I believe that we are ready to move away from a culture of punishment and towards a culture of community.

As an athlete, I know that you cannot win a game if the team is divided. The same is true for our school district. When one player falls, the whole team steps up. That is the kind of mindset I want all OUSD schools to adopt, ensuring that no student is left to struggle alone. My goal is to lead by listening to students from every campus in Oakland. When someone is hurt they deserve a voice, when someone causes harm. They deserve a chance to take real responsibility and fix what was broken.Together, we can build a community rooted in accountability, empathy, and mutual respect.
