Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

My main goals and objectives for joining the committee involve creating physically accessible and affordable housing for the disabled in Oakland, providing access to affordable healthcare, including tax-free medical marijuana, and ensuring public spaces are accessible to all. I am very committed to helping to secure and maintain rights for disabled residents of Oakland. Since moving here last April, I started a support group for rare disease patients in Alameda and Contra Costa counties. We now have over one hundred members and meet on a regular basis. Our focus is on patient advocacy, connecting patients with medical resources and doctors familiar with our rare diseases, and general social support for homebound patients who feel isolated. I also try and help members of the nearby homeless camp, just south of Ashby BART as much as I can. I estimate at least 60-75% of the residents in the Here/There camp are disabled. Before moving to Oakland, I was a member of the Town of North Hempstead Disability Committee where we helped implement a free ride program with local taxi companies for the disabled to get to and from doctor appointments, grocery shopping, etc.

I have been running support groups for the, Crohn's and Colitis, and Ankylosing Spondylitis Foundations for over thirty years. I am currently the leader of the Oakland-San Francisco Chapter for the Ankylosing Spondylitis Foundations. While employed by the Federal government I was on the Committee to advance the employment for people with disabilities, at my agency. If I have served on the CPRB for eight out of the last 10 years I have lived in Oakland. NOTE if there is not an opening on these committees I would like to be considered for other openings as well that I make be of use to the City

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

I've been involved with disability activism for the past twenty years, identify as a disabled person, and am a professor of Disability Studies at UC Berkeley. I'm a new resident of Oakland and very invested in making it a welcoming and inclusive place for people with disabilities -- especially for those with intersectional disability identities (race, gender, sexuality, housing status, socioeconomic status, immigration status, and so forth).

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

After serving a partial term on the Mayor's Commission for Persons with Disabilities, I wish to apply for another term. As the caretaker and legal guardian of my Autistic brother, I am interested in serving on the Commission on Persons with Disabilities to contribute my experiences in engaging him in services. My brother and I moved to Oakland two years ago, and I have recent insights related to our experience with the State of California Department of Developmental Services Regional Center of the East Bay in establishing eligibility and developing an individual service plan with his case manager. He is currently receiving adult day program services and independent living skills coordination in Oakland. Due to the nature of his developmental disability, my brother has severe challenges with verbal communication. As his caretaker, I view advocating on his behalf as one of my responsibilities. I welcome the opportunity to help address the concerns of the disability community in my adopted city and promote their full engagement in the community by participating in the Commission on Persons with Disabilities.
