EXECUTIVE SUMMARY

Approval of these resolutions will authorize the City Administrator or designee to execute a construction contract with Pacific Trenchless, Inc. in the amount of \$3,571,501.00 and a construction contract with Andes Construction, Inc. in the amount of \$1,817,714.00. The work to be completed under the two contracts is part of the City's annual sanitary sewer rehabilitation program and is required under the 2014 Sewer Consent Decree. Funding for this project is available in the Fiscal Year 2019-20 budget. The work areas are shown in **Attachment A1 and Attachment A2 to this report.**

BACKGROUND / LEGISLATIVE HISTORY

The Environmental Protection Agency (EPA) mandates the reduction of sanitary sewer overflows during storm events. These projects to be completed under these contracts are part of the City's annual sanitary sewer rehabilitation program (to rehabilitate 68,640 feet of sewer

main) intended to improve the pipe conditions and reduce wet weather peak flows in the sanitary sewer system and are required under the 2014 Sewer Consent Decree.

1. *Sanitary Sewer Rehabilitation Sub-Basin 84-003 (Project No. 1003202)*: The proposed work consists of rehabilitating approximately 14,629 linear feet of existing 8-inch to 21-inch diameter sewer pipes by pipe-expanding, open trench or cured-in-place pipe method; rehabilitating sewer structures; reconnecting and rehabilitating house sewer connections, and other related work as indicated on the plans and specifications.
2. *On-Call Sanitary Sewers Emergency Projects FY 2019-21 (Project No. 1000720-2.0)*: The proposed work consists of rehabilitating sanitary sewers and appurtenant structures in the City streets or back yard/side-yard easements. Sanitary sewers rehabilitation work under this contract will be performed on an as-needed basis and as directed by the Engineer through work/task orders. Location will vary city-wide throughout Oakland and will be determined by the Engineer.

ANALYSIS AND POLICY ALTERNATIVES

Adoption of this resolution will allow the City Administrator or designee to execute a construction contract with Pacific Trenchless, and a construction contract with Andes Construction Inc. for sewer rehabilitation projects as follows:

1. *Sanitary Sewer Rehabilitation Sub-Basin 84-003 (Project No. 1003202)*. On October 10, 2019, the City Clerk received three bids for this project in the amounts of \$3,571,501.00, \$4,070,075.00, and \$4,407,270.00 as shown in **Attachment B**. Pacific Trenchless, Inc. was deemed the lowest responsive and responsible bidder and is recommended for the award.

Under the proposed contract with Pacific Trenchless, Inc., the Local Business Enterprise/Small Local Business Enterprise (LBE/SLBE) participation will be 86.73 percent, which exceed the City's 50 percent LBE/SLBE requirement. Trucking participation is 100 percent and exceeds the 50 percent requirement. The contractor is required to have 50 percent of the work hours performed by Oakland residents, and 50 percent of all new hires are to be Oakland residents. The LBE/SLBE information has been verified by the Social Equity Division of the Department of Contracting and Purchasing and is shown in **Attachment C1**.

Construction is scheduled to begin in March 2020 and should be completed by March 2021. The contract specifies liquidated damages of \$1,000 per calendar day should the contractor cause the work to be delayed. The project schedule is shown in **Attachment B**.

The Engineer's estimate for the work is \$3,793,128. Staff has reviewed the submitted bids for the work and has determined that the bid is responsive and reasonable for the current construction market condition.

2. *On-Call Sanitary Sewers Emergency Projects FY 2019-21 (Project No. 1000720-2.0).* On October 3, 2019, the City Clerk received three bids for this project in the amount of \$1,817,714.00, \$1,869,975 and \$2,698,400.00 as shown in **Attachment B**. Andes Construction, Inc. was deemed the lowest responsive and responsible bidder and is recommended for the award.

Under the proposed contract with Andes Construction, Inc., the Local Business Enterprise/Small Local Business Enterprise (LBE/SLBE) participation will be 97.63 percent, which exceeds the City's 50 percent LBE/SLBE requirement. Trucking participation is 100 percent and exceeds the 50 percent requirement. The contractor is required to have 50 percent of the work hours performed by Oakland residents, and 50 percent of all new hires are to be Oakland residents. The LBE/SLBE information has been verified by the Social Equity Division of the Department of Contracting and Purchasing and is shown in **Attachment C2**.

Construction is scheduled to begin by the end of March 2020 and should be completed by March 2022. The contract specifies liquidated damages of \$500 per calendar day should the contractor cause the work to be delayed. The project schedule is shown in **Attachment B**.

The Engineer's estimate for the work is \$1,760,150. Staff has reviewed the submitted bids for the work and has determined that the bid is responsive and reasonable for the current construction market condition.

FISCAL IMPACT

Funding for both contracts are available in the Fiscal Year (FY) 2019-20 Budget in Fund 3100 Sewer Service Fund, Organization 92244 Sanitary Sewer Design Organization, Project No. 1003202 and 1000720-2.0. Funding for operations and maintenance is also budgeted and available in the Sewer Fund 3100.

PUBLIC OUTREACH / INTEREST

The residents in the area have been notified in writing about this project. Prior to starting work, residents who are affected by the work will be notified individually of the work schedule, and planned activities, and will receive the contact information of the Contractor and Resident Engineer/Inspector in charge.

COORDINATION

The work to be done under these contracts was coordinated with Oakland Public Works (OPW) Bureau of Maintenance and Internal Services, Bureau of the Environment, and the Contracts and Compliance Division of the City Administrator's Office. In addition, the Office of the City Attorney and the Budget Bureau have reviewed this report and resolution.

PAST PERFORMANCE, EVALUATION AND FOLLOW-UP

The Contractor Performance Evaluation for Pacific Trenchless Inc. and Andes Construction Inc. from a previously completed project are satisfactory and are included in ***Attachment D1 and Attachment D2***, respectively.

SUSTAINABLE OPPORTUNITIES

Economic: The contractors are verified for Local Business Enterprise and Small Local Business Enterprise (LBE/SLBE) participation by the Social Equity Division of the Department of Contracting and Purchasing. The contractors are required to have 50 percent of the work hours performed by Oakland residents, and 50 percent of all new hires are to be Oakland residents, which will result in funds being spent locally.

Environmental: Replacing sanitary sewers will minimize sewer leakage and overflows, thus preventing potential harm to property, groundwater resources and the bay. Best Management Practices for the protection of storm water runoff during construction will be required.

Race & Equity: This project is part of the citywide program to eliminate wastewater discharges and overflows, thereby benefiting all Oakland residents with decreased sewer overflows and improved infrastructure. FY 2019-21 CIP Budget seeks to balance the need to repair and replace existing assets and to also deliver new assets where they are most needed using available resources. This CIP reflects a new process to identify and prioritize community values, described fully in the section titled "CIP Development Process". Previous CIP Prioritization established over a decade ago was limited, based on infrastructure condition, regulatory mandates and project readiness.

ACTION REQUESTED OF THE CITY COUNCIL

Staff recommends that the City Council adopt the following pieces of legislation:

1. Resolution Awarding A Construction Contract To Pacific Trenchless, Inc., The Lowest Responsive And Responsible Bidder, In Accordance With Project Specifications For Sanitary Sewer Rehabilitation Sub-Basin 84-003 (Project No. 1003202) And With Contractor's Bid In The Amount Of Three Million Five Hundred Seventy-One Thousand Five Hundred One Dollars (\$3,571,501.00).

Attachment D1

Schedule L-2
City of Oakland
Public Works Agency
CONTRACTOR PERFORMANCE EVALUATION

Project Number/Title: C455620
Work Order Number (if applicable):
Contractor: Pacific Trenchless, Inc.
Date of Notice to Proceed: 09/30/2015
Date of Notice of Completion: 03/17/17
Date of Notice of Final Completion: 03/20/17
Contract Amount: \$1,535,568.70
Evaluator Name and Title: Jose Sotelo, Assistant Engineer II

The City's Resident Engineer most familiar with the Contractor's performance must complete this evaluation and submit it to Manager, PWA Project Delivery Division, within 30 calendar days of the issuance of the Final Payment.

Whenever the Resident Engineer finds the Contractor is performing below Satisfactory for any category of the Evaluation, the Resident Engineer shall discuss the perceived performance shortfall at the periodic site meetings with the Contractor. An Interim Evaluation will be performed if at any time the Resident Engineer finds that the overall performance of a Contractor is Marginal or Unsatisfactory. An Interim Evaluation is required prior to issuance of a Final Evaluation Rating of Unsatisfactory. The Final Evaluation upon Final Completion of the project will supersede interim ratings.

The following list provides a basic set of evaluation criteria that will be applicable to all construction projects awarded by the City of Oakland that are greater than \$50,000. Narrative responses are required to support any evaluation criteria that are rated as Marginal or Unsatisfactory, and must be attached to this evaluation. If a narrative response is required, indicate before each narrative the number of the question for which the response is being provided. Any available supporting documentation to justify any Marginal or Unsatisfactory ratings must also be attached.

If a criterion is rated Marginal or Unsatisfactory and the rating is caused by the performance of a subcontractor, the narrative will note this. The narrative will also note the General Contractor's effort to improve the subcontractor's performance.

ASSESSMENT GUIDELINES:

- Outstanding (3 points) Performance among the best level of achievement the City has experienced.
- Satisfactory (2 points) Performance met contractual requirements.
- Marginal (1 point) Performance barely met the lower range of the contractual requirements or performance only met contractual requirements after extensive corrective action was taken.
- Unsatisfactory (0 points) Performance did not meet contractual requirements. The contractual performance being assessed reflected serious problems for which corrective actions were ineffective.

OVERALL RATING: 2

Outstanding: Greater than 2.5
Satisfactory: Greater than 1.5 & less than or equal to 2.5
Marginal: Between 1.0 & 1.5
Unsatisfactory: Less than 1.0

PROCEDURE:

The Resident Engineer will prepare the Contractor Performance Evaluation and submit it to the Supervising Civil Engineer. The Supervising Civil Engineer will review the Contractor Performance Evaluation to ensure adequate documentation is included, the Resident Engineer has followed the process correctly, the Contractor Performance Evaluation has been prepared in a fair and unbiased manner, and the ratings assigned by the Resident Engineer are consistent with all other Resident Engineers using consistent performance expectations and similar rating scales.

The Resident Engineer will transmit a copy of the Contractor Performance Evaluation to the Contractor. Overall Ratings of Outstanding or Satisfactory are final and cannot be protested or appealed. If the Overall Rating is Marginal or Unsatisfactory, the Contractor will have 10 calendar days in which they may file a protest of the rating. The Public Works Agency Assistant Director, Design & Construction Services Department, will consider a Contractor's protest and render his/her determination of the validity of the Contractor's protest. If the Overall Rating is Marginal, the Assistant Director's determination will be final and not subject to further appeal. If the Overall Rating is Unsatisfactory and the protest is denied (in whole or in part) by the Assistant Director, the Contractor may appeal the Evaluation to the City Administrator, or his/her designee. The appeal must be filed within 14 calendar days of the Assistant Director's ruling on the protest. The City Administrator, or his/her designee, will hold a hearing with the Contractor within 21 calendar days of the filing of the appeal. The decision of the City Administrator regarding the appeal will be final.

Contractors who receive an Unsatisfactory Overall Rating (i.e., Total Score less than 1.0) will be allowed the option of voluntarily refraining from bidding on any City of Oakland projects within one year from the date of the Unsatisfactory Overall Rating, or of being categorized as non-responsible for any projects the Contractor bids on for a period of one year from the date of the Unsatisfactory Overall Rating. Two Unsatisfactory Overall Ratings within any five year period will result in the Contractor being categorized by the City Administrator as non-

responsible for any bids they submit for future City of Oakland projects within three years of the date of the last Unsatisfactory overall rating.

Any Contractor that receives an Unsatisfactory Overall Rating is required to attend a meeting with the City Administrator, or his/her designee, prior to returning to bidding on City projects. The Contractor is required to demonstrate improvements made in areas deemed Unsatisfactory in prior City of Oakland contracts.

The Public Works Agency Contract Administration Section will retain the final evaluation and any response from the Contractor for a period of five years. The City shall treat the evaluation as confidential, to the extent permitted by law.

Any available supporting documentation to justify any Marginal or Unsatisfactory ratings must also be attached.

If a criterion is rated Marginal or Unsatisfactory and the rating is caused by the performance of a subcontractor, the narrative will note this. The narrative will also note the General Contractor's effort to improve the subcontractor's performance.

PROCEDURE:

The Resident Engineer will prepare the Contractor Performance Evaluation and submit it to the Supervising Civil Engineer. The Supervising Civil Engineer will review the Contractor Performance Evaluation to ensure adequate documentation is included, the Resident Engineer has followed the process correctly, the Contractor Performance Evaluation has been prepared in a fair and unbiased manner, and the ratings assigned by the Resident Engineer are consistent with all other Resident Engineers using consistent performance expectations and similar rating scales.

The Resident Engineer will transmit a copy of the Contractor Performance Evaluation to the Contractor. Overall Ratings of Outstanding or Satisfactory are final and cannot be protested or appealed. If the Overall Rating is Marginal or Unsatisfactory, the Contractor will have 10 calendar days in which they may file a protest of the rating. The Public Works Agency Assistant Director, Design & Construction Services Department, will consider a Contractor's protest and render his/her determination of the validity of the Contractor's protest. If the Overall Rating is Marginal, the Assistant Director's determination will be final and not subject to further appeal. If the Overall Rating is Unsatisfactory and the protest is denied (in whole or in part) by the Assistant Director, the Contractor may appeal the Evaluation to the City Administrator, or his/her designee. The appeal must be filed within 14 calendar days of the Assistant Director's ruling on the protest. The City Administrator, or his/her designee, will hold a hearing with the Contractor within 21 calendar days of the filing of the appeal. The decision of the City Administrator regarding the appeal will be final.

Contractors who receive an Unsatisfactory Overall Rating (i.e., Total Score less than 1.0) will be allowed the option of voluntarily refraining from bidding on any City of Oakland projects within one year from the date of the Unsatisfactory Overall Rating, or of being categorized as non-responsible for any projects the Contractor bids on for a period of one year from the date of the Unsatisfactory Overall Rating. Two Unsatisfactory Overall Ratings within any five year period will result in the Contractor being categorized by the City Administrator as non-responsible for any

bids they submit for future City of Oakland projects within three years of the date of the last unsatisfactory overall rating.

Any Contractor that receives an Unsatisfactory Overall Rating is required to attend a meeting with the City Administrator, or his/her designee, prior to returning to bidding on City projects. The Contractor is required to demonstrate improvements made in areas deemed Unsatisfactory in prior City of Oakland contracts.

The Public Works Agency Contract Administration Section will retain the final evaluation and any response from the Contractor for a period of five years. The City shall treat the evaluation as confidential, to the extent permitted by law.
