## OPD Hiring / Full Police Staffing Plan

The Oakland City Council passed Resolution No. 84767 C.M.S. on December 10, 2013 which, among other mandates, requires that the City Administrator or designee present a "Hiring Plan showing the timeline for achieving OPD Budgeted Staffing to achieve Sworn and Police-Support Civilian staffing levels as quickly as possible ("OPD Hiring Plan"), and that the "Hiring Plan" shall include month-by-month projections of expected staffing levels. The City Council subsequently passed the "Implementation of Budgeted Police Staffing," on June 3, 2014, which adopts the "staffing projections in the OPD Hiring/Full Police Staffing to the April 29, 2014 Public Safety Committee as the current OPD Hiring Plan." Tables 3.1 and 3.2 below provide data on staffing and projections as reported in the April 29, 2014 "Full Staffing Report" and the actuals as reported in the staffing levels as of January 31, 2015. Table 3 provides a summary of the Table 2 Staffing Projections.

## Early Warning Policy

Resolution No. 84767 C.M.S also requires that the OPD staffing report contain an analysis of any deviations between the expected and actual staffing levels, the expected hiring methods, and alternative hiring options, for achieving Budgeted Staffing as quickly as possible. The Oakland Police Department has been running basic police academies at the rate of approximately two academies per year since 2012 to recruit officers. Each police academy nets approximately 30 to 40 new police officers who go on to the field training program before becoming fully trained officers. In addition to basic academies, OPD can most quickly address immediate shortfalls in filled sworn police officer positions by holding lateral officer academies. Unlike basic police academies, lateral academies begin with employees who have completed a basic law enforcement academy (as opposed to police officer trainee (POT). Lateral academies are only 10 weeks in length - considerably shorter than the 27 required for the Oakland Basic Police Academy - making lateral academies a cost-effective strategy for when OPD needs to quickly recruit additional officers. The estimated cost of each lateral academy is $\$ 405,963$ (not including the officers' salaries for the duration of the lateral academy).

Two Lateral/Post-Academy Graduate courses were recommended and approved by the City Council in Resolution No. 85240 C.M.S. in February 2015 to address the continuous reduction in staffing associated in the "Early Warning Policy" and based on staffing projections identified in Tables 3.1 and 3.2 above for period ending January 31, 2015. The first Lateral/Post-Academy course began in February 2015 and the second lateral academy will begin in May 2015. An additional Basic Academy is recommended to begin in November 2015; OPD has proposed that the biannual 2015-2017 budget include funding for this academy. This Basic Academy would enroll 40 POTs - instead of the usual 60 POTs - in order to maintain staffing levels during FY 2015-2016 and provide a more effective instructor-student ratio.

The Oakland Police Department is developing a new strategic plan at this time. The plan will assess strategies developing new strategies for decreasing officer attrition, which is a major contributor to the need for more academies.

## PUBLIC OUTREACH / INTEREST

The Oakland Police Department continues to actively recruit candidates for the positions of police officer trainee and lateral / post-academy graduate police officer. Recruitment efforts focus on selective language, Oakland residents and a pool of diverse candidates throughout the testing and selection process. OPD continues to work with community leaders, local schools, and colleges to improve community involvement and increase the number of people applying to become police officers. In addition to the strategies outlined above, staff continues to host community partnership meetings in an effort to solicit feedback on current outreach strategies and to encourage recommendations. Staff has met with several community organizations and received positive feedback and useful input on recruiting efforts. Staff is working with

Item:
community organizations to conduct hiring workshops, to be held at various community organization offices throughout the City. Finally, OPD has an established partnership with the Peralta College district, specifically Merritt College to build its "Grow Your Own" program by recruiting applicants within the Criminal Justice program.

The Recruiting and Backgrounds staff attended or conducted the events listed below during January 2015:

- Practice Physical Ability Test ( $6^{\text {th }} \&$ Washington Parking Lot, Oakland) (Attendees: 3)
- Police Officer Trainee Test Workshop (57 attendees)

## COORDINATION

The Oakland Police Department works with the Department of Human Resources Management to complete the necessary steps associated with completing an academy. The Office of the City Attorney was consulted in preparation of this report.

## COST SUMMARY / IMPLICATIONS

Resolution No. 85240 C.M.S. was approved by the City Council on February 17, 2015, appropriating $\$ 868,579$ ( $\$ 807,980$ for two lateral police officer academies as well as $\$ 60,599$ for the City's General Fund Emergency Reserve, in accordance with the City's Fiscal Policy). The cost of the 40-POT basic academy recommended for November 2015 and for inclusion in the Mayor's biannual 2015-2017 budget would cost less than recent basic academies designed to for up to 60 POTs.

## SUSTAINABLE OPPORTUNITIES

Economic: There are no economic opportunities associated with this report.
Environmental: There are no environmental opportunities associated with this report.
Social Equity: Hiring more police officers will provide additional resources, thereby enhancing public safety efforts.
