RECOMMENDATION

Staff Recommends That The City Council Receive An Informational Report On The Budget Status Of The Funds In Measure "B", Measure "BB" And "Vehicle Registration Fees," Including Specifically: (1) The June 2016 Fund Balance For Each Of These Three Funds (2) Actual Expenditures And Revenues For The Year '15-'16 For Each, (3) Budgeted Expenditure And Revenue For The Years 15'-16' And '16-'17 For Each, (4) The Remaining Unexpended Fund Balance Now Projected In The Revised Budget For June 2017 And (5) If Any Of The Fund Balance Is Allocated But Not Yet Spent, A List Of Specific Projects To Which The Funds Are Allocated

EXECUTIVE SUMMARY

This is an informational report provided to the City Council in response to questions regarding Measure B and Measure BB Sales Tax and Vehicle Registration Fee (VRF) Funds. Attachment A is a summary table that responds to items 1-4. Actual revenues and expenditures reported are as of June 15, 2016. Note that for actuals, revenues are delayed approximately 2-3 months. A list of currently active projects is attached as Attachment B, showing available appropriations in FY 2015-16 and funds available as of June 15, 2016. Attachment C lists projects with available balances of \$100,000 or more, along with the projects' current status.

Measure B Funds

In Fiscal Year 2015-16, a total of \$ 21.8M was budgeted in Measure B funds, which includes prior year carryforward amounts from ongoing projects. Of that total, \$18.2M is budgeted for capital improvement projects and \$3.6M is budgeted for operations and maintenance activities, such as filling potholes, crack sealing, sidewalk repairs, minor roadway repairs, traffic signal and sign maintenance, etc. At the time of this report, \$5.2M of project funding is projected to be unexpended by June 30, 2016, the end of FY 2015-16. Of that amount, \$1.8 million is local match to various grant funded projects.

Measure BB Funds

In Fiscal Year 2015-16, a total of \$ 13.5M was budgeted in Measure BB funds, which includes prior year carryforwards. Of that total, \$10.4M is budgeted for capital improvement projects and local match to state and federal grants, and \$3.1M is budgeted for operations and

Date: June 20, 2016

Page 2

maintenance activities. Approximately \$8.9M of project funding is projected to be unexpended by June 30, 2016.

Vehicle Registration Funds (VRF)

In Fiscal Year 2015-16, \$ 4.0M was budgeted in VRF funds, including prior year carryforwards. Of that total, \$1.9M is budgeted for capital projects, and \$2.1M is budgeted for operations and maintenance activities. About \$0.6M is projected to be unexpended by June 30, 2016, all of which is in capital projects that are currently under construction and should be complete this summer.

In FY 2016-17 and subsequent years, 100% of VRF funds and an increased amount of Measure BB funds are projected to be used for operations and maintenance activities, mainly attributable to the continuing drop in State Gas Tax revenues.

Further detail is provided in the following Attachments to this report:

- Attachment A is a summary of current Revenue, Expenditure and Projected Fund Balance. Note, figures in this table are as of 3rd Quarter, FY 15-16.
- Attachment B is a list of ALL active projects funded fully or partially by Measures B, BB and VRF.
- Attachment C is a detailed summary of all projects with an available balance greater than \$100,000, with a description of project status. Note, these figures are current as of June 15, 2016.

SUSTAINABLE OPPORTUNITIES

Economic: There are no economic opportunities at this time associated directly with this informational report.

Environmental: There are no environmental opportunities at this time associated directly with this informational report.

Social Equity: There are no social equity opportunities at this time associated directly with this informational report.

Date: June 20, 2016
