# Area 1 Homicides – All Investigated Incidents

01 October 2025, to 31 March, 2026

# Area 1- Captain Steve Toribio

## Public Safety Update and Strategic Collaborative Efforts

### Crime Trends

- Rates for homicide (-13%), aggravated assault involving a firearm (-10%), robbery (-35%), burglary (-47%), and auto theft (-40%) have all decreased when compared to the year-to-date stats in 2024. Rates for all of the above are also lower when compared to the three-year average.

### Community Partnerships

- We continued to build close relationships with our various neighborhood/business districts to further abate crime and the fear of crime through both enforcement and non-enforcement efforts.
- Our Community Resource Vehicle was deployed in Chinatown during Chinese New Year, helping to abate both violent and property crimes.

# Area 1- Captain Steve Toribio

## **Public Safety Update and Strategic Collaborative Efforts**

### **Community Partnerships (cont.)**

- Through collaboration with the Uptown Downtown Oakland Community Benefit Districts, we have leveraged Uptown Downtown technology to expedite the acquisition and processing of video evidence, leading to suspect identification and subsequent criminal arrests.
- Partnering with various district ambassador groups has improved community-police communication, allowing for more efficient abatement of criminal activity and quality-of-life issues.

### **Interdepartmental Collaboration**

- Working with our Community Resource Officers, Foot Patrol Unit, Motors Division, and Ceasefire Section, we have engaged in targeted enforcement and conducted special operations across the Area 1 to address a variety of crime, including gang violence.

Homicides sourced from the Crime Analysis Section homicide log. All other data sourced via Coplink Analytics.

# Area 2 Homicides – All Investigated Incidents

01 October 2025, to 31 March, 2026

# Area 2 — A/Captain David Burke

## **Public Safety Update and Strategic Collaborative Efforts**

- The reductions we see across Area 2 are the result of sustained, focused work by our personnel and partners. High visibility patrol, targeted enforcement in impacted neighborhoods, and strong coordination with CID have all contributed to these outcomes. Equally important has been consistent engagement with community members and business partners, along with ongoing crime prevention efforts, such as environmental design, and public awareness reinforced through Neighborhood Crime Prevention Councils and direct outreach.
- Part I Crime in Area 2 is down 18% and sits 19% below the three-year average. This reflects meaningful, sustained progress in both violence reduction and property crime suppression. These results are not accidental; they reflect disciplined execution in several key areas:
  - Data-driven deployment with clear supervisory accountability
  - Integration of technology, including FLOCK and RTOC, into daily operations
  - Strong coordination with investigative units
  - Consistent, visible engagement with the community and business stakeholders

# Area 2 — A/Captain David Burke

## Public Safety Update and Strategic Collaborative Efforts

### Crime Specific Overview

- **Homicide:** Homicides are down 67% (6 to 2) compared to the same period last year. While any loss of life is unacceptable, this reduction reflects deliberate coordination with the Homicide Section, Ceasefire, CGIC, and RTOC. These partnerships have strengthened information sharing, improved investigative response, and supported focused violence reduction in known hotspots.
- **Aggravated Assault:** Aggravated assaults remain flat year-over-year; however, assaults involving firearms have increased. This reinforces the need to remain focused on armed offenders through intelligence-led deployments, targeted enforcement, and continued coordination with CGIC and investigative units.
- **Robbery:** Robberies have decreased 45% (123 to 68). This is consistent with focused deployment strategies, timely investigative follow-up, and the effective use of technology particularly FLOCK and RTOC—to identify and apprehend offenders.

## Area 2 — A/Captain David Burke

### Public Safety Update and Strategic Collaborative Efforts (cont.)

- **Burglary:** Burglaries are down 12% overall, with significant reductions in key categories:
  - Residential burglary: down 59%
  - Commercial burglary: down 61%These reductions reflect both enforcement efforts and strengthened prevention measures in partnership with the community.
- **Vehicle Theft:** Down 24% (556 to 420), reflecting improved deployment strategies, increased use of technology, and coordinated enforcement.
- **Larceny:** Larceny has decreased 21%, indicating continued progress in addressing opportunistic property crimes through visibility, deterrence, and community engagement.

## Area 2 — A/Captain David Burke

### **Public Safety Update and Strategic Collaborative Efforts**

Area 2 will continue to build on this momentum through precision policing, proactive enforcement, and collaborative problem solving. At the same time, we will remain focused on emerging trends, particularly firearm related violence to ensure these gains are sustained and further strengthened. Efforts will prioritize Ceasefire strategies, with an emphasis on timely referrals for targeted outreach and prevention, while strengthening coordination with the Department of Violence Prevention (DVP). Through this partnership, Area 2 will engage involved parties early, disrupt cycles of retaliation, and reduce the likelihood of continued or escalating violence.

# Area 3 — Captain Alan Yu

# Area 3 Homicides – All Investigated Incidents

01 October 2025, to 31 March, 2026

# Area 3- Captain Alan Yu

## Public Safety Update and Strategic Collaborative Efforts

We remain committed to a comprehensive and collaborative approach to reducing gun-related violence, robberies, and human trafficking in our community. Through close partnerships with the Department of Violence Prevention, Department of Transportation, Vice Unit, U.S. Marshals, FBI Task Force, and community stakeholders, we continue to implement intelligence-led policing strategies focused on enhancing public safety.

### Crime Trends Overview:

- **Homicides:** During the reporting period, homicides decreased by 50%, from 6 incidents to 3, reflecting increased progress in our violence reduction efforts as the previous reduction was 9 to 6.
- **Robberies:** Robberies experienced a significant 30% decrease over the same six-month period, indicating the effectiveness of targeted enforcement and community-based strategies below. This is a continued decrease from 45% last report.

# Area 3- Captain Alan Yu

## Public Safety Update and Strategic Collaborative Efforts

- **Focused Enforcement Initiatives:** Crime Reduction Team and Patrol officers remain actively engaged in combating human trafficking and street-level prostitution—both of which are closely linked to incidents of robbery and gun violence. These efforts are essential in addressing root causes and enhancing overall neighborhood safety.
  - These efforts contribute to the 46% decrease (24 – 13) in shootings this period and 57% (14 – 6) decrease in reported rape incidents as the majority of the shootings and rape incidents are can be attributed to Human Trafficking.

# Area 4 — A/Captain Michael Valle

# Area 4 Homicides – All Investigated Incidents

01 October 2025, to 31 March, 2026

# Area 4 — A/Captain Michael Valle

## **Public Safety Update and Strategic Collaborative Efforts**

Part 1 crimes for Q1 from 2025 to 2026: The largest increases and decreases:

- Homicides noted a 33% increase from 2025.
- The Violent Crime Index overall 28% decrease from 2025.
- Aggravated assaults with a firearm were down by 30%.

In response, Area 4 staff deployed the following measures in an attempt to continue further reducing violence:

- Continued Data intelligence to identify possible groups or gangs escalating violence.
- Continued partnership with DVP (Department of Violence Prevention) who assist with reaching out to involved parties to prevent further violence.
- Conduct robust preliminary investigations to identify suspects involved in criminal activity.

# Area 4 — A/Captain Michael Valle

## **Public Safety Update and Strategic Collaborative Efforts**

- Worked closely with SRS East and Ceasefire which will continue to focus on individuals driving the violence in robberies and assaults.
- Prioritized Ceasefire strategies and referrals with requests for outreach and prevention.
- Engage in meetings with all stakeholders, law enforcement partners and city leaders to include Councilmembers Jenkins and Gallo.
- Reviewed ShotSpotter activity while gathering intelligence and deploying available resources to those areas.
- Engage merchants to identify recent crime trends.
- Partner with Project Dignity and Public Works to reduce blight and increase community quality of life.

## Area 4 — A/Captain Michael Valle

- When possible, have tac units engage in robbery and Violence Suppression to focus on identified locations with increased robberies and aggravated assaults.
- Continue to enforce thorough preliminary investigations (Patrol Officers) while working with our Criminal Investigations Division on follow-up request.
- Work closely with the Special Victims Unit to ensure sexual assault investigations are investigated to the fullest extent possible and make arrests when necessary.
- Ensure continuous community engagement with our CRO's and Foot Patrol officers to identify the concerns and needs of the community in a timely manner.
- Leverage modern technology to assist in the identification of suspects involved in criminal activities.

\* Justified, accidental, foetal, or manslaughter by negligence. Traffic collision fatalities are not included in this report.

Homicides sourced from the Crime Analysis Section homicide log. All other data sourced via Coplink Analytics.

# Area 5 Homicides – All Investigated Incidents

01 October 2025, to 31 March, 2026

# Area 5 – A/Captain William Febel

## Public Safety Update and Strategic Collaborative Efforts

- Area 5's main focus is preventing violent crime, primarily Murders, Shootings, and Robberies.
- Currently Area 5 is down 100% in murders, from 1 last year at this time to 0 this year.
- Area 5 is currently up 10% in Aggravated Assault and down 39% in Robberies.
- In response, Area 5 staff deployed the **following measures** to continue to reduce the increase in Shootings and Robberies:
  - Continued intelligence briefings to identify possible groups or gangs escalating violence.
  - Continued Patrol briefings to ensure all stakeholders have timely and relevant information of the conflicts driving the violence in Area 5.

# Area 5 – A/Captain William Febel

## **Public Safety Update and Strategic Collaborative Efforts**

- Reviewed ShotSpotter activity while gathering intelligence and deploying available resources to those areas.
- Proactive collaboration with DVP (Department of Violence Prevention) who assists with reaching out to involved parties to prevent further violence.
- Prioritized Ceasefire strategies and referrals with requests for outreach and prevention.
- Ensure quality preliminary investigations and canvasses are being completed in the field and in partnership with CID (Criminal Investigations Division).
- Request assistance from CHP to monitor our high injury network areas and locations of robberies.
- Continuous collaboration with CGIC for real time crime response.

# Area 6 — Captain Gordon Dorham

**This report is hierarchy based. Crime totals reflect one offense (the most severe) per incident.**

These statistics are drawn from the Oakland Police Dept. database. They are unaudited and not used to figure the crime numbers reported to the FBI's Uniform Crime Reporting (UCR) program. This report is run by the date the crimes occurred. Statistics can be affected by late reporting, the geocoding process, or the reclassification or unbounding of crimes. Because crime reporting and data entry can run behind, all crimes may not be recorded.

# Area 6 Homicides – All Investigated Incidents

01 October 2025, to 31 March, 2026

# Area 6 – Captain Gordon Dorham

- **Public Safety Update and Strategic Collaborative Efforts**
- Area 6's primary focus is preventing violent crime and supporting local merchants with focused resource deployments.
- Area 6 is experiencing an overall decrease of 23% in Part 1 Crimes.
- Auto Burglaries are down by 43% compared to 2025.
- Robberies are down 43% compared to 2025.
- Aggravated assaults are down 16% compared to 2025.
- Homicides remain even compared to 2025.
- In response, Area 6 staff deployed the following measures to continue to reduce violent and Part 1 Crimes:
  - Continued Data intelligence to identify possible groups or gangs escalating violence.
  - Worked closely with the SRS East Teams and Ceasefire, which will continue to focus on individuals driving the violence.

# Area 6 – Captain Gordon Dorham

- **Public Safety Update and Strategic Collaborative Efforts**
- Prioritized Ceasefire strategies and referrals with requests for outreach and prevention.
- Increased partnership with DVP (Department of Violence Prevention), who will assist with reaching out to involved parties to prevent further violence.
- Conducted weekly meetings with all stakeholders, law enforcement partners, and city leaders.
- Work with local merchants and stakeholders to conduct CPTED evaluations for long-term burglary mitigation solutions.
- Reviewed ShotSpotter activity while gathering intelligence and deploying available resources to those areas.
- Continue to enforce thorough preliminary investigations (Patrol Officers) while working with our Criminal Investigations Division on follow-up requests.
- Worked with Oakland Department of Public Works and the Encampment Management Policy to clean and clear unhoused encampments in accordance with City policies and the law.
