# Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

F rst and foremost, I am an Oak and nat ve, born and ra sed in the very neighborhood this commission seeks representat on from; Oak and C ty Counc D str ct 6. My des re to serve on th s board stems from my des re to serve n my commun ty n a way that d rect y mpacts the Oak and commun ty, and n part cu ar ow-ncome and mm grant commun t es. That sa d, and as I am sure you are aware of g ven th s comm ss on's charge, the h story of mar juana use n Oak and s c ose y t ed to the m streatment of ow-ncome communities, and in particular, communities of color. As part of this community and demograph c, I be eve my representat on wou d be crt ca to the success of the Cannab's Regulatory Comm ss on. Not noted in my resume is my community organizing experience as part of an organization ca ed "Students for Qua ty Educat on". Though my pr mary focus was to organ ze around student and higher education-related issues, Students for Quality Education also took care to take a strong stance on rac a and econom c just ce. I frequent y organ zed student ca s-to-act on when an nc dent at San Jose State and/or the surround ng commun ty, re ated to rac a or econom c just ce, occurred. I ed organ z ng meet ngs, recru ted for the organ zat on, set agendas and ong-term p ans to ach eve our goa s, whether t be to pass a reso ut on through San Jose State's Academ c Senate prov d ng monetary support for a task force on rac a equity training, or to raise awareness of key issues affecting students such as an unwarranted tut on h ke. Current y, I work wth a nat ona nonproft based n Oak and, ca ed Project Equity, working to transit on small businesses to an employee-owned mode. I provide the backend f nanc a analysis for businesses on several projects at a time, working with small businesses to successfu y keep them open whee providing ong-time employees with an opportunity to gain ownership n the r respect ve workp ace. The key here, as s w th a of my work, s to ensure post ve mpact s made, n this case economic impact. The Cannab's Regulatory Commission makes decisions on the permitting process, directly affecting a group I am very fam ar with; sma bus nesses. I understand how sma bus nesses operate and how they are affected by c ty and state po c es. Pr or to work ng w th Project Equity, I was a Coro Fe ow, a prest gous post-graduate program that developed my eadersh p and adapt ve sk s over the course of 9 months. The Coro Fe owsh p n Pub c Affa rs ach eved th s by p ac ng me in seven different organizations across the nonprofit, public, and private sectors. It was through Coro that I gained a better understanding of the intersection and dynamic between different sectors. This sk set w a ow me to understand how po cy and process recommendat ons made at the Cannab s and Regulatory Commission could affect other city departments and mostly important, Oak and residents and cannab s bus nesses. Overa, I am a proud Oak and nat ve with a breadth of advocacy, analytica, and bus ness deve opment exper ence who understands the charge and mportance of the Cannab s Regu atory Comm ss on. I ntend to put this experience to good use for the benefit of the City of Oak and, and for its residents to thrive.
