RE: A RESOLUTION TO RENAME A PORTION OF YERBA BUENA AVENUE TO MANDELA PARKWAY

SUMMARY

Approval of this resolution will rename a two-block section of Yerba Buena Avenue (from Horton to Hollis) to "Mandela Parkway". (See "Exhibit A" attached.) The cost is approximately \$1,000 to install two new street name signs at Horton and at Hollis. Renaming this segment provides continuity in the street name now that Mandela Parkway has been extended from ')I A Street in Oakland to Hollis Street in Emeryville. Without this name change. the final leg of the

new Mandela Parkway would still be called Yerba Buena. Businesses along this roadway section already use "Mandela Parkway" as their official business address and support the formal name change.

FISCAL IMPACTS

The proposed street name change will result in fabrication and installation of two new street name signs by the Public Works Agency at a cost of approximately \$1,000. Funds are available in the FY 02-03) PWA budget; Traffic Maintenance Organization (30247); Multipurpose Fund (1750); Construction Supplies Account (52512).

BACKGROUND

Caltrans recently completed construction of the Mandela Park-way extension from 3 j,d Street in Oakland to Yerba Buena Avenue in Oakland at the Emeryville border. Businesses along this segment of Yerba Buena began using Mandela Parkway as their new street address shortly thereafter and support a formal street name change.

City procedures for processing a street name change require solicitation of comments from all property owners, real properly managers, tenants, and lessees of those properties that could be affected by the name change. In February 2003, staff polled the seven property owners and businesses along Yerba Buena Avenue that would be affected by the renaming proposal. Staff clearly stated in the letter that a non-response would be construed as support for the street name change. No one responded to City staff opposing the proposed name change.

Although the City will be considering a new policy in July for responding to street renaming requests to honor local residents, the proposal to rename Yerba Buena Avenue represents an unusual situation that will not be covered by the new policy. Since the Yerba Buena request stems from construction of a new street segment where none existed, and it is not intended to honor a local resident, it makes sense to rename this short two-block segment to provide name continuity.

SUSTAINABLE OPPORTUNITIES

Economic: The businesses along Yerba Buena Avenue support this name change as it facilitates access to their property.

Environmental: There are no environmental oppourtunities associated with the proposed name change.

Social Equity: There are no social equity issues associated with the proposed name change.

DISABILITY AND SENIOR CITIZEN ACCESS

The new street signs will conform to signage requirements of the Americans with Disabilities Act.

RECOMMENDATION AND RATIONALE

Staff recommends approval of the resolution for the following reasons: 1) The proposed street name change will not interfere with the public's use of Yerba Buena Avenue; 2) It will provide continuity for travelers accessing or traveling through this area from the new Mandela Parkway extension; and 3) It will be consistent with the street name address currently used by businesses along this 10-block area.

ACTION REQUESTED OF THE CITY COUNCIL

Staff recommends that the City Council approve the resolution.

Respectfully,
An C9F
