Area 1 Homicides – All Investigated Incidents

01 January to 31 December

Police Area 1- Captain Bobby Hookfin

- Homicides, shootings, robberies, and burglaries remain priorities of focus.
 - Measurable gang and group violence in West Oakland decreased from Q3 into Q4 in collaboration with preventative patrols and intelligence led patrol strategies, Ceasefire, Department of Violence Prevention, and OPD's Violent Crime Operations Center (VCOC). Those strategies continue.
 - Robbery in Police Beat 3 has declined in correlation with continued preventative patrols, collaborative community efforts, and focused enforcement and investigations. Those strategies continue.
- Problem solving projects continue in Q4 to address public safety issues and crimes committed in proximity to OUSD schools for which OPD response or extra patrols have been requested. These projects emphasize prevention and conflict resolution through community partnerships.

Area 2 Homicides – All Investigated Incidents

01 January to 31 December

Police Area 2 – Acting Captain Robert Rosin

- Homicides and shootings are a main focus for Police Area 2 given the substantial increases year to date (YTD) in 2021 vs 2020.
- In Q4, Patrol teams were directed to conduct focus on serious and violent crime incidents:
 - Thorough preliminary investigation, video canvassing recovery, dissemination, partnering with VCOC, and working with DVP and Ceasefire strategies.
 - Shooting rates increased in Area 2 as a whole: 11 murders in 2021 vs 3 in 2020.
- CRO Projects:
 - While Area 2 CRO numbers continued to attrite, project work was limited.
 - In order to supplement the efforts to the CRO teams, the Area 2 Captain worked with BID leaders and developed holiday overtime patrols in order to reduce violence in areas target by shoppers and robbery crews, as a result, Area 2 finished the year with a -6% reduction in robberies compared to 2020.

Area 3 Homicides – All Investigated Incidents

01 January to 31 December

Police Area 3 – Acting Captain James Beere

- Homicides, car-jackings and robberies have dramatically increased year to date (YTD) in 2021 vs 2020.
- Our focus is to safely reduce gun related violence, robberies, and human trafficking through collaborative efforts with the Vice Crimes Unit, Alameda County Sheriff's Office, United States Marshals Service and the Community to conduct intelligence-based policing and an increased presence.
- Special Resource Section 3 conducted an extensive investigation with community assistance targeting dozens of illegal gambling shacks in the area associated with multiple shootings. Search warrants were served at each location netting multiple arrests, the seizure of dozens of firearms and the closure of the businesses.
- Working in collaboration with the community overall crime was reduced by 5 percent.

Area 4 Homicides – All Investigated Incidents

01 January to 31 December

Police Area 4 - Captain Jake Bassett

- **Aggravated firearm assaults** – 31% increase
- **Robberies** – 23% increase
- Area 4 Command initiated the following to address the violent crime increase:
 - Provided intelligence to Patrol Commanders to direct available resources to those areas most affected by violent crime.
 - Prioritized patrol and supplemental presence during times, days, and locations where offenses were trending.
 - Developed a ShotSpotter detail focusing on crime analysis of where to direct resources on a bi-weekly basis.
 - Collaborated with Department of Violence Prevention on victims of violent crime with attention to the mitigation of retaliatory violence.

01 January to 31 December

Police Area 5 – Acting Captain Casey Johnson

Part 1 crimes for Q4 from 2020 to 2021:

The two largest increases:

- **Aggravated Assaults** with firearms at a 1% increase
- **Aggravated Assaults** at a 7% increase.

Homicides had a 0% increase

In response, Area 5 staff deployed the **following measures** in an attempt to continue to reduce this rise in violence:

- Continued Data intelligence to identify possible groups or gangs escalating violence.
- Increased partnership with DVP (Department of Violence Prevention) who assist with reaching out to involved parties to prevent further violence.
- Worked closely with the VCOC and Ceasefire which will continue to focus on individuals driving the violence.
- Conduct weekly meeting with all stakeholders, law enforcement partners and city leaders to include Councilmembers Reid and Taylor.
- Prioritized Ceasefire strategies and referrals with requests for outreach and prevention.
- Reviewed ShotSpotter activity while gathering intelligence and deploying available resources to those areas.
- Run overtime details such as ShotSpotter and Violence Suppression Units to focus on identified locations with increased firearm-related aggravated assaults.
- Continue to enforce thorough preliminary investigations (Patrol Officers) while working with our Criminal Investigations Division on follow-up request.

Ceasefire

- Ceasefire is a data-driven violence reduction strategy coordinating law enforcement, social services and the community.
- Ceasefire works in partnership with the Department of Violence Prevention, Community Based Organizations and the Faith Community to prevent and reduce gun violence.
- As a result of using the Ceasefire strategy, Oakland saw a reduction in homicides from 125 in 2012 to a record low 68 in 2018. There was also a reduction in shootings which went from 553 to 277 over the same time period.
- Individuals, who are most prone to be associated with gun violence, either as an offender or victim, are identified and receive direct communication regarding alternatives from a team of OPD staff and community members.
- Ceasefire actively engages with community partners to build public trust between the community and OPD.

Ceasefire Challenges

- Ceasefire has added 6 officers and grew from two to three teams.
- The additional team allows for OPD Ceasefire to focus on multiple gang conflicts simultaneously. Ceasefire has increased its operations on gangs.
- Call-Ins have resumed but that has presented some challenges:
 - Probation and Parole as “levers” to manage gang conflicts subsided as courts implemented emergency bail due to COVID.
 - OPD and law enforcement partners still struggled holding known and repeated violent offenders in custody.

Violent Crime Operations Center (VCOC)

Captain Roland Holmgren

The Violent Crime Operation Center's vision is to centralize the strategic dissemination of criminal intelligence and deployment of Departmental resources in support of the Criminal Investigation Division and intelligence-led violent crime prevention.

Mission:

Reduce citywide violent crime through intelligence-informed and task-driven operations.

VCOC- Captain Roland Holmgren
