WHEREAS, park maintenance staffing has plummeted since its zenith in the early 1970s, but the reductions occurred slowly over the years as Proposition 13 curtailed City revenues; and

WHEREAS, the Landscaping and Lighting Assessment District (LLAD) was originally formed on June 23, 1989 and subsequently approved by the registered voters of the City of Oakland in 1994, to raise dedicated funds for the maintenance of parks, grounds and medians, ball fields, open space; for the provision of custodial services at recreational facilities and free-standing restrooms at parks and ball fields, tree services and streetlights; and

WHEREAS, in 1994, Oakland voters rejected a ballot measure challenging the LLAD and since then Oakland has acquired additional acres of parkland and constructed new recreational facilities; and

WHEREAS, the LLAD currently generates approximately \$20.0 million dollars in revenue annually (including delinquency assessments from prior years) which provides funding to maintain grounds and landscaped medians, open space, pools, and custodial services at about 130 park and recreation facilities, 44 stand-alone restrooms, community gardens and ball fields, and many other recreation-related buildings and infrastructure in the City of Oakland, as well as, pays utility costs for City street lights and water use at parks and fields; and

WHEREAS, costs have escalated, (e.g. utility rates, and personnel costs), and with no provision for a cost of living adjustment (COLA) in the LLAD, by 2005 the General Purpose Fund had to begin supplementing the LLAD, and that pattern has persisted in each budget since; and

WHEREAS, the City will contribute approximately \$8.0 million dollars in fiscal year (FY) 2019-20 from other funding sources for the maintenance of parks and recreational facilities and streetlights; and

WHEREAS, new and renovated parks and plans are being developed primarily funded by voter-supported Measure DD, Measure WW, State Park Bonds and former Redevelopment funds (still funding projects in process); and

WHEREAS, well-maintained parks benefit communities by increasing health and wellness, improving social and environmental inequities, providing green and community resources that increase climate change resilience, and improving community safety and connectedness; and

WHEREAS, bonds and former Redevelopment funds are restricted to supporting the creation of a park or other facility and are not available to fund staff or materials for ongoing maintenance; and

WHEREAS, there have been insufficient funds budgeted to maintain these newly constructed parks; and

WHEREAS, parks require more care as years pass, and deferred maintenance can result in more expensive repairs and renovations; and

WHEREAS, parks and recreational facility maintenance is essential to the accessibility, vitality, and livability of Oakland; and

WHEREAS, in their report titled *Continuing Crisis: The 2018 Report on the State of Maintenance in Oakland Parks*, the Oakland Parks and Recreation Foundation states, "Our parks should reflect Oakland's commitment to becoming a more inclusive and equitable city. While there are some bright spots, there is much work to be done"; and

WHEREAS, Oakland's parks provide spaces for all Oaklanders to be physically active, provide vital green space, generate economic benefits, and protect natural areas; and

WHEREAS, Oakland's parks and recreation centers host a variety of events, including infant and toddler play groups, after-school programs and summer camps for our children, arts instruction to students of all ages, community meetings and events, fitness classes, sports, and many more; and

WHEREAS: The City serves all residents by promoting fairness and equitable outcomes for all City of Oakland maintained region-serving parks and resource conservation areas and provides access to safe, clean and quality outdoor spaces, facilities, and activities that appeal to the interest of all communities; and

WHEREAS, the City is subject to the San Francisco Bay Regional Water Quality Control Board's National Pollutant Discharge Elimination System Municipal Regional Permit (the "NPDES Permit"), which mandates that the City eliminate trash and litter in its storm drain system and in receiving water bodies by 2022; and

WHEREAS, the City has not identified revenue sufficient to meet its obligations pursuant to the NPDES Permit and may face significant legal, financial, and reputational consequences as a result; and

WHEREAS, in addition to being a legal requirement, proper storm drain maintenance preserves quality of life for all Oakland residents by reducing litter, keeping streets and creeks clean, and preventing flooding; and

WHEREAS, the City and greater Bay Area are experiencing an unprecedented housing crisis, resulting in thousands of residents becoming unhoused and unsheltered; and

WHEREAS, helping homeless residents transition to temporary shelter and long term, permanent housing is a top priority for the City; and

WHEREAS, the revenues received from the Act will be expended exclusively for the benefit of parks and recreational facilities, to improve water quality, reduce trash and litter pollution, and provide homeless support services; and

WHEREAS, in accordance with CEQA Guidelines Section 15061, subd. (b)(3), the City finds that there is no possibility that the activity authorized herein may have a significant effect on the environment; and now therefore be it

RESOLVED: That the Oakland City Council finds and determines the forgoing recitals are true and correct and hereby adopts and incorporates them into this Resolution; and be it

SECTION 2. Imposition of Parcel Tax.

There is hereby imposed a special tax on all Owners of Parcels in the City of Oakland for the privilege of using municipal services and the availability of such services. The tax imposed by this Section shall be assessed on the Owner unless the Owner is by law exempt from taxation, in which case, the tax imposed shall be assessed to the holder of any Possessory Interest in such Parcel, unless such holder is also by law exempt from taxation. The tax is imposed as of July 1 of each year on the person who owned the Parcel on that date. The tax shall be collected at the same time, by the same officials, and pursuant to the same procedures as the one percent tax imposed pursuant to Article XIII A of the California Constitution.

The tax hereby imposed shall be set as follows subject to adjustment as provided in Section 4 of this Act:

- A. For owners of all Single-Family Residential Parcels, the Tax shall be at the annual rate of \$148.00 per Parcel.
- B. For owners of all Multiple Residential Unit Parcels, the Tax shall be at the annual rate of \$101.08 per Residential Unit.
- C. The tax for Non-Residential Parcels is calculated using both frontage and square footage measurements to determine total single-family residential unit equivalents (SFE). A frontage of eighty (80) feet for a commercial institutional Parcel, for example, is equal to one (1) SFE. (See matrix.) An area of six thousand four hundred (6,400) square feet for the commercial institutional Parcel is equal to one (1) SFE. For tall buildings (more than five (5) stories), the SFE computation also includes one (1) SFE for every five thousand (5,000) square feet of net rentable area. The Tax is the annual rate \$148.00 multiplied by the total number of SFEs (determined by the frontage and square footage).

LAND USE CATEGORY	FRONTAGE	AREA (SF)	BUILDING AREA (SF)
Commercial/Institutional	80	6,400	N/A
Industrial	100	10,000	N/A
Public Utility	1,000	100,000	N/A
Golf Course	500	100,000	N/A
Quarry	1,000	250,000	N/A
Tall Buildings > 5 stories	80	6,400	5,000

Example: assessment calculation for a Commercial Institutional Parcel with a Frontage of 160 feet and an Area of 12,800 square feet:

Frontage 160 feet ÷ 80 = 2 SFE

Area 12,800 square ÷ feet 6,400 = 2 SFE

2 SFE + 2 SFE = 4 SFE

4 SFE x \$148.00 = \$592.00 tax

D. The Tax imposed by this Act shall be imposed on each Hotel within the City as follows:

1. Residential Hotels. Rooms in a Hotel occupied by individuals who were not Transients for eighty percent (80%) or more of the previous fiscal year shall be deemed Residential Units and the Parcel on which they are located shall be subject to the Tax imposed on Multiple Residential Unit Parcels. The remainder of the Building shall be subject to the applicable tax computed in accordance with the single-family residential unit equivalent formula set forth in Section 2(c) of this Act.
2. Transient Hotels. Notwithstanding paragraph (1) of this subdivision, if eighty percent (80%) or more of the Operator's gross receipts for the previous Fiscal Year were reported as rent received from Transients on a return filed by the Operator in compliance with Section 4.24.010 of the Oakland Municipal Code (commonly known as the Uniform Transient Occupancy Tax of the City of Oakland), such Hotel shall be deemed a Transient Hotel. The entire Building shall be deemed a Non-Residential Parcel, categorized as commercial/institutional, and shall be subject to the applicable tax computed in accordance with the single-family residential unit equivalent formula set forth in Section 2(c) of this Act, and the Tax imposed on Multiple Residential Units shall not apply.

Sections 1437 et. seq.), or successor legislation, for such year. The City will provide this rebate at the end of each year, or when the tenant vacates the unit, whichever is earlier. The City Administrator will promulgate regulations to effectuate this subdivision.

- E. Real property owned by a religious organization or school that is exempt from property taxes under California law is exempt from this Tax. To qualify for this exemption, each religious organization or school seeking such exemption shall submit such information required to determine eligibility for such exemption.

SECTION 4. Reduction in Tax Rate; Rate Adjustment.

- A. Subject to paragraph (B) of this section, the Tax rates imposed by this Ordinance are maximum rates and may not be increased by the City Council above such maximum rates. The tax imposed by the Ordinance may be suspended, reduced or eliminated by the City Council to the full extent allowed by Section 2 of Article XIIC of the Constitution of the State of California.
- B. Beginning for the Fiscal Year 2021-2022, and each year thereafter, the City Council may increase the Tax imposed by a percentage that is up to the greater of:

 - 2. The percentage change in California per capita personal income, as determined by the California State Department of Finance and shown in the Price Factor and Population Information Report issued each May.

SECTION 5. Duties of the Director of Finance; Notice of Decisions.
