GFR Mission and Vision

With the passage of the George Floyd Resolution by the Oakland Board of Education, OUSD has committed to eliminating law enforcement responses to common campus occurrences. Moving forward, the police will only be called in when there is an imminent danger to someone's health or safety that cannot otherwise be resolved. To ensure schools are prepared to fulfill this commitment, each OUSD school site shall establish a Response Team responsible for responding to escalated situations in a skillful and de-escalating manner. GFR Village Response Teams will coordinate with Culture & Climate Teams to support prevention and positive school climate, as well as trauma-informed and restorative responses.

Here are two examples of completed forms that you may use to help guide your own responses: Elementary: ELEMENTARY EXAMPLE - GFR Village Response Plan 23-24
Secondary: SECONDARY EXAMPLE - GFR Village Response Plan 23-24.

Instructions for Building Your Village Response Team

[PLEASE NOTE: Office hours are available Mon & Tues from 1-3pm to support the completion of your plan -- SIGN UP FOR OFFICE HOURS HERE. Violence prevention and behavioral health team members will also attend site meetings to support completion and/or implementation of the Village Response Plan.

Reach out to Emily Zanoli, Violence Prevention Program Manager, emily.zanoli@ousd.org with questions]

Please follow the guidelines below to complete your school's GFR Village Response Team Plan by August 31, 2023.

For more detailed information, click here: How to Build Your GFR Village Response Plan.

Composition of the GFR Village Response Teams will vary by site. Smaller schools and elementary school teams will have 2-4 site personnel and larger and secondary school teams will have 5-8 school site personnel (large schools may identify more members). Team members should be wellpositioned in the school community to respond to escalated or crisis situations.

All GFR Village Response Team members should:

- 1) Have strong, trusting and positive relationships with students and families, the ability to have honest and
- candid conversations, and practice deep listening.
- 2) Be able to remain calm, empathetic, and compassionate in the face of crisis,
- 3) Approach students and families without bias, discrimination, or preconception, and
- 4) Be receptive to learning new skills (mental health crisis response, de-escalation, trauma -informed, restorative practices, etc.).

Team members should possess the capacity to enact the roles and responsibilities below:

- Skills to and will de-escalate students/adults
- Skills to and will provide basic medical attention if necessary
- Skills to and will contact parents/guardians expeditiously
- Skills to and will convene GFR Village Response Team meetings
- Skills to and will serve as liaison to Culture + Climate Team

SAMPLE SCENARIOS AND RESPONSES Please think about the reasons that your school site has called law enforcement in the past and/or situations you anticipate may arise at your school site before school, during school, and after school. Then use this guide to think through a set of steps that the school will take toward prevention, as well as specific steps your site will take to de-escalate the situation:

COMMITMENTS - Our school agrees to implement the George Floyd Resolution by way of the following commitments:	Commitment Confirmed	Self Assessment - Select from drop down	Brief Description of Self-Assessment Answer Explain your choice and the necessary steps to move toward excellence in each area									
Increase a sense of safety for students on campus. Students, staff, families, and community members feel safe on campus.												
Increase internal capacity to prevent and respond to crises without involving law enforcement. All school staff can determine incidents that require require/do not require a police response. School staff understand and enact the appropriate procedures when escalated incidents occur on site. Village Response Team can respond to the majority of incidents and crises which occur on campus and Admin is aware of how/when to request support when needed.												
Improve culture and climate. Students feel connected to peers and staff. Students experience joy inside and outside of the classroom throughout their school days. Classrooms are safe, supportive, and empowering enviornments.												
Improve disciplinary responses. Disciplinary responses are clear to students, staff, and families and are proportionate to the behavior displayed. Disciplinary responses aim to re-teach, restore, or support a student and are not punitive, subjective or reactive.												
Increase racial equity. Interventions to decrease racial disproportionalities in attendance, discipline, and access to resources are in place and used with fidelity.												
Increase equity for students with disabilities. Students with disabilities are educated in the least restrictive and most supportive settings available on site. Students with disabilities are provided with resources and supports necessary to access academic instruction.
