Date: 09/24/2025

## **RECOMMENDATION**

**Staff Recommends That The City Council Receive The Informational Cash Management Report For Fiscal Year 2024-2025 Fourth Quarter Ended June 30, 2025.**

## **EXECUTIVE SUMMARY**

As a continued best practice and in accordance with the City's Investment Policy, the Finance Department submits a quarterly informational cash management report to the City Council. For Fiscal Year 2024-2025 Fourth Quarter ending June 30, 2025, the City's Operating Pool Portfolio had a balance of \$2.28 billion and yielded 4.03 percent, while the Successor Agency's Portfolio had a balance of \$21.97 million and yielded 4.21 percent.

## **BACKGROUND / LEGISLATIVE HISTORY**

The Cash Management Report summarizes the characteristics of the investment portfolios for the quarter. The City and Successor Agency's Portfolio composition includes safety, creditworthiness, liquidity, and diversity. As of June 30, 2025, the portfolios comply with the Investment Policy of the City for Fiscal Year (FY) 2024-25. The portfolios' credit quality remains high and well within Investment Policy parameters. Liquidity remains sufficient to meet projected cash flow needs for the next six months.

**Attachment A** provides each portfolio's current market value and yield as of June 30, 2025, as well as comparisons to other market benchmarks. This report confirms that no leverage (use of debt to supplement investments) was utilized, nor were derivatives (such as interest rate swaps, futures, or options) held during the reporting period. Also included are reviews of key economic factors that may affect the portfolio's potential investment results.

## **ANALYSIS AND POLICY ALTERNATIVES**

### ***Cash Position***

The City's Operating Pool Portfolio balances increased from \$2.12 billion as of March 31, 2025, to \$2.28 billion as of June 30, 2025. This net balance increase was mainly due to the following: receipt of \$254.85 million in property tax revenues, offset by debt service payments of approximately \$5.04 million. The remaining balance decrease of approximately \$90.08 million is due to the receipt of other revenues, such as Sales Tax, offset by operational expenses such as payroll and vendor payments.

The Successor Agency's portfolio increased from a balance of \$16.99 million as of March 31, 2025, to a balance of \$21.97 million as of June 30, 2025. The portfolio increased due to the receipt of \$5.4 million for the Recognized Obligation Payment Schedule ("ROPS"), offset by other vendor payments.

The City's and Successor Agency's investment portfolios are effectively managed for safety, liquidity, and yield in compliance with the City's Investment Policy, which supports the Citywide priority of a **responsive and trustworthy government**.

### ***Yield Comparison***

The effective rate of return on total assets in the City's Operating Pool Portfolio for the month ending June 30, 2025, was 4.03 percent. The effective rate of return on total assets in the Successor Agency's Portfolio for the month ending June 30, 2025, was 4.21 percent. The yields differ between the City and Successor Portfolios because the Successor Portfolio has a lower fund balance and a shorter investment horizon due to cash flow needs. The City Portfolio has a more stable long-term investment horizon, allowing for longer-term securities that typically have higher yields. Note that the current yield curve is relatively inverted up to one year, and long-term securities are yielding higher returns than short term securities now.

The City Portfolio underperformed the one-year government agency benchmark, which had a yield of 4.11 percent, as the 1-year government agency yield has already priced in future interest rate expectations, and City Portfolio underperformed the Local Agency Investment Fund (LAIF), which had a yield of 4.27 percent.

The performance comparison to LAIF should be considered in the context of LAIF's historical tendency to lag market changes in rising and falling interest rate environments. Moreover, the City does not actively sell securities in the portfolio to take advantage of cyclical swings in the market, which could result in the loss of principal. Rather, the primary investment objective of the City for the portfolio is to maximize safety, liquidity, and return in that respective order.

### **FISCAL IMPACT**

This item is for informational purposes only and does not have a direct fiscal impact or cost.

### **PUBLIC OUTREACH / INTEREST**

This item did not require additional public outreach other than posting on the City's website.

### **COORDINATION**

This report was prepared by the Finance Department and the Treasury Bureau.

### **SUSTAINABLE OPPORTUNITIES**

***Economic:*** The Cash Management Report summarizes the characteristics of the investment portfolios for the quarter. The portfolios' credit quality remains high and well within the City's Investment Policy parameters. Liquidity for both portfolios remains sufficient to meet the City's projected needs.

***Environmental:*** To the extent that new investment opportunities are found in companies, if or when financially prudent, that are involved in environmentally positive activities, the City will consider investing in these companies (i.e., Commercial Paper, Medium Term Notes, etc.) if permitted by the City Investment Policy.

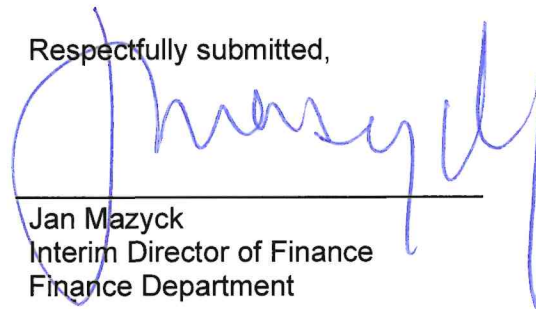

***Race & Equity:*** There are no race & equity opportunities associated with this report.

**ACTION REQUESTED OF THE CITY COUNCIL**

**Staff Recommends That The City Council Receive The Informational Cash Management Report For Fiscal Year 2024-2025 Fourth Quarter Ended June 30, 2025.**
