Which Boards would you like to apply for?

Cannabis Regulatory Commission: Submitted

Interests & Experiences

Please tell us how your qualifications and participation will relate to the requested board and/or commission's mission.

I have been an advocate for the cannabis industry for many years and I am confident that my experience qualifies me as a constituent. I have experience curating intentional spaces for mindful cannabis consumption. Establishing refined, third-place spaces for elevated botanical engagement. Engaging with municipal leadership to explore frameworks for lawful cannabis distribution within community, curated events. As well as advocating for the creation of a compliant, safe, and equitable cannabis supply chain, that supports the transition from prohibition to a legal, taxable, and regulated market. I also advocate for the destigmatizing and licensed distribution of therapeutic cannabis. Contributing to the expansion of a compliant, state-licensed cannabis entity. My transportation company (A-Star luxury Car Services) has partnered with top-tier, legally compliant dispensaries, private lounges, and, when available, exclusive farms to offer unique, "behind-the-scenes" access. We provide knowledgeable Connoisseur guides who can educate guests on strains, terpenes, and local cannabis culture. Initiating a dialogue regarding regulatory compliance for controlled, adult-use cannabis distribution at public, hosted events.
