Professional Experience:

Mattie Scott is currently Of Counsel in Lozano Smith's Monterey office; Lozano Smith is a statewide California firm representing public agencies. Prior to retirement, she was a partner in the firm. She has practiced education law in California for more than 30 years, representing public school districts and community colleges. Her practice has crossed a variety of subject areas, including general education, labor and employment, special education, student issues, school finance, school district reorganization, federal and state constitutional issues, the laws relating to English language learners, and all matters concerning charter schools. She has also taught Education Law and Legal Writing and Research at the University of San Francisco School of Law.

Her background also includes five years of solo practice in education law. Before that, she was first an associate and then a partner with the former firm of Breon, Galgani, Godino & O'Donnell in San Francisco.

Other Relevant Experience:

Ms. Scott has served on the Vestry (Board of Directors) of several Episcopal congregations. She was also a member of the Board of Directors of the Episcopal Diocese of El Camino Real, which stretches from Palo Alto to San Luis Obispo; she served as Vice President of that Board and also helped draft the Strategic Plan for the Diocese. She currently serves on the Foundation Committee at Piedmont Gardens, which assists in administering the Piedmont Gardens share of the ABHOW Foundation.

Education:

Ms. Scott attended Stanford University as an undergraduate; she has a Juris Doctor from the University of San Francisco School of Law and a Master's degree in English, with an emphasis in Creative Writing, from San Francisco State University.

Ms. Scott has been widowed twice; she has five children, whom she raised in Berkeley, two stepchildren, and thirteen grandchildren. She lives with her dog and her elderly cat in an independent living apartment at Piedmont Gardens, a senior community in Oakland, California, where she serves as the president of the local chapter of CALCRA, an organization which advocates in Sacramento for residents of continuing care retirement communities; she is also a member of the Piedmont Gardens Foundation Committee. She is a practicing Christian and a practicing Buddhist. She became a (very slow) triathlete at age 56 after the death of her first husband and in the last twenty years has completed numerous short triathlons as well as three marathons and three half-marathons.
