As a senior Oakland resident, former Parks and Recreation Visual Arts Specialist for 18 years, my freelance activities include ensuring seniors seeking information, receive access to folks with pertinent resources. As a community member I sat in on Mayor's Commission on Aging recent retreat. I was drawn in by the like minded folks strategizing for the livability of Oakland's seniors. I'm fortunate that I've creative skills to stretch my monthly financial allotment. Many seniors aren't so fortunate. As a committee member of ROAR (Resources for Oakland Active Retirees) I help to distribute info about events and activities for seniors' social connectiveness. With the looming increase of senior homelessness, I'd like to combine the info I learn as a committee member of Prescott Joseph Center's West Oakland Community Collaborative (WOCC) with the info from the work resulting from the Commission on Aging to disseminate to a wider population.

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

As a Senate Fellow in Senator Carol Liu's office, I staffed a select committee on Aging and Long Term Care from 2013-2014. Under the direction of the Senator and the Hon. Patty Berg, I met with more than 50 stakeholders in the statewide aging policy community and learned about the intricacies of this many layered system. Our work resulted in a report "A Shattered System" which made recommendations for a more cohesive and holistic approach to patient centered care. Since then, I have paid close attention to aging policy, including changes to Medicare and Medicaid provision. I am invested in seeing that everyone in the Oakland community has the resources they need to age in place with dignity and the best care. I want to ensure that if they need more care that those businesses which supply these services are held to the highest standards of service and ethics. I would like to bring my professional knowledge of aging policy, and my personal experience of caring for two family members at the end of their lives to enrich the work of the commission. We are all aging, and I am ready to help lead conversations about how we can do it better.
