the required respondent qualifications. The Friends of the Public Bank of Oakland provided input which informed staff's drafting of the RFQ.

Responses to the RFQ are due Friday, February 24, 2017. Staff will verbally update the Finance & Management Committee at the February 28, 2017 meeting on RFQ responses received, and will continue to update the Committee during this process.

23. Local and Small Local Business Enterprise Program (L/SLBE)

- a. *Requirement* – For Professional Services, **50% Local and Small Local Business Enterprise Program (L/SLBE)**: there is a 50% minimum participation requirement for all professional services contracts over \$50,000. Consultant status as an Oakland certified local or small local firm and subcontractor/subconsultant status as an Oakland certified local or small local firm are taken into account in the calculation. The requirement may be satisfied by a certified prime consultant and/or sub-consultant(s). A business must be certified by the City of Oakland in order to earn credit toward meeting the fifty percent requirement. The City has waived small local business enterprise (SLBE) subcontracting requirements for Oakland certified local businesses that apply for professional services contracts as the prime consultant with the City. The SLBE requirements still applies for non-certified LBEs and non-local business enterprises.
- b. Good Faith Effort - In light of the fifty percent requirement, good faith effort documentation is not necessary.
- c. Preference Points – Preference points are earned based on the level of participation proposed prior to the award of a contract. Upon satisfying the minimum fifty

- percent requirement, a consultant will earn two (2) preference points. Three additional preference points may be earned at a rate of one point for every additional ten percent participation up to eighty percent participation of the total contract dollars spent with local Oakland certified firms.
- d. A firm may earn up to five (5) preference points for local Oakland business participation and additional preference points for being a long term certified business in Oakland regardless of size and for having an Oakland workforce.
 - e. In those instances where VSLBE participation is evident, the level of participation will be double-counted towards meeting the requirement.
 - f. Additional Preference Points. For Request for Proposal (RFP) and Request for Qualifications (RFQ), additional Preference Points may be earned for having an Oakland workforce on Non-Construction Contracts
 - g. Earning extra preference points for having an existing work force that includes Oakland residents is considered added value. The Request for Proposal “evaluation” process allows for additional preference points over and above the number of points earned for technical expertise. Typically 100 points may be earned for the technical elements of the RFP. Preference points are awarded over and above the potential 100 points.
 - h. The Exit Report and Affidavit (ERA) – This report declares the level of participation achieved and will be used to calculate banked credits. The prime consultant must complete the **Schedule F, Exit Report and Affidavit** for, and have it executed by, each L/SLBE sub consultant and submitted to the Office of the City Administrator, Contracts and Compliance Unit, along with a *copy* of the final progress payment application.
 - i. Joint Venture and Mentor Protégé Agreements. If a prime contractor or prime consultant is able to develop a Joint Venture or “Mentor-Protégé” relationship with a certified LBE or SLBE, the mentor or Joint Venture partners will enjoy the benefit of credits against the participation requirement. In order to earn credit for Joint Venture or Mentor-Protégé relationships, the Agreement must be submitted for approval to the Office of the City Administrator, Contracts and Compliance Unit, prior to the project bid date for construction, and by proposal due date for professional services contracts. Joint Venture Applications and elements of City approved Mentor Protégé relation are available upon request.
 - j. Contractor shall submit information concerning the ownership and workforce composition of Contractor’s firm as well as its subcontractors and suppliers, by completing **Schedule D, Ownership, Ethnicity, and Gender Questionnaire**, and **Schedule E, Project Consultant Team**, attached and incorporated herein and made a part of this Agreement.

- k. All affirmative action efforts of Contractor are subject to tracking by the City. This information or data shall be used for statistical purposes only. All contractors are required to provide data regarding the make-up of their subcontractors and agents who will perform City contracts, including the race and gender of each employee and/or contractor and his or her job title or function and the methodology used by Contractor to hire and/or contract with the individual or entity in question.
- l. In the recruitment of subcontractors, the City of Oakland requires all contractors to undertake nondiscriminatory and equal outreach efforts, which include outreach to minorities and women-owned businesses as well as other segments of Oakland's business community. The City Administrator will track the City's MBE/WBE utilization to ensure the absence of unlawful discrimination on the basis of age, marital status, religion, gender, sexual preference, race, creed, color, national origin, Acquired-Immune Deficiency Syndrome (AIDS), AIDS-Related Complex (ARC) or disability.
- m. In the use of such recruitment, hiring and retention of employees or subcontractors, the City of Oakland requires all contractors to undertake nondiscriminatory and equal outreach efforts which include outreach to minorities and women as well as other segments of Oakland's business community.

24. Living Wage Ordinance

Compensated days off – Said employees shall be entitled to twelve compensated days off per year for sick leave, vacation or personal necessity at the employee's request, and ten uncompensated days off per year for sick leave. Employees shall accrue one compensated day off per month of full time employment. Part-time employees shall accrue compensated days off in increments proportional to that accrued by full-time employees. The employees shall be eligible to use accrued days off after the first six months of employment or consistent with company policy, whichever is sooner. Paid holidays, consistent with established employer policy, may be counted toward provision of the required 12 compensated days off. Ten uncompensated days off shall be made available, as needed, for personal or immediate family illness after the employee has exhausted his or her accrued compensated days off for that year.
- d. Contractor shall provide a copy of said list to the Division of Contracts and Compliance, on a quarterly basis, by March 31, June 30, September 30 and December 31 for the applicable compliance period. Failure to provide said list within five days of the due date will result in liquidated damages of five hundred dollars (\$500.00) for each day that the list remains outstanding. Contractor shall maintain employee payroll and related records for a period of four (4) years after expiration of the compliance period.
- h. Contractor shall require subcontractors that provide services under or related to this Agreement to comply with the above Living Wage provisions.
