RECOMMENDATION

Staff Recommends That The City Council Accept This Quarterly Informational Report From The Oakland Police Department (OPD) On Crime, Crime Trends, And Crime Reduction Activities in the City of Oakland.

EXECUTIVE SUMMARY

Attachment A to this report provides information on crime, crime trends, crime reduction and crime intervention activities in Oakland for the period of April 1 through June 30, 2017 (2nd quarter of calendar year 2017).

BACKGROUND AND LEGISLATIVE HISTORY

In 2013 the Public Safety Committee requested a quarterly report from OPD on crime trends and crime reduction activities in the City of Oakland. This report is provided four times a year and updated to include the preceding three-month period (January through March; April through June; July through September; and October through December).

ANALYSIS AND POLICY ALTERNATIVES

This informational report is presented to the City Council and the Oakland community to provide an update on crime and crime reduction activities in Oakland. The attached presentation (**Attachment A**) contains information as follows:

- Crime statistics for each of OPD's five Police Areas (1-5) including trends and reduction activities.
- Ceasefire Violence Reduction Strategy Update, including:
 - OPD Activities;
 - Adult Case Management (from the Human Services Department (HSD));
- Human Trafficking Intervention Efforts Update.

Area 4: Focus

- Homicides
- Shootings
- Robberies
- Quality of life
- Community relations

Area 4: Homicides

- There were 4 homicide incidents this quarter
- All four homicides have been solved; arrests have been made related in three of these incidents
- OPD has collaborated with the U.S. Marshals Service to locate the suspect connected to the fourth incident, as this suspect may no longer reside in Oakland

Area 4: Shootings Excluding Homicides

- Shootings are down 39 percent for this quarter compared to last (20 percent year to date)
- Most shootings are gang/group-related
- Custom notifications (as part of Ceasefire) issued to suspects
- Targeted and continuous enforcement on specific individuals, not neighborhoods

Area 4: Rapes

- No serial rapist, rapes not connected
- Of the 11 incidents:
 - 9 incidents involved suspects known to the victim
 - 6 of those incidents were domestic in nature
 - 2 remaining incidents appear to be associated with prostitution

Area 4: Robberies

- Robberies are down 27 percent for this quarter and 11 percent year to date
- Dedicated foot patrols strategically deployed in high robbery areas
- Business districts are prone to robberies and auto burglaries

This report is hierarchy based. Crime totals reflect one offense (the most severe) per incident.

These statistics are drawn from the Oakland Police Dept. database. They are unaudited and not used to figure the crime numbers reported to the FBI's Uniform Crime Reporting (UCR) program. This report is run by the date the crimes occurred. Statistics can be affected by late reporting, the geocoding process, or the reclassification or unfounding of crimes. Because crime reporting and data entry can run behind, all crimes may not be recorded.
