ISSUE

At the time of its dissolution in 2012, Redevelopment Agencies (RDA) were the largest single source of funding for affordable housing and spent over \$1 billion on its construction annually. This lost revenue, in addition to budget cuts at the federal level, created a significant gap in the construction and availability of affordable units.

The aim of this legislation is to thoughtfully tackle the housing crisis by responding to the needs of cities and counties. It will create desperately needed housing opportunities for hard-working Californians and also help alleviate poverty, create jobs, and meet our statewide environmental goals without affecting school funding.

BACKGROUND

California's housing crisis is staggering: 2.2 million extremely low-income and very low-income renter households are competing for only 664,000 affordable rental homes. This leaves more than 1.54 million of California's lowest-income households without access to housing. Furthermore, low-income families are forced to spend more of their income on rent, which leaves little else for other basic necessities. Many renters must postpone or forego homeownership, live in more crowded housing, commute further to work, or, in some cases, choose to live and work elsewhere. This also leaves low-income families more vulnerable to becoming homeless.

Historically, the Community Redevelopment Law (CRL) allowed local government to establish a redevelopment area and capture a portion of the increase in property taxes generated within the area (referred to as "tax increment") over a period of decades. The law required redevelopment agencies to deposit 20% of tax increment into a Low and Moderate Income Housing Fund (L&M fund) to be used to increase, improve, and

preserve the community's supply of low- and moderate-income housing available at an affordable-housing cost.

In 2011, the Legislature enacted legislation to dissolve RDA's in response to the Great Recession and a need to close a massive budget shortfall. The elimination of RDAs returned billions of dollars of property tax revenues to schools, cities, and counties to fund core services.

Since the elimination of RDAs, local governments and lawmakers have searched for ways to raise the capital needed to invest in public works projects including affordable housing.

A number of new laws have brought back some of the tools of RDAs to help combat our growing affordable housing crisis. Most notably is the establishment of Enhanced Infrastructure Finance Districts. These tools have not been widely used by local governments for many reasons including the need for local governments to opt-in and partner on IFDs and a lack of state financial support.

THIS BILL

This bill allows local governments to collaborate on state-approved redevelopment plans, which would be funded by reducing their contributions to local Education Revenue Augmentation Funds (ERAFs). Funding can be used for the following five purposes: (1) affordable housing, (2) transit-oriented development, (3) infill development, (4) revitalizing and restoring neighborhoods, and (5) planning for projects that mitigate the effects of climate change.

The funding mechanism will allow local governments that have opted-in and have an approved project plan to use local property tax. This bill will commit \$2 billion in ongoing state funding (ramping up from \$200 million over 9 years) and will ensure schools are held harmless to meet the Prop 98 guarantee.

At a minimum, 50% of the program's funding must be used to construct affordable housing. Of the 50% funds for affordable housing, a minimum of 80% must be used for low-income housing (below 80% AMI) and be consistent with the Low Income Housing Tax Credit program. The remaining 20% can be used for moderate-income housing (80% to 120% AMI). Provisions also ensure that housing is, and remains, affordable to renters.

The bill also creates a Sustainable Investment Incentive Committee to review and approve or disapprove proposed projects. The Committee will be comprised of individuals appointed by the Legislature and the Governor.

Each applicant that has received financing pursuant to the program for any fiscal year shall provide a report to the Committee. The Committee will provide oversight of the funds and will be responsible for providing an annual report on program outputs to the Joint Legislative Budget Committee.

An act to add Section 41202.6 to the Education Code, to add Part 4 (commencing with Section 55900) to Division 2 of Title 5 of, and to add Division 6 (commencing with Section 62300) to Title 6 of, the Government Code, and to add Section 97.68.1 to the Revenue and Taxation Code, relating to local government finance.

LEGISLATIVE COUNSEL'S DIGEST

SB 795, as introduced, Beall. Affordable Housing and Community Development Investment Program.

Existing property tax law requires the county auditor, in each fiscal year, to allocate property tax revenue to local jurisdictions in accordance with specified formulas and procedures, subject to certain modifications. Existing law requires an annual reallocation of property tax revenue from local agencies in each county to the Educational Revenue Augmentation Fund (ERAF) in that county for allocation to specified educational entities.

Existing law authorizes certain local agencies to form an enhanced infrastructure financing district, affordable housing authority, transit village development district, or community revitalization and investment authority for purposes of, among other things, infrastructure, affordable housing, and economic revitalization.

This bill would establish in state government the Affordable Housing and Community Development Investment Program, which would be administered by the Affordable Housing and Community Development Investment Committee. The bill would authorize a city, county, city and county, joint powers agency, enhanced infrastructure financing district, affordable housing authority, community revitalization and investment authority, transit village development district, or a combination of those entities, to apply to the Affordable Housing and Community Development Investment Committee to participate in the program and would authorize the committee to approve or deny plans for projects meeting specific criteria. The bill would also authorize certain local agencies to establish an affordable housing and community development investment agency and authorize an agency to

apply for funding under the program and issue bonds, as provided, to carry out a project under the program. Among other things, the bill would require that an applicant certify that a skilled and trained workforce, as defined, will be used to complete the project if the plan is approved, except as specified. The bill would also require the Department of Housing and Community Development to certify to the committee whether the housing element of the applicant, if applicable, is in substantial compliance with specified law and whether any rezoning of sites required by law have been completed. By requiring the applicant and the department to make these certifications, the bill would expand the scope of the crime of perjury.

The bill would require the Affordable Housing and Community Development Investment Committee to adopt guidelines for plans. Subject to the Legislature enacting a budget bill for the applicable fiscal year that specifies the amount for the committee to allocate pursuant to the program, the bill would require the committee to approve no more than \$200,000,000 per year from July 1, 2022, to June 30, 2027, and \$250,000,000 per year from July 1, 2027, to June 30, 2031, in transfers from a county's ERAF for applicants for plans approved pursuant to this program. The bill would provide that eligible projects include, among other things, the predevelopment, development, acquisition, rehabilitation, and preservation of workforce and affordable housing, certain transit-oriented development, and projects promoting strong neighborhoods.

The bill would require the Affordable Housing and Community Development Investment Committee, upon approval of a plan and subject to specified conditions, to issue an order directing the county auditor to transfer an amount of ad valorem property tax revenue that is equal to the affordable housing and community development investment amount approved by the committee, except as provided, from the county's ERAF. The bill would require the county auditor to either deposit that amount into the Affordable Housing and Community Development Investment Fund, which this bill would create in the treasury of each county, or, if the applicant is a specified type of authority or special district to transfer to the city or county that created the authority or district an amount of property tax revenue equal to the amount approved by the Affordable Housing and Community Development Investment Committee for that authority or district. The bill would require the city or county that created the district to, upon receipt, transfer those funds to the authority or district in an amount equal to the affordable housing and community development investment amount for that authority or district. The bill would authorize applicants to use approved amounts to incur debt or issue bonds or other financing to support an approved project.

The bill also would require each applicant that has received funding to submit annual reports, as specified, and would require the Affordable Housing and Community Development Investment Committee to provide a report to the Joint Legislative Budget Committee, if it approves funding under the program, that includes certain project information.

Section 8 of Article XVI of the California Constitution sets forth a formula for computing the minimum amount of revenues that the state is required to appropriate for the support of school districts and community college districts for each fiscal year.

This bill would require the Director of Finance to adjust the percentage of General Fund revenues appropriated for school districts and community college districts for these purposes in a manner that ensures that the transfers from a county's ERAF pursuant to the Affordable Housing and Community Development Investment Program have no net fiscal impact upon the total amount of the General Fund revenue and local property tax revenue allocated to school districts and community college districts pursuant to Section 8 of Article XVI of the California Constitution, as specified.

By imposing new duties on local officials with respect to transferring funds from a country's ERAF, and by expanding the scope of the crime of perjury by requiring the certification of certain information, the bill would impose a state-mandated local program

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Vote: majority Appropriation: no Fiscal Committee: yes Local Program: yes

THE PEOPLE OF THE STATE OF CALIFORNIA DO ENACT AS FOLLOWS:**SECTION 1.** The Legislature finds and declares all of the following:

(a) In recent years the Legislature has created several new opportunities to use tax increment financing, which include the formation of enhanced infrastructure financing districts, affordable housing authorities, and community revitalization investment authorities. While these new tools can be useful to local agencies, they are widely viewed as lacking sufficient financial capacity compared to what existed under the former tax increment financing tool utilized by community redevelopment agencies.

(1) Under redevelopment, all of the growth in property tax (tax increment) within a project area over a base year, net of mandatory pass-through payments, that would otherwise be allocated to cities, counties, special districts, and school districts, was dedicated to redevelopment purposes. Under the new tax increment tools, however, property tax increment from affected taxing agencies other than the initiating city or county can only be dedicated with the approval of the affected local agencies.

(2) While potential local partnerships between cities, counties, and special districts involving new economic development tools continue to be explored by the state and local governments, a reality is that the state and local governments often have other policy and budget priorities, and lack incentives to participate.

(3) The language in the new tax increment laws currently prohibits school districts from participating, largely reflecting state concerns over potential backfill requirements for school funding under the requirements of Proposition 98 of 1988.

(b) The state shares many policy priorities with local governments, including affordable housing and economic development, that can be advanced by creating a new infrastructure financing tool that would focus on the following:

(1) Increasing the production of affordable housing available to very low, low-, and moderate-income families.

(2) Expanding transit-oriented development at higher densities.

(3) Reducing jobs-housing imbalances in areas with high job growth.

(4) Increasing the availability of high-quality jobs through the rehabilitation, construction, and maintenance of housing and infrastructure.

(5) Improving the quality of life in neighborhoods and disadvantaged communities.

(6) Incentivizing growth in urban areas, thereby reducing sprawl and ensuring that open space is preserved throughout the state.

(7) Reducing poverty and caseloads of state and county safety net support programs by incentivizing the training and hiring of affected individuals to jobs where they can be self-supporting.

(8) Protecting communities dealing with the effects of sea level rise, which is one of the most significant threats of climate change.

(c) The Legislature has declared that the policy priorities listed in subdivision (b) are matters of statewide concern. It is therefore appropriate that the state and local governments contribute financially to the realization of these priorities.

(d) By allowing local agencies to reduce their contributions to their county's Educational Revenue Augmentation Fund (ERAF) to fund affordable housing projects and related infrastructure, the state can advance its policy priorities while also protecting funding for schools and limiting effects on the state budget. The state's interests can be ensured and protected in the following manner:

(1) Requiring approval of the newly created Affordable Housing and Community Development Investment Committee, to ensure that the investment of property taxes otherwise allocated to schools through a county's ERAF are used only for projects that maximize state policy benefits while ensuring that an economic analysis projects increased property tax revenues for schools in the affected territory upon project completion.

(2) Offering additional incentives to participating counties and special districts.

(3) Establishing an annual cap on the total affordable housing and community development investment amount that may be approved to be allocated by the Affordable Housing and Community Development Investment Committee, as follows:

(A) Not to exceed two hundred million dollars (\$200,000,000) annually between July 1, 2022, and June 30, 2027.

(B) Not to exceed two hundred fifty million dollars (\$250,000,000) annually between July 1, 2027, and June 30, 2031.

(4) Requiring annual reports to the Legislature on the status of all projects funded through this program.

(e) It is the intent of the Legislature that schools and community colleges receive no less total funding from General Fund and local property tax revenue as a result of the bill.

(f) It is the intent of the Legislature to have the state provide increased funding in an amount that equals reductions in local ERAF funds to the point necessary for schools to meet their minimum funding guarantee pursuant to existing law.

(g) It is the intent of the Legislature that local agencies receive the same amount of excess ERAF as they would have if the program established by this bill were not in effect.

SEC. 2. Section 41202.6 is added to the Education Code, to read:

41202.6. (a) It is the intent of the Legislature to ensure that the program authorized by the Affordable Housing and Community Development Investment Program established by Part 4 (commencing with Section 55900) of Division 2 of Title 5 of the Government Code does not affect the amount of funding required to be applied for the support of school districts and community college districts pursuant to Section 8 of Article XVI of the California Constitution.

(b) The Director of Finance shall adjust "the percentage of General Fund revenues appropriated for school districts and community college districts" for the purpose of applying paragraph (1) of subdivision (b) of Section 8 of Article XVI of the California Constitution in a manner that ensures that transfers from a county's Educational Revenue Augmentation Fund authorized by Section 97.68.1 of the Revenue and Taxation Code shall have no net fiscal impact upon the total amount of General Fund revenue and local property tax revenue allocated to school districts and community college districts pursuant to Section 8 of Article XVI of the California Constitution. The Director of Finance shall make this adjustment effective with the 2022–23 fiscal year, consistent with the start of the grant program pursuant to paragraph (1) of subdivision (a) of Section 55906 of the Government Code. The Director of Finance shall update the adjustment for subsequent increases or decreases in the amount of transfers authorized by the Affordable Housing and Community Development Investment Program.

SEC. 3. Part 4 (commencing with Section 55900) is added to Division 2 of Title 5 of the Government Code, to read:

PART 4. Affordable Housing and Community Development Investment Program

55900. This part is known and may be cited as the Affordable Housing and Community Development Investment Program.

(A) Established or implemented any provision that:

(i) Limits the number of land use approvals or permits necessary for the approval and construction of housing that will be issued or allocated within all or a portion of the applicant.

(ii) Acts as a cap on the number of housing units that can be approved or constructed either annually or for some other time period.

(iii) Limits the population of the applicant.

(B) Imposes a moratorium or enforces an existing moratorium on housing development, including mixed-use development, within all or a portion of the jurisdiction of the applicant, except pursuant to a zoning ordinance that complies with the requirements of Section 65858.

(D) Changes the zoning of a parcel or parcels of property to a less intensive use or reduces the intensity of land use within an existing zoning district below what was allowed under the general plan land use designation and zoning ordinances of the applicant in effect on January 1, 2018. For purposes of this subparagraph, "less intensive use" includes, but is not limited to, reductions to height, density, floor area ratio, or new or increased open space or lot size requirements, for property zoned for residential use in the applicant's general plan or other planning document.

(b) At least 50 percent of the funding provided pursuant to the program and at least 50 percent of the funding of each plan shall be allocated according to subparagraph (A) of paragraph (1) of subdivision (a), to be used as follows:

(1) At least 80 percent of the funds subject to this subdivision shall be used to provide rental and owner-occupied housing for low-income households with an annual income equal to or less than 80 percent of the area median income, subject to the following:

(A) Funds used for rental housing shall have average property-level affordability at or below the maximum level established by the California Tax Credit Allocation Committee to be eligible for low-income housing tax credits at the percentage prescribed in accordance with Section 42(b)(1)(B)(ii) of Title 26 of the United States Code, relating to the method of prescribing percentages.

(B) Funds used for owner-occupied housing shall not exceed 20 percent of the funds used for purposes of this paragraph.

(2) No more than 20 percent of the funds subject to this subdivision may be used for the production of moderate-income housing for households with an annual income greater than 80 percent, but no more than 120 percent, of the area median income.

(3) The rent or sales price of any housing assisted with funds subject to this subdivision shall be in the following amounts:

(A) For housing for low-income households with an annual income equal to or less than 80 percent of the area median income, an amount that is at least 10 percent below the prevailing rent or sales price for the region.

(i) For rental housing, at least 55 years, except as otherwise provided.

(ii) For owner-occupied housing, at least 45 years.

(B) Notwithstanding subparagraph (A), self-help housing assisted with funds subject to this subdivision shall be subject to a recorded affordability restriction for at least 15 years.

(c) (1) Except as provided in paragraph (2), any plan approved pursuant to the program shall be subject to a recorded affordability restriction that requires the project or projects to include a minimum of 30 percent of the total number of housing units to be available at an affordable rent or affordable housing cost to, and occupied by, households earning below 120 percent of the area median income for at least 55 years.

(2) If the local agency has adopted a local ordinance that requires that greater than 30 percent of the units in a project be dedicated to housing affordable to households making below 120 percent of the area median income, that ordinance shall apply.

(d) The affordable housing and community development investment amount shall not be used to subsidize the construction of market rate units. It is the intent of the Legislature to preserve the incentives for affordable housing provided by existing density bonus law.

(e) (1) At least 12 percent of the overall funding for the program shall be set aside for counties with populations of less than 200,000. Of this amount, 2 percent shall be set aside to provide technical assistance for counties with populations of less than 200,000, which shall not be considered administrative costs for purposes of a plan.

(2) Notwithstanding subdivision (a) of Section 55906, to the extent that all funds set aside in one year for counties with populations of less than 200,000 are not dedicated to plans approved by the committee, the amount of funds not dedicated shall be available to counties with populations of less than 200,000 residents in the following year pursuant to this program.

(f) (1) Except as provided in paragraph (2), a project approved pursuant to the program shall be considered a public work and subject to the requirements of Chapter 1 (commencing with Section 1720) of Part 7 of Division 2 of the Labor Code, regardless of whether an exemption under Section 1720 of the Labor Code applies to the project.

(2) Notwithstanding paragraph (1), the approval pursuant to the program of the following privately owned residential projects shall not make the projects public works and subject to the requirements of Chapter 1 (commencing with Section 1720) of Part 7 of Division 2 of the Labor Code if the project would not otherwise be considered a public work and subject to those requirements:

(A) Construction or rehabilitation of a self-help housing project of 10 or fewer units in which no fewer than 500 hours of construction work associated with the homes are to be performed by the home buyers.

- (2) The Chair of the California Housing Finance Agency, or the chair's designee.
- (3) The Chair of California Workforce Investment Board, or the chair's designee.
- (4) The Director of Housing and Community Development, or the director's designee.
- (5) Two people appointed by the Speaker of the Assembly who have knowledge and experience in finance, housing finance, housing planning or development, or land use and planning.
- (6) Two people appointed by the Senate Committee on Rules who have knowledge and experience in finance, housing finance, housing planning or development, or land use and planning.
- (7) One public member appointed by the Joint Legislative Budget Committee who has expertise in education finance.

(b) The committee shall review and approve or deny plans received pursuant to Section 55905.

(c) The Department of Housing and Community Development shall provide the technical assistance and administrative support necessary for the committee to consider plans.

(d) Members of the committee shall serve without compensation, but shall be reimbursed for actual and necessary expenses incurred in connection with the performance of their duties.

55905. (a) A plan for the affordable housing and community development investment amount may be submitted by any of the following:

- (1) A city, county, or city and county.

 - (4) An affordable housing authority established pursuant to Division 5 (commencing with Section 62250) of Title 6.
 - (5) A community revitalization and investment authority established pursuant to Division 4 (commencing with Section 62000) of Title 6.
 - (6) An affordable housing and community development investment agency established pursuant to Division 6 (commencing with Section 62300) of Title 6.
 - (7) A transit village development district established pursuant to Article 8.5 (commencing with Section 65460) of Chapter 3 of Division 1 of Title 7.

(a) The county auditor shall transfer an amount, equal to the countywide affordable housing and community development investment amount, from the county's Educational Revenue Augmentation Fund, up to the amount available in the Educational Revenue Augmentation Fund after complying with subdivision (d), and deposit that amount into the Affordable Housing and Community Development Investment Fund established pursuant to subdivision (b).

(b) (1) The county auditor shall, except as provided in paragraph (2), deposit the countywide affordable housing and community development investment amount into the Affordable Housing and Community Development Investment Fund, which shall be established in the treasury of each county. Moneys in the Affordable Housing and Community Development Investment Fund shall only be used for plans approved pursuant to Part 4 (commencing with Section 55900) of Division 2 of Title 5 of the Government Code, and shall be allocated to the applicant as directed by the committee.

(3) The county auditor shall allocate one-half of an amount specified in paragraph (1) or (2) on or before January 31 of each fiscal year, and the other one-half on or before May 31 of each fiscal year.

(c) For purposes of this section, all of the following shall apply:

(1) "Affordable housing and community development investment amount" for a particular city, county, or city and county means the amount approved by the Affordable Housing and Community Development Committee pursuant to Part 4 (commencing with Section 55900) of Division 2 of Title 5 of the Government Code.

(2) "Countywide affordable housing and community development investment amount" means, for any fiscal year, the total sum of the amounts described in paragraph (1) for a county or a city and county, and each city and county.

(d) This section shall not be construed to do any of the following:

fiscal year by an amount equal to the difference between the countywide affordable housing and community development investment amount and the amount of ad valorem property tax revenue that is otherwise required to be allocated to the county Educational Revenue Augmentation Fund for that fiscal year. This reduction for each school district and community college district in the county shall be the percentage share of the total reduction that is equal to the proportion that the total amount of ad valorem property tax revenue that is otherwise required to be allocated to the school district or community college district bears to the total amount of ad valorem property tax revenue that is otherwise required to be allocated to all school districts and community college districts in a county. For purposes of this subdivision, "school districts" and "community college districts" do not include any districts that are excess tax school entities, as defined in Section 95.

(f) Any transfer of ad valorem property tax revenues deposited in the county's Educational Revenue Augmentation Fund as a result of subdivision (a) shall be applied exclusively to reduce the amounts that are allocated from that fund to school districts and county offices of education, and shall not be applied to reduce the amounts of ad valorem property tax revenues that are otherwise required to be allocated from that fund to community college districts.

(g) (1) A property tax revenue allocation or transfer made pursuant to subdivision (a) or (b) shall not be considered for purposes of determining under Section 96.1 the amount of property tax revenue allocated to a jurisdiction in the prior fiscal year.

(2) The county auditor may deduct its administrative costs related to this section from the affordable housing and community development investment amount before depositing that amount into the county's Affordable Housing and Community Development Investment Fund pursuant to subdivision (a).

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because, in that regard, this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

WHEREAS, The elimination of Redevelopment Agencies left local governments and lawmakers searching for ways to raise the capital needed to invest in affordable housing; and

WHEREAS, Senate Bill (SB) 795 (Beall) would establish the Affordable Housing and Community Development Investment Program, which would be administered by the Affordable Housing and Community Development Investment Committee;

- Affordable housing (at least 50% of available funding);
