RE: **A Report And A Resolution Granting The Roman Catholic Welfare Corporation Of Oakland A Conditional And Revocable Permit To Allow The Installation Of A Portable Classroom Building Located At 2225 81st Avenue To Encroach Into A Closed Portion Of The Public Right-Of-Way**

SUMMARY

A resolution has been prepared granting the property owner, Roman Catholic Welfare Corporation of Oakland (RCWCO), a conditional and revocable permit (EMNJ 09055) to allow a modular classroom to be installed in a closed portion of 81st Avenue adjacent to Arroyo Creek and Saint Benedict's Church. The building will serve the adjoining Aspire Millsmont Secondary Academy charter school.

FISCAL IMPACT

Staff costs for processing the proposed encroachment permit are covered by fees set by the Master Fee Schedule and have been paid by the developer and were deposited in the special revenue Development Service Fund (2415), Engineering Services organization (88432), Encroachment Permits account (42314), Engineering and Architectural Plan Approval (PS30). The standard conditions of the encroachment permit require the property owner to maintain liability and property damage insurance and to include the City as a named insured.

KEY ISSUES AND IMPACTS

The modular classroom (24 feet wide, 60 feet long) is a state-approved portable building which will be installed on removable supports (permits B0901712, E0902154, CU09083). The "trailer" will be positioned near Arroyo Creek (permit CP09077). The street was closed to traffic in 1959 by Resolution No. 37874 C.M.S. to allow Saint Benedict's church (APN 040-3376-005-01) to use the right-of-way as a playground. The proposed resolution will expand the use of the right-of-way to include the classroom for Aspire Millsmont Secondary Academy charter school.

Oakland Municipal Code Section 12.08.030 requires that these types of encroachments receive approval of the City Council. The Council previously approved a similar temporary encroachment in a closed portion of Alice Street for construction at Lincoln Elementary School.

SUSTAINABLE OPPORTUNITIES

Economic

The modular classroom will facilitate the expansion of the charter school student body.
