CITY HALL • 1 FRANK H. OGAWA PLAZA, 3rd FLOOR • OAKLAND,
CALIFORNIA 94612

Office of the Mayor
Honorable Libby Schaaf
Mayor

(510) 238-3141
Fax (510) 238-4731

Letter of Appointment

January 31, 2022

The Honorable City Council
One Frank H. Ogawa Plaza, Second Floor
Oakland, CA 94612

Dear President Bas and members of the City Council:

Pursuant to City Charter Section 601, the Mayor has reappointed the following person as a member of the following board or commission, subject to City Council confirmation:

Head Start Advisory Board

Aly Bonde, to the Head Start Advisory Board for a three-year term that will begin March 12, 2021 and will end March 11, 2024 filling the seat previously held by Iris Brody.

Gwendolyn Howard, to the Head Start Advisory Board for a three-year term that will begin March 12, 2021 and will end March 11, 2024 filling the seat previously held by Nayeli Bernal.

Mariamawit Tamerat, to the Head Start Advisory Board for a three-year term that will begin March 12, 2021 and will end March 11, 2024 filling the seat previously held by Aisha Brown.

Thank you for your assistance in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Libby Schaaf".

Head Start Advisory Board: Submitted

Interests & Experiences**Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.**

My interest in serving Head Start derives from my professional experiences working in education and family-centered economic security policy as well as my personal experiences navigating social safety net services. Decades of academic research have shown that the most effective way to advance equitable economic mobility is to make investments in children that are early, targeted, and deep. Head Start is the cornerstone investment in Oakland children and families that can position them for not just educational success but for intergenerational economic mobility. As a former special needs teacher and child care worker, I've seen first hand the incredible lifelong impact that Early Childhood Education can have, as well as the challenges of operating programs even under the most favorable conditions. The two years I spent as an instructional aide for students with learning differences will always be both the most challenging - and rewarding - job of my life. Throughout my career I have developed a deep knowledge of the complex nuances of local government systems, policies, and programs, particularly here at home in Oakland. I'm familiar with the legislative process, ethics rules, Roberts Rules of Order, the Brown Act, and the Sunshine Ordinance. I have a deep appreciation for the difficult jobs, hard work, and commitment of Oakland's city staff and elected leaders.

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

My goal is to be considered as the Community Representative on the Head Start Advisory Board. To serve as an advisory board member. I know this program and the Oakland community firsthand. I live here, and I am a product of the Oakland school systems. Oakland is complex and interesting. Oakland needs people who have a connection to the community and who understand how to best serve our vulnerable families.

Please submit your resume or curriculum vitae. You may upload a document. (A Word format is preferred.) Alternatively, you may paste the text of your resume in the field provided below.

CLINICAL ACTIVITIES

CLINICAL ACTIVITIES SUMMARY

Throughout my post residency career in Pediatrics, I have cared for patients from birth to 21 years of age in a variety of settings at UCSF Benioff Children's Hospital Oakland, including inpatient, outpatient and in our Emergency Department Annex (Urgent Care).

In 2013, I was selected to serve as pediatric chief resident of the residency program at UCSF Benioff Children's Hospital Oakland. I joined the medical staff at that time as a full time physician. I spent 25% of my time as a Pediatric Hospitalist Attending on the tertiary care inpatient service supervising general pediatric interns and residents, visiting family medicine interns and visiting 4th medical students. I spent 33% of time in our academic primary care clinic as an attending physician. During that time, I had a half day attending continuity clinic and spent 4 days a week teaching and supervising general pediatric interns and residents and visiting 4th year medical students during their continuity clinic and primary care outpatient rotations. The rest of my time as a chief resident was administrative. I co-managed the orientation, daily education and schedule for 90 residents and over 70 visiting medical students. I actively participated in recruiting, interviewing and reviewing applications for our Pediatric Residency program. I attended and represented the Graduate Medical Education department at multiple weekly hospital wide committee meetings.

Since the completion of my chief residency year until the end of 2019, I continued my position at UCSF Benioff Children's Hospital Oakland as an attending physician in the Hospitalist program directly supervising pediatric and family medicine residents, medical students and working closely with social workers and mental health providers. I have also continued as an attending physician in our Outpatient Primary Care department directly supervising residents, medical students and working closely with social workers, mental health providers and case management. I have 2 half day per week Attending continuity clinics and I take call by phone for primary care, adolescent health and the Juvenile Justice Center.

Since 2016, I have led or participated in multiple quality improvement (QI) projects in the Primary Care department. These projects consisted of a QI project with hospital leadership to understand and address clinical and administrative inefficiencies and a longitudinal QI project "Dramatic Performance Improvement" with an outside consultant with achieved goals of reducing "patient cycle time", patient "no show rates", and improving phone wait times. I currently serve on our Federally Qualified Health Center Quality Improvement Committee to review and implement improvements in our quality metrics regarding immunizations, depression screening, diabetes screening, hypertension diagnosis and treatment and ED usage by our patients.

I am currently heavily involved in a quality improvement project in our Federally Qualified Health Center. The goals of this project include: to increase access, improve functionality and increase adoption of MyChart by our patients; create pediatric registries for our FQHC as well as the broader UCSF Pediatric community focused on complex asthma management through the Health Homes Project, obesity and weight management, mental and behavioral health and pediatric complex care management; and reducing clinician documentation time, patient cycle time for a visit, increasing patient appointment completion and implementation of real time location sharing.

CLINICAL SERVICES

2014 - 2015	Independent Contractor in the Primary Care clinic at BCHO. Cared for pediatric patients in the Federally Qualified Health center in a faculty practice and as an attending physician in the resident continuity clinic	Faculty practice 8 hours per week and attending physician for resident clinic 16 hours per week
2014 - 2016	Attending Pediatrician in the Emergency Department Annex at BCHO seeing low acuity patients in an urgent care setting. Served as an attending physician supervising BCHO residents during their Urgent Care rotation.	8 hours a week
2015 - 2020	Pediatric Hospitalist, UCSF Benioff Children's Hospital Oakland Inpatient Acute care wards; Provided pediatric assessment, diagnosis and care management to hospitalized pediatric patients based on current evidence-based protocols; Managed and supervised residents providing pediatric assessment, diagnosis and care management to hospitalized pediatric patients based on current evidence-based protocols	600 hours a year
2015 - present	Faculty Pediatrician; Federally Qualified Health Center at BCHO in my personal faculty practice and a weekly Immigrant Health Clinic	44 hours a month
2015 - present	Attending Pediatrician to 1st, 2nd and 3rd year pediatric residents at BCHO in their Primary Care Continuity Clinic and on their Community Advocacy Program rotation; Educate and supervise UCSF medical students (2nd, 3rd year), visiting 4th year medical students and visiting dental residents in their outpatient general pediatrics rotation.	40 hours a month

UNIVERSITY AND PUBLIC SERVICE

SERVICE ACTIVITIES SUMMARY

Since 2013, I have been a member of the selection committee for incoming pediatric interns under the Graduate Medical Education Department at UCSF Benioff Children's Hospital Oakland. Every year, I review and score 120 fourth year medical student applications and spend 2 full days each year discussing each applicant with the committee while creating a rank list to be submitted to The Match.

In 2016 and 2017, I was asked to join the Clinical Competency Committee and Program Evaluation Committee, respectively. Both of these committees prepare resident evaluations to submit to the Accreditation Council for Graduate Medical Education regarding our 80 pediatric residents at UCSF Benioff Children's Hospital Oakland. As a part of the Clinical Competency Committee, twice yearly I review the clinical work of our 80 residents and score them based on nationally recommended milestones. This information is shared with the Graduate Medical Education Department who reviews with the trainee and submits to the ACGME. As a part of the Program Evaluation Committee, I review resident and faculty evaluations of the program, improvements made during that academic year and advise further recommendations for the coming year.

Since 2018, I have served as the lead informatics physician and subject matter expert for the Benioff Children's Hospital Oakland Pediatric Primary Care department and Federally Qualified Health Center. I have spent several hours a week reviewing content from the WestBay Pediatric primary care department and reviewing workflows to discuss alignment as possible. I worked with an APEX analyst closely to optimize clinician documentation, data gathering required by grants that fund the FQHC, streamline workflows, and create a merged system as we implemented the APEX electronic medical system on the Oakland Benioff Campus. I also participated in billing and revenue discussions with our clinical leadership and revenue department to address inadequate charge capture and revenue capture for our department. During implementation, I served as primary contact for my department and as a superuser to support my fellow clinicians.

As a part of the APEX Bridge to One Bay Project, I represent UCSF Children's Hospital Oakland in informatics work with pediatricians from UCSF Mt Zion and UCSF China Basin to create and implement a new Pediatric Health Maintenance Program in the APEX that addresses gaps in well visits, immunizations, and other care gaps specific to the pediatric population. This committee has recently become a part of the population health group at UCSF Benioff Children's Hospitals.

CONTRIBUTIONS TO DIVERSITY

CONTRIBUTIONS TO DIVERSITY

In my clinical work at UCSF Benioff Children's Hospital Oakland, I am committed to underserved and ethnically diverse patients in all clinical areas (Primary Care, Hospitalist, ED Annex). In all of these settings, I serve as an attending physician for residents and medical students and teach about the complexity of the care for this patient population and discuss the social determinants of health and the subsequent outcomes that we see in our patients and their families. As a part of this work, I aim to meet the diverse needs of my patient population. Given the largely monolingual immigrant population that I service, I not only treat their medical concerns, discuss and provide preventative care but I also direct them to resources to navigate: food insecurity, housing insecurity, violations of housing rights, access to education for their children, problems with medical insurance, effects of trauma on their physical and mental well being, access to special needs therapies and evaluation, and complex care management.

My largest formal contribution to diversity on our campus is with the Pediatric Residency Selection Committee and recruitment efforts at UCSF Benioff Children's Hospital Oakland. I have been a member of the selection committee since 2013, have interviewed at least 20 applicants per year, and review and score 120 applications per year. As a member of the selection committee, I am asked to do extensive reading to understand how factors such as implicit bias, racism and discrimination impact admission processes and advancement in medical training. Also as a part of the selection committee, I participate as faculty in specific diversity applicant interview days to strengthen recruitment of underrepresented Latino and African American applicants to our program. In 2016, I was asked to join the newly formed "Coalition for Diversity and Advocacy at Benioff Children's Hospital Oakland" which consists of faculty and residents committed to recruiting and retaining more residents and physicians of color at our hospital. I am strongly committed to training a diverse workforce and take extra steps to recruit diverse applicants.

TEACHING AND MENTORING

TEACHING SUMMARY

The vast majority of my clinical duties since 2014 have been in the learning community, where I supervise pediatric residents in their continuity clinic, in urgent care clinic, and inpatient settings. I give monthly curriculum talks to learners on their continuity clinic and primary care outpatient rotations and regular talks to residents and medical students on their continuity clinic and same day illness clinic shifts. Each year, I also serve as an educational mentor to approximately 10 pediatric residents. As such we discuss clinical care and career trajectories. Medical students, nurse practitioners, and dental residents also rotate through our clinic.

I am currently in process of completing the UCSF Clinical Teaching Certificate.

INFORMAL TEACHING

- 2013 - 2014 Pediatric Resident Morning Conferences- UCSF Benioff Children's Hospital Oakland, 3 hours per week
- 2013 - 2020 Informal teaching and mentoring 600 hours per year (Pediatric Acute Care Hospital Units for 80-90 learners annually: Benioff Children's Hospital Oakland Pediatric Residents, Visiting Fourth Year Medical students and UCSF Third Year Medical Students)
- 2013 - present Informal Teaching and Mentoring 800-900 hours per year (Pediatric Continuity Clinic for 80-90 learners annually: Benioff Children's Hospital Oakland Pediatric Residents, Visiting residents, Dental residents, visiting Fourth Year medical students and UCSF Third Year medical students.)
- 2013 - present Primary Care Pediatric resident Morning Case Conference monthly facilitator, UCSF Benioff Children's Hospital Oakland
- 2016 - 2017 UCSF, School of Medicine, Pediatrics Preceptor for UCSF Second Year medical students 12 hours a year

MENTORING SUMMARY

In 2016 and 2017, I served as a Pediatric Primary Care clinical preceptor for two 2nd year UCSF medical students. They spent a few afternoons working with me in my clinic and on the inpatient pediatric floor interviewing patients, discussing patient presentations and preparing written documentation.

Since 2013, in my day to day clinical work, I have developed mentoring relationships with pediatric residents over the years and have served as a mentor for the ones listed below. My mentoring has included career development, clinical practice development, and letters of recommendation for post residency pursuits.

PREDOCTORAL STUDENTS SUPERVISED OR MENTORED

Dates	Name	Program or School	Mentor Type	Role	Current Position

RESEARCH AND CREATIVE ACTIVITIES

RESEARCH AND CREATIVE ACTIVITIES SUMMARY

The vast majority of my clinical work occurs in our Primary Care department within a Federally Qualified Health Center. There are multiple quality improvement and research projects that

take place. Although I am not a principal investigator, as a clinician I participate in this research by providing care for those patients enrolled and actively participating in interventions as a part of the research. Examples include Early Literacy/Early Math, Development of a pediatric screening tool for Adverse Childhood Events, early childhood programs to advance socioeconomic development of the child and family, and asthma research. I currently participate in various quality improvement efforts working towards designation of our Federally Qualified Health Center as a Patient Centered Medical Home.

OTHER CREATIVE ACTIVITIES

1. In 2016, UCSF Benioff Children's Hospital Oakland became a clinical site for a Quality Improvement Project through the American Academy of Pediatrics, "Reducing Excessive Variability in Infant Sepsis Evaluation (Project REVISE)", a retrospective study looking at infants ages 0-60 days admitted to BCHO with fever of unclear etiology. Together with a group of hospitalists, infectious disease specialists and Emergency Department physicians at UCSF Benioff Children's Hospital Oakland, we devised a protocol that was disseminated hospital wide and is currently used to direct diagnostic evaluation and management of well appearing infants in this age range who present with a fever. I reviewed literature regarding standard clinical approaches to infants 0-60 days of age with fever, reviewed clinical charts and helped create clinical algorithms for use on our acute care floors and in the Emergency Department. These algorithms were disseminated to the large hospital community including affiliate partners and partner emergency departments via Grand Rounds, pediatric resident noon conferences, and academic department meetings. We received a certificate of completion for our work with this project.

City Attorney's Office

OAKLAND CITY COUNCIL

RESOLUTION NO. _____ C.M.S.

INTRODUCED BY MAYOR LIBBY SCHAAF

RESOLUTION CONFIRMING THE MAYOR'S APPOINTMENT OF ALY BONDE, GWENDOLYN HOWARD, AND MARIAMAWIT TAMERAT TO THE HEAD START ADVISORY BOARD

WHEREAS, the City of Oakland has been a grantee of the Head Start Program since 1971 and is required to have an established policy council that shares responsibility with the governing body for overseeing the delivery of high quality services to children and families in accordance with Head Start Performance Standards; and

WHEREAS, Section 601 of the City Charter provides that members of City boards and commissions shall be appointed by the Mayor subject to confirmation by the affirmative vote of five members of the City Council; and

WHEREAS, the City Council passed Ordinance No. 13230 C.M.S. establishing the creation of the Head Start Advisory Board (HSAB) to assist the Council in its role as the Head Start Governing Body by overseeing, monitoring and reporting on the implementation of the Oakland Head Start/Early Head Start programs; and

WHEREAS, the HSAB is comprised of nine members serving no more than four consecutive three-year terms; and,

WHEREAS, the Honorable Mayor Libby Schaaf has appointed Aly Bonde, Gwendolyn Howard, and Mariamawit to the HSAB subject to confirmation by the City Council; now therefore be it

RESOLVED: That pursuant to City Charter section 601, the City Council hereby confirms the Mayor's appointment of **Aly Bonde** to the Head Start Advisory Board for a three-year term that will begin March 12, 2021 and will end March 11, 2024 filling the seat previously held by Iris Brody; and

FURTHER RESOLVED: That pursuant to City Charter section 601, the City Council hereby confirms the Mayor's appointment of **Gwendolyn Howard** to the Head Start Advisory

Board for a three-year term that will begin March 12, 2021 and will end March 11, 2024 filling the seat previously held by Nayeli Bernal; and

FURTHER RESOLVED: That pursuant to City Charter section 601, the City Council hereby confirms the Mayor's appointment of **Mariamawit Tamerat** to the Head Start Advisory Board for a three-year term that will begin March 12, 2021 and will end March 11, 2024 filling the seat previously held by Aisha Brown; and

FURTHER RESOLVED: That this Resolution shall take effect immediately upon its passage.
