#### AGENDA REPORT

TO:

Sabrina B. Landreth

City Administrator

FROM:

Katano Kasaine

**Finance Director** 

SUBJECT:

FY 2018-19 Landscaping and Lighting

District (LLAD) - Confirmation

DATE:

May 14, 2018

City Administrator Approval

Date:

5/2

#### RECOMMENDATION

Staff Recommends That The City Council Adopt A Resolution Confirming The Information In The Engineer's Report For The City Of Oakland Landscaping And Lighting Assessment District For Fiscal Year (FY) 2018-19 And The Levying Of Assessments.

#### **EXECUTIVE SUMMARY**

Upon completion of the public hearing on June 5, 2018, adoption of this resolution would confirm the information in the Engineer's Report and the levy of assessments within the LLAD for Fiscal Year (FY) 2018-19. The City of Oakland collects the LLAD assessments through the County of Alameda property tax bill. Upon fulfillment of the LLAD requirements, the City of Oakland will submit the assessment roll to the Alameda County Auditor-Controller Agency by August 10, 2018 for inclusion in the Fiscal Year 2018-19 property tax roll.

#### **BACKGROUND / LEGISLATIVE HISTORY**

The California Landscaping and Lighting Act of 1972 (California Streets and Highways Code Sections 22500-22679) allows local government agencies to form assessment districts for the purpose of financing the costs and expenses of landscaping and lighting in public areas, among other things as noted below in the Analysis Section. The City of Oakland formed the LLAD on June 23, 1989. In July 1993, the City increased the assessment rates after preparation of an engineer's report, notice and hearing, and public opportunity to comment. In November 1994, the Oakland electorate approved the LLAD and assessments.

In January 2011, the Alameda County Superior Court ruled that the assessments, which were approved by the registered voters prior to the adoption of Proposition 218, are exempt from the requirements of Proposition 218. Proposition 218 requires the local government to have a vote of the affected property owners for any proposed new or increased assessment before the assessment can be levied.

#### Sabrina B. Landreth, City Administrator

Subject: FY 2018-19 Landscaping and Lighting Assessment District (LLAD) – Confirmation

Date: May 14, 2018 Page 2

The City Council approves a resolution annually for the LLAD initiation, intention, and confirmation and conducts a public hearing that coincides with the June budget hearings. The City Council approved and adopted the LLAD Initiation and Intention Resolution on May 1, 2018.

#### **ANALYSIS AND POLICY ALTERNATIVES**

The information below was also shared in the Initiation and Intention report, which was included with a resolution adopted by City Council on May 1, 2018. It is included here again for reference related to the current proposed confirmation resolution.

Landscaping and Lighting Assessment District (LLAD) Coverage and Boundaries

The LLAD, utilizing a direct benefit assessment, provides a funding source for City parks, grounds and landscaped medians, open space, pools, and custodial services at about 40 park and recreation facilities, 43 stand-alone restrooms, and many other recreation-related buildings and infrastructure in the City of Oakland. The LLAD also supports activities such as community gardens and ball field maintenance, and pays utility costs for City street lights and water use at parks and fields. The LLAD boundaries coincide with the City of Oakland boundaries and encompass all land parcels within the City. The LLAD boundaries remain the same as those described in the Fiscal Year (FY) 2017-18 Engineer's Report approved by the City Council, Resolution No. 86795 C.M.S., on June 20, 2017.

#### Annual LLAD Process and Timeline

In compliance with the California Streets and Highways Code, Section 22622, staff prepared a resolution initiating the annual assessment process of the LLAD for the FY 2018-19 property tax roll in May 2018. The resolution described the importance of initiating the LLAD and authorized the City Administrator or designee to order the District Engineer to prepare and file with the City Clerk, a Preliminary Engineer's Report for this district.

The California Streets and Highways Code Sections 22620-22631 apply to all assessments levied and collected for a fiscal year, within an existing assessment district. The code describes the annual process/requirements for levying assessments as follows:

- 1. Request that a preliminary engineer's report be prepared which includes: a listing of improvements to be operated and maintained, a budget identifying the cost to operate and maintain those improvements, a description of the methodology to spread the costs to the benefitting properties within the LLAD, and a listing of each individual assessment.
- 2. Approve the engineer's report and adopt a resolution of intention. The resolution of intention declares the City Council's intention to levy and collect assessments within the LLAD for the fiscal year. It also states whether the assessment is proposed to change from the previous year and sets a public hearing date, time, and location. (This step was completed at the May 1, 2018 City Council Meeting).

Item:	
	City Council
	June 5, 2018

#### Sabrina B. Landreth, City Administrator

Subject: FY 2018-19 Landscaping and Lighting Assessment District (LLAD) – Confirmation

Date: May 14, 2018

Page 3

- 3. Conduct the public hearing affording all interested parties the opportunity to hear and be heard. The public hearing is scheduled to occur at 6:30 p.m. on June 5, 2018.
- 4. Adopt a resolution confirming the final engineer's report information and the assessment levy within the LLAD for the FY. (This is the current step).

The City of Oakland collects the LLAD assessment through the County of Alameda property tax bill. Upon fulfillment of the LLAD requirements, the City of Oakland must submit the detailed assessment data for all affected properties to the Alameda County Auditor-Controller for inclusion in the FY 2018-19 property tax roll by August 10, 2018.

#### Assessment

The proposed resolution states that the City Council does not intend to increase assessments for the FY 2018-19 LLAD because legally the assessment rate cannot be adjusted. The current assessment rate structure has been in place since FY 1993-94. The following *Table 1*, taken directly from the Preliminary Engineer's Report, summarizes the assessment revenue by benefit zone and general land use. Zones, zone maps, and rates calculations are included in the attached Engineer's Report (*Exhibit A*).

	ASSESS	MENT REVEN	IUE BY BENE	FIT ZONE		
		Zone 1		Zone 2		
DESCRIPTION	Residential	Non- Residential	Residential	Non- Residential	Non- Residential	Total All Zones
Lighting	\$1,104,493	\$662,814	\$392,797	\$140,478	\$190,308	\$2,490,890
Landscaping	\$8,446,064	\$2,396,329	\$3,261,300	\$551,698	\$887,216	\$15,542,607
Total Estimated Assessments	\$9,550,557	\$3,059,143	\$3,654,098	\$692,175	\$1,077,524	\$18,033,497

Table 1: Assessments Summary

The FY 2018-19 Final Assessment Roll attachment to the Final Engineer's Report is not included here due to its large file size; however, it is on file with the City Clerk. The Final Assessment Roll attachment is a document that lists all properties within the assessment district by Assessor's Parcel Number and identifies each property's assessment amount.

#### **FISCAL IMPACT**

This report confirms the continuation of the City's annual LLAD assessment process to levy the tax this year. As noted in Table 4 of the Engineer's Report (*Exhibit A*), the LLAD will have a beginning and ending negative fund balance of \$664,762 in FY 2018-19. The LLAD has steadily improved its FY 2008-09 negative fund balance of approximately \$6 million, however, rapidly increasing costs (e.g., utility rates, personnel, etc.) and the inability to adjust the assessment rate has prevented the City from reaching its goal of maintaining a positive LLAD fund balance.

District Engineer Contract

A contractual agreement with Francisco & Associates, Inc. was previously executed, and funding is available to maintain the contract until December 2021. There is no impact on the General Fund and no additional funding is requested.

#### PUBLIC OUTREACH/INTEREST

Pursuant to the California Streets and Highways Code, the City Council must hold a public hearing to provide an opportunity for any interested party to be heard. The public hearing is set for Tuesday, June 5, 2018 at 6:30 p.m., or as soon thereafter as the item may be heard, in the City Council Chambers.

#### COORDINATION

The report was prepared in coordination with the Finance Department, Oakland Public Works Department, the Department of Transportation, the City Administrator's Office, the Office of the City Attorney, and Francisco & Associates, Inc. (the City's Contractor who annually administers special financing districts).

#### SUSTAINABLE OPPORTUNITIES

**Economic**: Revenues generated from this assessment are relied upon to fund essential City services.

**Environmental**: Clean parks, tot lots, and recreational facilities reduce urban blight and provide plants that produce oxygen and trees that filter air.

**Social Equity**: Parks and recreational facilities provide a venue for healthy activities and a safe environment for the public. Well lit streets and recreational areas help increase public safety for everyone.

Resolution No.	C.M.S
resolution 110.	 

RESOLUTION CONFIRMING THE INFORMATION IN THE ENGINEER'S REPORT FOR THE CITY OF OAKLAND LANDSCAPING AND LIGHTING ASSESSMENT DISTRICT FOR FISCAL YEAR (FY) 2018-19 AND THE LEVYING OF ASSESSMENTS

WHEREAS, pursuant to the California Streets and Highways code, Sections 22500, et seq known as the Landscaping and Lighting Act of 1972 (Act of 1972), the City Administrator filed with the City Clerk and presented before Council, on May 1, 2018, reports for the continuation of the Landscape and Lighting Assessment District in order to raise funds for the installation, maintenance and servicing of public landscaping and lighting; and

WHEREAS, pursuant to Sections 22500 and following of the Act of 1972, the City took a series of actions preliminary to ordering the establishment of the Landscape and Lighting Assessment District ("District") and did establish such District of June 23, 1989; and

**WHEREAS**, pursuant to Sections 22500 and following of the Act of 1972, the City has renewed the District each subsequent year; and

WHEREAS, the voters of the City of Oakland previously approved the continuation of the District, in accordance with Article XIIID, Section 5, of the California Constitution (Proposition 218); and

WHEREAS, the District Engineer has filed an Engineer's Report for the District confirming the applicability of the existing assessment rates for Fiscal Year 2018-19; and

WHEREAS, Tuesday, June 5, 2018, at the hour of 6:30 p.m. was fixed and properly noticed as the day and hour for the City Council to hear and pass on said reports, together with any objections or protests which may be raised by any of the property owners liable to be assessed for the costs of certain public maintenance and improvements equitably only among those citizens and businesses benefiting from such city programs; and

**WHEREAS**, the Engineer's Report was prepared in accordance with the provisions of Article XIII of the California Constitution and state law; and

WHEREAS, the Engineer's Report, incorporated by this reference, provides for services of particular benefit to the properties located within the District (as more specifically identified in the Engineer's Report); now, therefore be it

#### **RESOLVED** by the Council of the City of Oakland, as follows:

- 1. The City Council finds that the City Clerk gave notice of these proceedings as required by Government Code Section 53753 and in compliance with state law, and Article XIII of the California Constitution, and gave all other notices and took all other actions required by law with regard thereto.
- 2. A Public Hearing was held on June 5, 2018, (at 6:30 p.m. in the City Council Chambers in City Hall, located at 1 Frank H. Ogawa Plaza, Oakland California) to hear all public comments, protests, and thereafter to take final action as to the annual assessment for the District.
- 3. At the hearing the testimony of all interested persons for or against the furnishing of the specified types of improvements or activities, and the imposition of the annual assessment for the District was heard. All protests, both written and oral, are overruled and denied, and the City Council finds that there is not a majority protest within the meaning of the law.
- 4. The City Council finds, determines and declares that the District and each parcel therein is benefited by the improvements, maintenance, and activities funded by the assessment to be levied, including all expenses incurred incidentally thereto, upon the lots and parcels of real property in proportion to the estimated benefits to be received as specified in the Engineer's Report.
- 5. The Engineer's Report for the District and the proposed assessment district boundary description, assessment roll and map is accepted and approved and the assessments shall be as provided for in the Engineer's Report and assessment roll. The reasons for the assessments and the types of improvements, activities and services proposed to be funded and provided by the levy of assessments on property in the District and the time period for which the proposed assessments are to be made are those specified in the Engineer's Report.
- 6. The City's Budget shall annually appropriate funds from non-District funds to pay for a low-income rebate.
- 7. The City's and Successor Agency's budgets shall annually appropriate funds from non-district funds to pay for the district's assessment on City and Successor Agency properties.
- 8. The report which the District Engineer filed with the City Clerk and scheduled before Council on June 5, 2018 at the hour of 6:30 p.m. for the continuation of the Landscape and Lighting Assessment District for the FY 2018-19, and the diagram

and assessment as set forth in the annual report of the Engineering Work and each component part of it, including each exhibit incorporated by reference in the report and the levying of each individual assessment as stated in the Assessment Roll described therein, as modified to reflect no increases in the assessment, is hereby accepted and confirmed.

9. Upon approval of the Landscape and Lighting Assessments, the City Administrator shall present an itemized report to the Alameda County Auditor-Controller Agency, State of California, to be placed on the Fiscal Year 2018-19 County Tax Roll, and take whatever other action necessary to collect the assessments.

#### SECTION I

#### INTRODUCTION

#### **ENGINEER'S REPORT**

#### CITY OF OAKLAND

#### LANDSCAPING AND LIGHTING ASSESSMENT DISTRICT

#### FISCAL YEAR 2018-19

#### **Background Information**

The Landscaping and Lighting Assessment District was originally formed on June 23, 1989 and subsequently approved by the registered voters of the City of Oakland in 1994. This District utilizes direct benefit assessments as a funding source for the operation and maintenance of landscaping, park and recreation facilities, and street lighting within the City of Oakland.

An Engineering analysis was performed in 1989 to ensure the costs for funding the operation, maintenance, and servicing of improvements were apportioned to each parcel within the City based upon the special benefits they received from the improvements. Payment of the assessment for each parcel is made in the same manner and at the same time as payments are made for property taxes. All funds collected through the assessment are placed in a special fund and are only used for the purposes stated within this Engineer's Report.

As required by the Landscaping and Lighting Act of 1972, the Engineer's Report includes: (1) a description of the improvements to be operated, maintained, and serviced by the District, (2) an estimated budget for the District, and (3) a listing of the proposed Fiscal Year 2018-19 assessments to be levied upon each assessable lot or parcel within the District.

The City of Oakland will hold a Public Hearing on June 5, 2018, regarding the District which will provide an opportunity for any interested person to be heard. At the conclusion of the Public Hearing, the City Council may adopt a resolution confirming the assessment rates as originally proposed or as modified.

#### SECTION II

# ENGINEER'S REPORT PREPARED PURSUANT TO THE PROVISIONS OF THE LANDSCAPING AND LIGHTING ACT OF 1972 SECTION 22500 THROUGH 22679 OF THE CALIFORNIA STREETS AND HIGHWAY CODE

#### CITY OF OAKLAND LANDSCAPING AND LIGHTING ASSESSMENT DISTRICT

#### FISCAL YEAR 2018-19

Pursuant to the Landscaping and Lighting Act of 1972 (Part 2 of Division 15 of the Streets and Highways Code of the State of California), the Act, and in accordance with Resolution of Initiation and Intention, adopted May 1, 2018 by the City Council, of the City of Oakland, State of California, and in connection with the proceedings for:

#### CITY OF OAKLAND LANDSCAPING AND LIGHTING ASSESSMENT DISTRICT

Hereinafter referred to as the "Assessment District" or "District", I, Joseph A. Francisco, P.E., the authorized representative of Francisco & Associates, Inc., and the duly appointed Engineer of Work, submit herewith the "Report" consisting of five (5) parts as follows:

#### PART A: PLANS AND SPECIFICATIONS

This part describes the improvements to be operated, maintained and serviced within the District. For a more detailed description of the improvements, refer to the listing of improvements on file in the Oakland Public Works Department, which are incorporated herein by reference.

#### PART B: ESTIMATE OF COST

This part contains an estimate of the cost of the proposed improvements that are supported by assessment revenues for Fiscal Year 2018-19, including incidental costs and expenses. For a more detailed cost estimate of the improvements, refer to the cost estimate on file in the Oakland Public Works Department, which are incorporated herein by reference.

#### PART C: ASSESSMENT DISTRICT DIAGRAM

This part incorporates a Diagram of the Assessment District showing the exterior boundaries of the District, the boundaries of any zones within the District, and the lines and dimensions of each lot or parcel of land within the District, are incorporated herein and are on file in the Office of the Oakland City Clerk. The lines and dimensions of each lot or parcel within the Assessment District are those lines and dimensions shown on the maps of the Assessor of the County of Alameda for the fiscal year when this Report was prepared.

#### PART-D: METHOD OF APPORTIONMENT OF ASSESSMENT

This part describes the method of apportionment of assessments which was developed when the assessment district was formed in 1989. The method of apportionment is based upon parcel classification of land, and location within the District, in proportion to the estimated benefit to be received.

#### PART E: PROPERTY OWNER LIST & FINAL ASSESSMENT ROLL

This list contains a list of the Assessor Parcel numbers of Alameda County, and the net amount to be assessed upon the benefited lands within the District for Fiscal Year 2018-19. The Final Assessment Roll is filed in the Office of the Oakland City Clerk and is incorporated in this Report by reference. The list is keyed to the records of the Alameda County Assessor, which are incorporated herein by reference.

#### PART A

#### PLANS AND SPECIFICATIONS

The facilities and improvements that have been constructed and those that may be subsequently constructed within the District, which will be maintained and serviced consist of: street lighting; landscaping; public park and recreation facilities; and appurtenant facilities including, but not limited to, personnel, electrical energy, utilities such as water, materials, contractual services, and other items necessary for the facilities.

#### Street Lighting:

The street lighting system includes all street lights within the public right-of-way, easements, and other exterior lighting which is not part of a building system. Street lights and appurtenant facilities include, but are not limited to: poles, fixtures, bulbs, conduits, equipment including guys, anchors, posts, pedestals, and metering devices as required to provide safe lighting within the boundaries of the District. The locations of street lighting improvements are shown on a Street Light Base Map kept on file at the City's Electrical Engineering Section. There are more than 38,000 streetlights on residential, arterial, and collector streets, plus several hundred other public lights along pathways and outside buildings. Undergrounding projects, in accordance with PG&E programs, when warranted, are also included in the District improvements.

As streetlights are installed and upgraded to LED (Light Emitting Diode), the District's operating and maintenance costs are impacted. Cost estimates, prepared by the Oakland Department of Transportation, take into account the projected reduction in energy and maintenance costs, and increase to the debt service payment for the LED Lighting Conversion Lease for the replacement of 31,000 high pressure sodium street lights to LED.

#### Public Park and Recreational Facilities:

The public park and recreational facilities, and landscape improvements, which are located within the incorporated limits of the City of Oakland, will be operated, maintained, and serviced by the District. Public park and recreational facilities include, but are not limited to: landscaping; irrigation systems; hardscapes; plazas; trees; sidewalks; trails; fixtures; appurtenant facilities i.e. lights, tot lots, play courts, public restrooms, sports fields, sports courts, parkways, etc.; designated easements; and buildings or structures used for the support of park and recreational programs such as, but not limited to, recreation centers, swimming pools, picnic facilities, water-based recreation facilities, and nature oriented facilities.

All landscaping, park, and recreational improvements in Oakland, maintained by the City on public lands, are included in the District. The District includes approximately 2,300 acres of street, park, and plaza landscaping featuring scenic Joaquin Miller Park, Lake Merritt, Mandela Parkway and Union Point Park; about 75,000 trees; more than 130 City parks and public grounds; about 40 Park and Recreation facilities and 44 Field Restrooms. The District also supports activities outside the Oakland Public Works Department such as community gardens, ball field maintenance and many other recreation related buildings and infrastructure.

Tables 1, 2, and 3 on the following pages, present a partial list of the District's landscaping, park and recreational facilities by each Benefit Zone. This list is not exclusive and many small facilities (e.g., landscaped medians and islands) are not included. The benefit zones are those depicted on the Assessment Diagram for Residential and Nonresidential Zones.

Maintenance means the furnishing of services and materials for the ordinary and usual operation, maintenance and servicing of the landscaping, street lighting, public parks, street and park trees and recreational facilities and appurtenant facilities, including: repair, removal or replacement of all or part of any of the landscaping, street lighting, public park and recreational facilities, or appurtenant facilities; providing for the life, growth, health, and beauty of the landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, and treating for disease or injury; and the removal of trimmings, rubbish, debris, and other solid waste. Servicing means the furnishing of water for the irrigation of the landscaping, the maintenance of any street lighting facilities or appurtenant facilities, and the furnishing of electric current or energy, gas, or other illuminating agent for the street lighting, public park, and recreational facilities or appurtenant facilities.

The plans and specifications for the improvements are on file in the Oakland Public Works Department of the City of Oakland.

#### PART B

#### **ESTIMATE OF COST**

The City's Fiscal Year 2018-19 Proposed Budget Summary for the District is shown below in Table 4.

Table 4 - Estimate of Revenues and Costs City of Oakland Landscaping and Lighting Assessment District Fiscal Year 2018-19				
	FY 2018-19 PROPOSED BUDGET	OTHER FUNDING FOR LLAD ACTIVITIES	TOTAL FY 2018-19 LLAD ELIGIBLE ACTIVITIES	
Estimated Revenues				
Property Assessments	\$18,033,497	\$0	\$18,033,497	
Port Revenue - Non Airport Parcels	\$651,725	\$0	\$651,725

Subtotal		\$645,587	\$4,235,930	
Economic & Workforce Development  Marketing & Special Development	\$1,281	\$0	\$1,281	
Non-Departmental Debt Service	\$1,930,685	\$0	\$1,930,685	
Total Expenditures	\$19,939,153	\$8,418,471	\$28,357,624	
Contribution to/(from) Fund Balance	(\$0)	\$0	(\$0)	
Estimated Beginning Fund Balance (est. July 1, 2018)	(\$664,762)	\$0	(\$664,762)	
Estimated Ending Fund Balance (est. June 30, 2019)	(\$664,762)	\$0	(\$664,762)	

<sup>\*</sup> Negative Fund Balances will not be eliminated by using future LLAD assessments, but instead from other funds.

The 1972 Act provides that the total cost for operations, maintenance and servicing of those facilities or improvements, which provide a "special benefit" to the parcels can be recovered in the assessment spread including incidental expenses. These incidental expenses include but are not limited to engineering fees, legal fees, printing, mailing, postage, publishing, etc.

In addition to the \$19.9 million in revenue that is proposed to be collected in Fiscal Year 2018-19 including prior year assessment delinquency collections, the City will also be financing approximately \$8.4 million in additional landscape and lighting district expenditures from other funding sources. This City contribution will be used to offset costs that are attributable to the general benefits received to the public at large.

The District's total assessment revenue allocation by benefit zone is shown below in Table 5. The location of the zones of benefit and the method of apportionment are described in Part D of this Report.

Table 5: ASSESSMENT REVENUE BY BENEFIT ZONE							
	Zone 1 Budget		Zone 2 Budget		Zone 3	Total	
		Non		Non	Non	All	
DESCRIPTION	Residential	Residential	Residential	Residential	Residential	Zones	
Lighting	\$1,104,493	\$662,814	\$392,797	\$140,478	\$190,308	\$2,490,890	
Landscaping	<u>\$8,446,064</u>	<u>\$2,396,329</u>	<u>\$3,261,300</u>	\$551,6 <u>98</u>	\$887,216	<u>\$15,542,607</u>	
Total Estimated Assessments	\$9,550,557	\$3,059,143	\$3,654,098	\$692,175	\$1,077,524	\$18,033,497	

The 1972 Act requires that a special fund be set up for the revenues and expenditures of the District. Funds raised by the assessment shall be used only for the purpose as stated herein. A contribution to the District by the City may be made to reduce assessments, as the City Council deems appropriate. Any balance or deficit remaining on July 1 must be carried over to the next fiscal year.

#### PART C

#### ASSESSMENT DISTRICT DIAGRAM

#### **Assessment District**

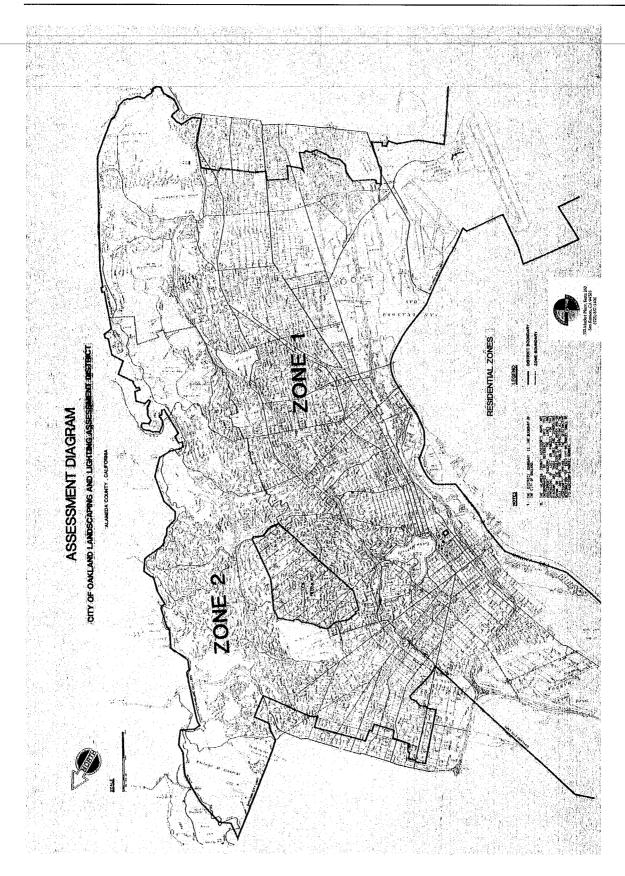

The boundaries of the City of Oakland's Landscaping and Lighting Assessment District coincide with the boundaries of the City of Oakland and encompass all parcels of land within the City. The District Diagram is located on the following pages of this Report.

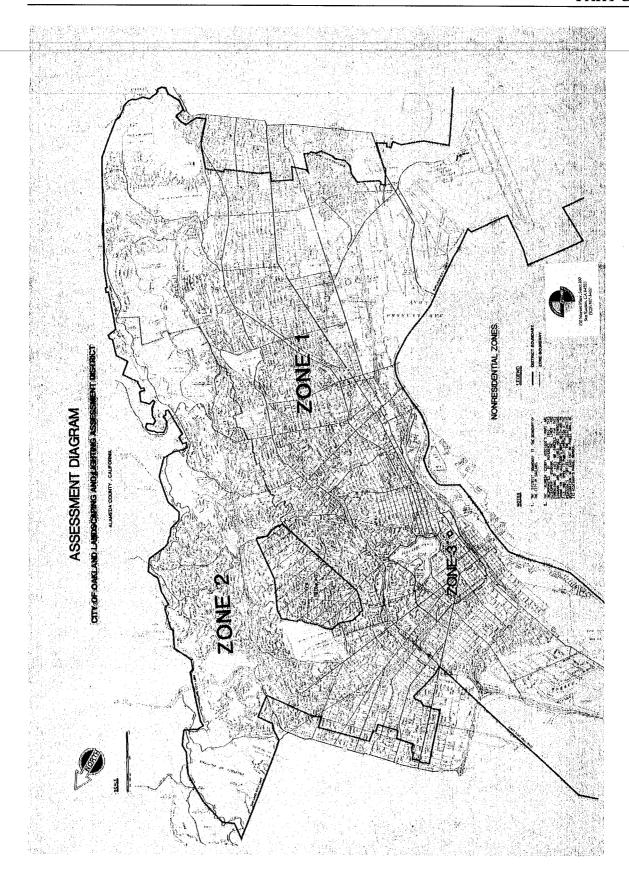

The District Diagram presents the District boundary, the Zones of Benefit, and City streets. The lines and dimensions of each parcel of land within the District, are those lines and dimensions of the Assessor's parcel maps on file at the Alameda County Assessor's office. The Assessor's maps are incorporated by reference into the Assessment Diagram. The Assessor's parcel number is adopted as the distinctive designation of each lot or parcel.

#### Benefit Zone Boundaries

The District is divided by two benefit zone systems, residential and non-residential. Consequently, the District Diagram is presented in two sheets, one depicting residential Benefit Zones 1 and 2, and the other depicting non-residential Benefit Zones 1, 2, and 3. For each sheet of the Assessment District Diagram, the dividing line between Benefit Zones 1 and 2 generally begins at I-580 and the northerly City Park District Limits, then continues easterly along I-580 and northerly along Piedmont Avenue to the City Limits of Piedmont. It then generally begins at Park Boulevard and the southerly boundary of Piedmont and meanders southerly to State Road 13 near Seminary Avenue, and easterly to the Oakland City Limits.

Non-residential Benefit Zone 3 encompasses the downtown business district generally bordered by Grand Avenue, El Embarcadero, Lakeshore Avenue, the Nimitz Freeway, Highway 24 and 27<sup>th</sup> Street.

#### PART D

#### METHOD OF APPORTIONMENT OF ASSESSMENT

#### **GENERAL**

The Landscaping and Lighting Act of 1972 permits the establishment of assessment districts by agencies for the purpose of providing, maintaining, and servicing certain public improvements, which include the construction, maintenance, and servicing of street lights, traffic signals, landscaping facilities, and park and recreational facilities.

Section 22573 of the 1972 Act requires that assessments be levied according to benefit rather than according to assessed value. This section states:

"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable parcels in proportion to the estimated benefits to be received by each parcel from the improvements."

The 1972 Act permits the designation of zones of benefit within any individual assessment district if "by reasons or variations in the nature, location, and extent of the improvements, the various areas will receive different degrees of benefit from the improvements".

#### SPECIAL BENEFIT DETERMINATION

#### Street Lighting

The proper functioning of street lighting is imperative for the welfare and safety of property located adjacent to or near the street lights throughout the City. Proper operation, maintenance, and servicing of a street lighting system benefits the adjacent properties by providing increased illumination for ingress and egress to property, safe pedestrian traveling at night, improved security and protection to the property.

#### Landscaping

Trees, landscaping, hardscaping, and appurtenant facilities, if well maintained, provide beautification, shade and aesthetic enhancement of the surroundings to the adjacent properties, and therefore, directly increase property desirability and value. In <u>Parkways and Land Values</u>, written by John Nolan and Henry V. Hubbard in 1937, it is stated:

". . . there is no lack of opinion, based on general principals and experience and common sense, that parkways do in fact add value to property, even though the amount cannot be determined exactly. Indeed, in most cases where public money has been spent for parkways, the assumption has been definitely made that the proposed parkway will show a provable financial profit to the City."

It should be noted that the definition of "parkways" above includes all roadway landscaping including medians and entranceways.

#### Parks and Recreation

Park and Recreational facilities provide a special and direct benefit to properties located near or adjacent to the park and recreational facilities. These park and recreational facilities enable the adjacent property owners to participate in sporting events, leisure activities, picnics, organized social events, and other neighborly activities. Since these parcels are located within close proximity of the park and recreational facilities, these parcels realize a direct increase in property values. Property values increase more when the park and recreational facilities are in place, improved, operable, safe, clean, and well maintained near or adjacent to their parcels. Conversely, property values decrease when park and recreational facilities are non-existent, unsafe, or destroyed by the elements or vandalism.

Studies in a number of neighborhoods and communities, including counties and cities throughout the United States, have indicated that recreation and recreational facilities, if well maintained, have caused an increase in the property values within the community. These studies confirm the opinion long held by planning authorities as to the economic value to parcels from park and recreational facilities located nearby.

"The recreation value is realized as a rise in the value of land and other property in or near the recreation area, is of both private interest to the landowner and others holding an economic stake in the area, and of public interest to the taxpayers, who have a stake in a maximum of total assessed values." (National Recreation and Park Association, June 1985)

#### **BENEFIT ZONES**

Benefit zones have been established to distinguish geographic areas with differing degrees of benefit received by parcels of similar size and use. These distinctions arise from variations in the nature, location, and extent of improvements. Within a benefit zone, parcels of similar size and use are estimated to receive the same degree of benefit. For the City of Oakland Landscaping and Lighting Assessment District, two benefit zone systems are used; one for residential parcels and one for non-residential parcels.

#### Street Lighting Improvements

The Oakland City Council has established minimum standards for residential street lighting that are uniformly applied throughout the City. The District's lighting budget includes funds to maintain all residential streets at these standards. In addition, the residential properties receive some additional benefit from the increased street lighting located on collector and arterial streets. Because all residences benefit from a portion of the collector and arterial lighting, 30 percent of these lighting costs are included in the residential assessments. In addition, for non-residential parcels, a distinction is necessary for benefits received from street lighting. Throughout the City, street lighting is similar among non-residential areas. One exception to this similarity in lighting among non-residential areas is the downtown area, which is more intensely lighted than are other non-residential areas. To account for this difference in lighting intensity, Benefit Zone 3, encompassing the central business district, was created for non-residential properties.

#### Landscaping Improvements

Because of the variation in density of roadway, median and parkway landscaping throughout the City, the District is divided into two benefit zones. Parcels located within their respective benefit zones will pay for the landscaping costs located within that benefit zone based upon the methodology detailed within this Report.

#### Parks and Recreation

Finally, a long-standing system of City Park Maintenance Districts provides another basis for placement of benefit zone boundaries. These park and recreational benefit zone boundaries were established on the basis of location and density of park and recreational improvements, in an effort to establish areas requiring equivalent input of resources.

For residential and non-residential parcels, it is appropriate to make the same distinction between Benefit Zones 1 and 2 for benefits received from park improvements. In addition to distinguishing lighting intensity, the Benefit Zone 3 boundary serves another purpose: the highest density of park improvements is in the downtown area. Downtown improvements include Lake Merritt. Clearly, areas outside Benefit Zone 3 also benefit from the downtown improvements. Portions of the Benefit Zone 3 park and recreational benefits are therefore attributed to Benefit Zones 1 and 2.

Estimates of the benefits received from the park & recreational improvements located within Benefit Zone 3 were based on interviews with City staff and other persons possessing extensive knowledge of City parks and their usage. Fifty percent of park & recreational improvements located within Benefit Zone 3 benefit the non-residential and residential parcels located within Benefit Zone 1, twenty-five percent of the park & recreational improvements located within Benefit Zone 3 benefit the non-residential parcels located in Benefit Zone 3, and twenty-five percent of the park & recreational improvements located within Benefit Zone 3 benefit the non-residential and residential parcels located within Benefit Zone 2.

In summary, several zones of benefit were established as follows:

Zone 1	Residential
Zone l	Non-Residential
Zone 2	Residential
Zone 2	Non-Residential
Zone 3	Non-Residential

#### **PARTE**

#### PROPERTY OWNER LIST & FINAL ASSESSMENT ROLL

A list of names and addresses of the owners of all parcels, and the description of each lot or parcel within the City of Oakland Landscaping and Lighting Assessment District is shown on the last equalized Property Tax Roll of the Alameda County Assessor, which by reference is hereby made a part of this report.

This list is keyed to the Assessor's Parcel Numbers as shown on the Final Assessment Roll, which includes the proposed amount of assessments for Fiscal Year 2018-19 apportioned to each lot or parcel. The Final Assessment Roll is on file in the Office of the City Clerk of the City of Oakland and is shown in this Report as Appendix "A".

#### APPENDIX 'A'

FISCAL YEAR 2018-19 FINAL ASSESSMENT ROLL

(Under separate cover and on file with the City Clerk)
