## RECOMMENDATION

Staff Recommends That The City Council Receive An Informational Report Of The Oakland Police Department's 2023 Biannual Staffing Levels As of September 30, 2023.

## Reason for supplemental

At the January 9, 2024 Public Safety Meeting, Councilmembers requested that the staffing report be updated to include data through December 31, 2023. They also requested answers to five additional questions. The requested information is below.

Over a five-year timespan, OPD sworn staffing levels have fluctuated between 749 filled positions on January 1, 2019, to the lower recent level of 696 filled positions as of January 1, 2023. The authorized and funded staffing level based on the Council-adopted Fiscal Year (FY) 2023-24 Budget is 712 sworn positions. This 712officer staffing level includes 51.72 positions funded by the 2014 Oakland Public Safety and Services Act (Measure Z)<sup>1</sup> and 15 officer positions from the 2022 U.S. Department of Justice (DOJ) Community Oriented Policing Services (COPS) Hiring Grant.

**Table 1** below provides the sworn staffing data numerically on January 1<sup>st</sup> of each year, and **Figure 1** below, does so visually.

Tables 2a, 2b, and 2c below show the average OPD Communications (911) dispatch response time to calls for service. This data shows the time OPD takes to respond to each request with an officer or other personnel. OPD received 307,924 calls for service (3,347 per day) during the October 1 – December 31 period of 2023. The data shows the average monthly response time for the last five years. The data is divided into tables for Priority One, Priority Two, and Priority Three type calls<sup>2</sup>.

Three = Cold reports and situations where there is no threat of danger to life or property. •

<sup>&</sup>lt;sup>2</sup> Priority Call Types:

<sup>•</sup> One = Situations involving imminent injury to persons and for prevention of violent crime and incidents involving a weapon.

Two = Urgent, but not immediate emergencies including in-progress misdemeanors, in-progress disputes • with violence potential, stolen vehicle reports, and just-occurred felonies.

The data in each cell in the tables below show minutes and seconds. For example, the first cell for January 2019 for Priority One Calls shows "13.59." This number means that the call was responded to by OPD's Bureau of Field Operations in 13 minutes and 59 seconds.

#### Actual and Projected Sworn Staffing

On December 10, 2013, City Council passed <u>Resolution No. 84767 C.M.S.</u>, which requires the OPD staffing report to contain an analysis of any deviations between the expected and actual staffing levels, the expected hiring methods, and alternative hiring options for achieving budgeted staffing as quickly as possible. **Table 5** below provides actual and projected sworn staffing for a 12-month period. The future months contain an estimated attrition rate of 4 officers per month based on attrition rates from the last 12-month period and projected staffing. This data is accurate as of December 31, 2023.

### Table 15: Sworn Attrition Data: October 1, 2022, through December 31, 2023

In September 2021, the preceding Chief mandated all personnel who voluntarily separate from OPD (excluding service retirements) to participate in an exit interview with the Human Resources Manager or a member of the OPD Executive Team. Below are the top four reasons for voluntary separation from January 1 through December 31, 2023:

- 1. Dissatisfaction with City Leadership
- 2. Family
- 3. Lack of Communication
- 4. Physical Requirements of Job

Additional staffing report questions:

# Why are there only five hiring priorities when there are 67.5 vacancies and what are the others?

The number of professional staff vacancies listed does not reflect the total number of recruitments. There are 27 professional staff classifications that need an individual recruitment conducted to fill the 67.5 vacancies. Some of the classifications have multiple vacancies which equate to the overall vacancy count. Per HRM, they do not limit departments to only five hiring priorities. Years ago, that was the direction given to departments by HRM leadership; however, in the past year and a half they have asked departments to identify all of their vacancies and let them know the priority order for each of them.

OPD has continuously provided HRM with the complete list of professional staff classifications that need an individual recruitment. Each classification is listed in accordance with its priority ranking and HRM works on the recruitments beginning with the top priorities and then the subsequent recruitments as time and staffing permits.

Below is a list of the OPD hiring priorities (including sworn promotions). Please note these priorities are subject to change depending on the needs of the department.

#### Provide a current status update for things dating back to 2022.

A recruitment was held for the Criminalist III position in 2022. The list was exhausted as there were no other candidates. A new recruitment is needed to fill the remaining vacancy. However, since a recruitment for the Criminalist III position occurred in 2022, this classification was moved lower on the list of recruitment priorities.

# Provide more information regarding candidates being referred to backgrounds. Is the average wait five to six months for background checks? What are other delays?

After interviews are conducted and candidates are selected by the hiring manager. The OPD Human Resources Section (HRS) refers the selected candidate to backgrounds. Once the Recruiting and Backgrounds Unit (RBU) receives a referral from HRS, they immediately contact the candidate to schedule a time in the office for processing. Once the candidate comes to the office it takes approximately 45 days to complete a background check.

Delays in the background check process include: candidates being unable to come into the office to be processed or they reschedule; the candidate does not have all of the required paperwork turned in (school transcripts, etc.); the references may not return the calls from the investigator; requests to expedite completing Police Communications Dispatcher (PCD) and Police Officer Trainee (POT) backgrounds.

## Regarding the Grants Coordinator position, how long has the department been without one? Who has assumed the role and responsibilities of the Grants Coordinator?

The permanent Grants Coordinator position has been vacant since September 16, 2022. However, since the date the position became vacant, the duties have been performed by an employee working in either an acting assignment or as an Exempt Limited Duration Employee.

Regarding the vacancies in OPD, how long will the backgrounds take and is there a way to prioritize?

Once the candidate comes into the office it takes approximately 45 days to complete a background check. The hiring priority for the department is PCDs and POTs. Unless there is a specific request, PCDs and POTs are the priority.
